

## REMARKABLE INVENTION FOR THE CULTURE OF HAIR

THE EVANS VACUUM CAP is a practical invention constructed on scientific and hygienic principles by the simple means of which a free and normal circulation is restored throughout the scalp. The minute blood vessels are gently stimulated to activity, thus allowing the food supply which can only be derived from the blood, to be carried to the hair roots, the effects of which are quickly seen in a healthy, vigorous growth of hair. There is no rubbing, and as no drugs or chemicals of whatsoever kind are employed there is nothing to cause irritation. It is only necessary to wear the Cap three or four minutes daily.

### 60 DAYS' FREE TRIAL! The Company's Guarantee

An EVANS VACUUM CAP will be sent you for sixty days' free trial. If you do not see a gradual development of a new growth of hair, and are not convinced that the Cap will completely restore your hair, you are at liberty to return the Cap with no expense whatever to yourself. It is requested, as an evidence of good faith, that the price of the Cap be deposited with the Chancery Lane Safe Deposit Company of London, the largest financial and business institution of the kind in the world, who will issue a receipt guaranteeing that the money will be returned in full, on demand without questions or comment, at any time during the trial period.

The eminent Dr. I. N. LOVE, in his address to the Medical Board on the subject of Alopecia (loss of hair) stated that if a means could be devised to bring nutrition to the hair follicles (hair roots), without resorting to any irritating process, the problem of hair growth would be solved. Later on when the EVANS VACUUM CAP was submitted to him for inspection, he remarked that the Cap would fulfill and confirm in practice the observations he had previously made before the Medical Board.

Dr. W. MOORE, referring to the invention says that the principle upon which the Evans Vacuum Cap is founded is absolutely correct and indisputable.

An illustrated and descriptive book of the Evans Vacuum Cap will be sent, post free, on application.

THE SECRETARY, EVANS VACUUM CAP CO., LTD.  
REGENT HOUSE, REGENT STREET, LONDON, W.

We have a large stock of cuts for typical breeds  
of horses.

## HACKNEY, CARRIAGE ROADSTERS, GENERAL PURPOSE AND DRAFT

Your order left at the Reporter office will receive  
prompt and satisfactory attention.

The Athens Reporter

### "HINGE-STAYS" MAKE DILLON TWICE AS STRONG

Short, stiff, hard, steel wire stays make "Hinge-like" joints at every lateral wire on the Dillon fence. These "Hinge-stays" give our fence a greater degree of elasticity—enable it to withstand greater strain. They set like, and really are, hinges—make our fence swing or spring back into shape after receiving a heavy blow, or the unusual pressure caused by a furious bull or other animal endeavoring to push his way through to freedom. Catalogue tells more about this "twice as strong" fence.

The Owen Sound Wire Fence Co., Limited,  
Owen Sound, Ont.

## ATHENS LIVERY

CHANT & LEGGETT Proprietors  
This livery has been recently furnished with a complete new outfit of cutters, buggies, robes, etc., and we can give patrons prompt and efficient service. Every requisite for commercial men.

### BOY WANTED

A boy of 15 to 18 years, with fair education, as apprentice to the printing business.

THE ATHENS REPORTER

### A. H. S. Roll of Honor

In compiling the list of graduates of the A.H.S., Principal Massey was able to go back to only the year 1870. For that and even a later time the record was a little misty and uncertain, so he may be excused for having failed to enumerate some successful students. We have just learned that one entitled to a position on this honor roll is Mr. James Hales, a native of Forfar, now a member of the law firm of Mill, Raney, Hales & Colquhoun, Toronto. Apart from achieving success in his profession, Mr. Hales has won distinction in the Royal Templars and was one of the principal speakers at the recent session of the Grand Council in Toronto.

It has several times been suggested that the A.H.S. hold an old boys' reunion. It would be interesting, and would no doubt bring to our village many to whom the oldest of us would have to be introduced.

### Blind Students Successful

The following paragraph from the Brantford Expositor shows the splendid work that is being done by the provincial institute for the blind in that city:—

Rixon Rafter of Arthur, Ont., who received the degree of B.A. at the convocation of Queen's University, Kingston, on April 24th, and Arthur T. Barnard of Hamilton, upon whom was conferred the degree of M.A. on the same occasion, are ex-pupils of the Ontario Institution for the Blind, Brantford. Sherman C. Swift, another ex-pupil of the Brantford Institution, has just completed a course in the modern language department of McGill University, Montreal, and will graduate with high honors this week. He has flattering testimonials from every member of the modern language staff of McGill, and he intends to apply for a position as teacher of Latin, French, German or English at either a school for the blind or a school for the seeing.

### NOTICE TO U.S. SUBSCRIBERS

Owing to an amendment in the Postage Convention between Canada and the United States, the postage on papers going to the latter country will be increased to one cent for each single copy. As no publisher can afford to issue a newspaper at one dollar a year and pay fifty two cents postage on the same, the REPORTER is forced to increase its price to subscribers in the United States to \$1.50 per year. This change in the law, made without notice, is most unjust to the Canadian publishers, who have thousands of subscribers in the United States, and a number of leading papers, Liberal as well as Conservative, strongly condemn the impost.

Those who have paid for the Athens Reporter in advance will receive it to the amount so paid (free of postage); after next week the Reporter will not be sent to any American subscriber who is in arrears without adding the postage, and a prompt settlement is requested. New subscribers will be charged \$1.50 per year.

### A Main Street Crevasse

Dear Mr. Editor,—Knowing as I do full well the burden which lies upon the individual rate-payer of this village, who withal enjoys the exceptional educational advantages procured thereby, I would not be over critical of the wretched condition of our streets, due to neglected sidewalks and ungraded roadways, but I do think steps might be taken to prevent bog holes on Main street becoming a nuisance to health. I refer to the eyesore in front of the Reporter office, which will soon become malodorous by day and is becoming already melodious by night, producing for the fortunate (?) residents of Reid and lower Main street some old familiar selections of the "Canadian band."

Would it be asking too much of the street commissioners to have the old drain re-opened and let the old thing away.

CITIZEN.

### Royal Muskoka Hotel

This new, modern, up-to-date hotel was opened for the reception of guests in 1901. It is situated in the centre of the finest summer resort region in America, known as the Muskoka Lakes, within easy reach of the principal points in Canada and the United States. The interior of the hotel is planned to the best advantage for comfort and convenience, special attention being given to ventilation and sanitary arrangements. Its spacious suites, with handsome bathrooms attached, are especially adapted to either large or small families. Cuisine and service are the best. Open for guests about middle of June. For further particulars, descriptive matter and all information write J. Quinlan, Bonaventure Station, Montreal, Que.

### A Razorless Shave

The burning of ashes is nothing to the latest discovery. There is consternation among the barbers of England over the invention of a Londoner named Witherington. He has made a paste which removes the beard without the use of a razor in ten minutes. The paste makes the hair so brittle that it can be rubbed off clean with a wet sponge.

### TWEEDY-CHURCH

On Tuesday afternoon in Brookville Rev. S. Sellery united in Marriage Osborne Tweedy of Toronto, to Miss Edith, daughter of Levi Church, a well known farmer of Addison. The bride and groom were unattended and after receiving the congratulations of their friends left for Smith's Falls and Ottawa before settling in Toronto where the groom is a prosperous coal merchant.

The bride, who is a graduate of the A.H.S., is very highly esteemed in Athens, and the Reporter joins most heartily with her many friends in expressing best wishes for her future happiness and prosperity.

### Situation in the West

It would not be easy to exaggerate the gravity of the situation in Western Canada, says the Toronto News. There is scarcity of fuel, a blockade on the railways, a dangerous quarrel between mine owners and their operatives and consequent embarrassment of many important industries throughout the country. The winter has been one of unexampled severity and continuous and effective operation of the railways has been impossible. The mines could not operate continuously owing to the car shortage. Merchandise could not be moved inward nor western products moved outward. Hundreds of cars were stalled in railway yards from Fort William to Vancouver. Finally just as the weather had moderated and relief seemed to be in sight thousands of miners laid down their tools and something like consternation seized upon the whole Western country.

### Catarrh

Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of American counties.

That medicine is Hoo's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.

### Leeds Licenses

At a meeting of the license board, held in Gananoque last week, the following licenses were granted for Leeds district:—

Gananoque—W. F. Stevens, International; Neil McCarney, Provincial; B. Shiels, Brophy House; Geo. W. Genge, Arlington; shops, Wm. Hale, Jas. McParland.

Jones Falls—Thos. Kenney. Westport—J. Mulvihill, C. H. Brennan, P. McParland. Seeley's Bay—S. S. Metcalfe. Toledo—L. H. Wickware.

Newboro—J. J. Nolan, G. W. Preston. Portland—W. H. Murphy.

Jasper—J. S. Doyle. Delta—P. J. Quigley. Lyndhurst—R. Brownbridge. Frankville—Stewart Montgomery. Lombardy—Earl G. Cline.

Elgin—P. J. Fahey. A club license was also granted a club house at Lake Opinicon, on the Rideau, owned by a party of Americans from Youngstown, O.

### Pathetic Ballad

Father, dear father, come home with me now, for ma has some carpets to beat; She's got all the furniture out in the yard, from the front door clean out to the street. The stove must come down and be put in the shed, and the yard must be cleared of some grass, for it's time to clean house and old nick's to pay—and the front windows need some new glass. Father, dear father, come home with me now, and bring some bologna and cheese, it's most 12 o'clock and there's nothing to eat—I'm so hungry, I'm weak in the knees. All the dinner we'll have 'll be cold scraps and such, and we'll have to eat standing up, too, for the table and all are out in the back; oh, I wish that housecleaning was through. Father, dear father come home with me now, for ma is as mad as a Turk; she says that you're only a lazy old thing, and that she shall put you to work.

### School Teachers Salaries

The statistics with regard to the salaries paid to school teachers are especially illuminating. The average salary for male teachers in all Canada is \$486, and for female teachers \$245. The averages by provinces are as follows:

Province.	Males.	Females.
British Columbia.	\$676 84	\$553 08
Manitoba.	487 00	410 22
New Brunswick.	412 52	227 61
Nova Scotia.	384 03	237 66
Ontario.	537 85	307 75
Prince Edward Isl.	246 15	180 03
Quebec.	450 18	188 44
The Territories.	498 12	428 32

### VOICE CULTURE

MISS DIXON, pupil of Madame Blanche Mercey, London, Eng., also a O.P.M., affiliated with the Conservatory of Music, Toronto. A combined system of musical instruction—Tone Production, Diction, History of Music. Pupils taken singly and in classes of four or six. For particulars, apply at Mr. W. C. Dowsley's or the Reporter office.

### Committed Suicide

Delbert J. Landon, a carpenter, 51, committed suicide at his home, 203 Selden street, by taking carbolic acid. Landon had been in ill health for some time and unable to work, and this is assigned as the cause of the deed.

D. J. Landon was born in Lansdowne, Ont., and came to Cass City about 28 years ago. He was married shortly after to Miss Ella Atwell and four children were born to them, three of whom survive, Mae, G. W. and Pearl. During his residence in Cass City, Mr. Landon was interested in a greater part of the time in the planing mill business.

## WILL KISSING BE PROHIBITED

The Osculatory Process Denounced by Scientists as Extremely Dangerous—How the Danger Can be Removed.

A keen discussion is being carried on by some of the best scientists as to the danger and "crime" of kissing, led by Dr. Somers, Health Officer of Atlantic City, and Dr. Nalpas, of the Medical Faculty of Paris. They charge the kiss with spreading grippe, scarlet fever, measles, mumps, whooping cough, typhoid fever, diphtheria, erysipelas, meningitis, tuberculosis, and many infectious skin diseases. They suggest legislation on the subject, and the posting of notices in railway stations, street cars and other public places, but they say it would be useless to post them on verandahs, in cosy corners, porches, shady nooks, or moonlit lawns. They also propose compulsory legislation for methods of disinfection of the mouth and purifying the breath, especially with a view to the protection of the innocent babies who are particularly subject to infection. The greatest and most effective purifier and germ destroyer known to medical science for the mouth, throat and breath, as well as for the blood, stomach and lungs, is PSYCHINE, that triumph of the medical world that is attracting almost universal attention because of the wonderful results attending its use. One of its recent triumphs is told as a matter of experience in the following brief statement:

Dr. Slocum Co.  
I am sending you photo and testimonial herewith for your great remedy PSYCHINE. Your remedies did wonders for me. I was about 25 or 30 years of age when I took PSYCHINE. The doctor had given me up as an incurable consumptive. My lungs and every organ of the body were terribly diseased and wasted. Friends and neighbors thought I'd never get better. But PSYCHINE saved me. My lungs have never bothered me since, and PSYCHINE is a permanent cure.

MRS. LIZZIE GARDNER,  
619 Bathurst St., London, Ont.  
PSYCHINE, pronounced Si-keen, is admitted to be the most wonderful of all disease and germ-destroying agencies. For building up the run-down system and curing all forms of stomach troubles and diseases of the chest, throat and lungs or head, it is simply unapproachable. It is a reliable home treatment. For sale at all druggists, 50c and \$1.00, or Dr. T. A. Slocum, Limited, 179 King Street West, Toronto.

## Dr. Hugo's Health Tablets for Women

Make Healthy Women.  
Whether you believe it or not, this incontrovertible fact remains. These tablets will change weak and diseased organs into strong, healthy organs; fast with some, more slowly with others, but sure and absolutely certain with all who persist in their use, except the few beyond the help of medicine. Disease, even chronic, will then disappear as these organs are restored to their normal conditions. These tablets are now recognized beyond doubt or question as best adapted to the special needs of women. Soc. at dealers or by mail, B. N. Robinson & Co., Coaticook, Que.

If you wish to be successful attend the
