Chicago has more prisoners awaiting trial for murder than any other large city in the world with the exception of St. Petersburg and Rome. A young lad who was hanging on an ice wagon had a miraculous escape from being seriously injured in North Chatham Monday. The little chap was standing on the step of the ice wagon, and he attempted to get off, he was run into by a horse and buggy which was coming the other way. The horse knocked the child down, but the driver pulled it to a halt before the wheels of the carriage had reached the child. Ed. Wanless, who was near at the time of the accident, says it was one of the narrowest escapes he ever witnessed. The little fellow got up and ran off very little the worse of his experience.

Two young daughters of Mr. and Mrs. James Macdonald, of Lorne street, and a young lady who accompanied them, had a narrow escape from drowning in the river yesterday.

The young lady and the little girls were standing on the trunk sewer which carries into the river at Lorne street, when they slipped and fell into the water. Luckily George Mounter, who can swim, was near at hand, and helped the unfortunates out of the stream, but not before they were pretty badly frightened.

The Rev. Stephen Bond, of the London Conference, preached his jubilee sermon on Sunday, July 22. Fifty years ago, on July 17, he began his very successful ministry on the St. Mary's Circuit, taking as his first text I. Timothy 3, 11. "According to the glorious gospel of the blessed God, which was committed to my trust." This was also the text used on the occasion of Mr. Bond's jubilee sermon. We extend sincere congratulations on this unique event. So far as his friends can judge, Mr. Bond is good for, at least, ten more years in the active work of the ministry.—Christian Guardian.
