

The Grain Growers' Sunshine Guild

Dear Miss Beaton:—I received a letter last week through you from a lady at Foam Lake who says that she had received a letter from me, but she is mistaken, as I had never written to her. I think she has got pen-names mixed some way, as I am friend No. 2, all right, but she must be mistaken. I got several requests for the boys' clothing that I offered, but sent it to the first person who wrote. I hope those who wrote will see this and will know

Dear Miss Repton:—I have been reading the Sunshine page and enjoy it very much. I wish I could write oftener but as I have five children and do my own work, also sewing, I don't find much time. I keep overalls on the boys and find it saves the stockings. In regard to justice to women, I do think most women are to blame quite a little. If a woman tries to hide things as I know women to do, and not talk things over, they certainly will drift apart. However let us hope that the time is approaching fast when they all see as most of us do and live in close touch with one another. I must say I believe in one purse only, as I have purses have been. I mean one purse with free will towards the contents, as in my case. I must close wishing you every success.

I am enclosing 10c. for which please send me the books, "Maternity" and "How to Teach the Truth to Children." I may call again if you wish.

A BUSY MOTHER.

We will be glad to have you come again.—F.M.B.
