WANT AD HOROSCOPE

JULY 9

Children born on this date should be given special care as they are extremely sensitive and should not be allowed to make companions of sad, gloomy people, or live with those much older than themselves.

These children are fond of pretty clothes, delight in music and the theater and seem to understand all that pertains to art and beautiful surroundings by some instinct not given to other children.

These children also have wonderful memories. They should be carefully nurtured and given plain, simple food to eat.

Many artists and musicians have been born under this sign and governed by this planet which is the Moon.

The Want Ads Will assist the musically inclined this week to find new positions. The Want Ads will also assist in finding desirable boarding places and office positions.

Men DO Read Advertisements

There has been some lively discussion on this subject lately, and at a dinner of advertising men in one of the larger cities recently a prominent advertiser rose and asserted that "after all, very few men read advertisements."

"You are absolutely wrong," retorted another advertising man, the manager of advertising in a department store. "We had a sale of shirts one day last week that was the most successful in the history of our business, 99 per cent of those who came in and bought were men. They came in direct response to our newspaper advertisement."

Everywhere in every station of life men find interest in advertising. It may not be clothing, shoes or hats; but it may be something that relates to real estate, banking, the stock market, to automobiles—to any of the thousand and one things that constantly form the subject of wide-awake advertising.
