Stay on the Farm.

Come boys, I have something to tell you, Come near, I would whisper it low; You are thinking of leaving the homestead Don't be in a nurry to go.

How soon the course down ward begins

The goods are first high and then low; Better risk the old farm a while longer:

The Great, busy West has inducements,

And so has the busiest mart, But wealth is not made in a day, boys;

Don't be in a hurry to start! The bankers and brokers are wealthy;

They take in their thousands or so;

Ah, think of the frauds and deceptions; Don't be in a hurry to go!

The farm is the safest and surest;

The orchards are loaded to-day; You are free as the air in the mounts

And monarch of all you survey;

Better stay on the farm a while longer, Though profit comes in rather slow:

Remember you have nothing to risk, boys
Don't be in a hurry to go!
