Stomach trouble is but a symptom of, and not in itself a true disease. We think of Drippenia, Hearthurn, and Indigestion as real diseases, Ji they are symptoms only of a certain specific Merre sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Exemedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital princip much lasting accomplishments were ever to be had.

For stomach distress, bloating, billousness, bad breath and sallow complexion, say Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. ## GET WHAT YOU WANT

The "Just as Good Kind" Never Pays.

If there is one thing more than an other that should aggravate a self-respecting person, it is to be told that the article they ask for at their druggist's is not to be had, but that they can have something "just as good or better." The principal reason for such attempts at substitution is either the desire of the storekeeper to sell something on which he can make more money, or he hasn't the goods asked for, and wants to make a sale of some-

thing in its place. Every reader of this paper should bear in mind when a king for Vinol, the modern cod liver oil preparation that it is for sale in Athens at our store, only, and that it can always be had when asked for

The reason Vinol is so far superior old-fashioned cod liver oil and emulsions is because it is made by a scientific, extractive and concentrating process from fresh cods' livers, combin ing with peptonate of iron all the medicinal, healing and body building

elements of cod liver oil, but no oil. As a body builder and strength cre ator for old people, delicate children weak, run-down persons, after sick ness, and for Chronic Coughs, Colds, Bronchitis, and all throat and lung

troubles, Vinol is unexcelled. No one wants an old fashioned cod liver oil preparation or emulsion after once tasting delicious Vinol. Try it If it fails to benefit we will return your money. J. P. Lamb, Druggists,

### WON A MEDAL

In the great Herald race "around the mountain" at Montreal on Thanks-giving Day, Mr Melvin Milroy of Athens won honors for himself and for the Brockville Harriers' Club, of

which he is a member.

The race created widespread interest and some of the best of amateur athletes in Canada were among the 216 that started in the eleven-mile trial of speed and tendurance. Athens' repre sentative held a good position among the little bunch of leaders and with plenty of reserve force was prepared for a scorching finish when he met with a mishap that greatly marred his with a mishap that greatly marred his chances. In the crowded streets a cab ran over one of his feet, injuring it to an extent that made running the rest of the race anything but pleasant, and causing him to drop from fifth to ninth place, which was his position at the

## DOCTORS USING PATENT MEDICINES

to Cure and Uses the Best Available Remedies.

The proposed legislation through the Dominion Parliament for the regulation of the manufacture and sale of patent or proprietary medicines is of the utmost importance, and it is receiving a great deal of attention, not only by the proprietary medicine manufacturers, but also by the leading doctors and druggists. Every manufacturer of reliable and high class remedies welcomes the bill as a step in the right direction. The discussion has brought out the fact that the best physicians in Canada and on the continent approve of and prescribe Psychine in cases of the most difficult character. In a recent instance of very serious throat and lung trouble the patient had been using Psychine. Two leading United States specialists were consulted, in addition to two eminent Canadian physicians. Upon learning what the patient was using, a sample of Psychine was taken and analyzed, with the result that the physicians advised its continuance. They prescribed no other medicine but Psychine, with the result that the patient has fully recovered and is a shability welling and talking advantage. receiving a great deal of attention, "In a town back in Vermont one time," said a doctor, "a big, husky lumberman entered the office of a den-Psychine, with the result that the patient has fully recovered and is a splendid walking and talking advertisement for the wonderful curative power of a remedy that will "stand up" before the keenest professional criticism and analysis. As a builder up of the system and restorer of all wasted conditions, Psychine has no equal, and the best and most earnest physicians recognize this fact.

"At the age of 25 my lungs were in a terrible state. I had la grippe the year before; it settled on my lungs and I kept steadily growing worse till I got down so low I was in bed for six weeks. I had a consultation of doctors, and they said they could do nothing more for me. Then I started use Psychine. I took the medicine for more than a year. It certainly did wonders for me I am now as strong as I was before my sickness."

Psychine, pronounced Si-keen, is the bad tooth. The dentist decided that the tooth should be pulled.
"'All right," said the lumberman. But listen now. If I tell you to stop, you stop pulling or I'll beat you up.'
"The dentist agreed, and the lumberman got in the chair. The dentist took hold of the tooth and began pulling. Almost immediately the lumberman yelled, 'Hold on!'
'The dentist continued to pull. 'Hold on!' yelled the lumberman. The dentist kept pulling, and the tooth came out. Then the lumberman jumped from the
