INSPECT FAMOUS STABLE

Indian Head and Regina Men View Bryce's Splendid Stables

KISBEY, Sask., July 11.- Dr. Hart, of Indian Head, and Mr. Price, of Regina, dropped off at our station Balgonians again took the field on Thursday's train from the west against the Pilots in a football on a short tour of inspection. They spent the afternoon driving through their own, as the two Balgonie fullthe famous Percy Valley, stopping at backs were not even pressed suffithey recently purchased, to pay their they had not played before this they recently purchased, to pay their they recently purchased, to pay their they recently purchased, to pay their they recently purchased, they had not played better they recently purchased, to pay their they recently purchased, to pay their they recently purchased, to pay their they recently purchased, they had not played better they recently purchased, to pay their they recently purchased, they had not played better they recently purchased, they had not played better they recently purchased by the pay they had not played better they recently purchased by the pay they had not played by they they recently purchased by the pay they had not played by the pay they had not play they had not played by the pay they had not played by they had not played by the pay they had not played by the pay they h son from the crop growing on this that they could take a licking with section of land, all of which is of Al as good a grace as they could give quality. There stands on this sec-tion one of the best barns in the ance of the goods that were not sold a few), worth over \$3,000, and also off in a very spirited manner. The flags flying are the only things which a rew), worth over \$5,000, and also of in a very spirited manner. The mags flying are the only things which city. Engineer Lowes and his assistant elevated granary, of which there proceedings concluded with a dance, show this is the Twelfth in this town one owned by Thomas Lee and the for thir various homes in the are three in the immediate vicinity;

They took the opportunity to pay their days' entertainment. other by W. B. Empey. a visit to the farm of W. H. Bryce, and though they had heard briefly of what could be seen, especially in horse flesh, at Mr. Bryce's, still their wonder grew as they passed from one department of the Clydesdale family to another. One of the 1907 colts at two weeks was placed in the \$500 ring by a prospective purchaser, but he could not change hands under double that figure. The whole space of this magnificent barn is placed at the disposal of his stock of horses and is being converted entirely into box stalls encased with wire netting for about three feet on top of the stalls. A slight idea of the extent of ground uoor used for this purpose may be gathered from the fact that the wire netting alone cost Mr. Bryce in the vicinity of \$800. He had that day five of his best show horses in Arcola getting shod by Mr.
