Good Homes

Good Pianos

An astonishingly large number of the good homes have Heintzman Pianos. We'd like to tell you the names of a few of them near here.

To have one is a mark of discrimination—a proof that you can distinguish between the tinsel tones of lesser pianos and the golden tones of the Heintzman.

It is a test of good taste as well—the Heintzman Piano is not as showy as some others—but its beauty is the kind that grows on you. You'll begin liking it at once if you see it in our Display Rooms!
