S. STEPHENSON, PROPRIETOR.  
Business Office 25. Mail Room 20.  
SATURDAY, NOVEMBER 17, 1906.  
THE TWO CANDIDATES.

The candidatures of H. S. Clements, M. P., and Geo. W. Sulman, who will uphold the Liberal-Conservative standards in the coming election contests, are meeting with general approval. Those who are acquainted with these two gentlemen recognize in them excellent material for political honors, and the universal opinion seems to be that the West Kent Conservatives have put a winning team in the field.

This impression does not exist in the constituency of West Kent alone. Mr. Clements' reputation for conscientious representation has been heralded over the biggest part of this province at least. His public actions have been noted and commended by people in many places outside of this riding, and the unanimous opinion is that he is an energetic, straightforward and honest parliamentarian. Mr. Sulman has been brought before the public gaze in many ways and he is everywhere looked upon as a man of extraordinary business and executive ability.

Among the Conservatives in the neighboring constituency of East Kent, there is a feeling of confidence in her sister riding to the west. The Ridgeway Dominion, this week, joins with the many in extending congratulations to the West Kent Association on their splendid choice. It says:

"Mr. George W. Sulman, who has been nominated for the Provincial Legislature by the Conservatives of West Kent, is a well known young business man of the city of Chatham. Mr. Sulman has served Chatham with credit as alderman and mayor, and is popular with everybody."

"It was a foregone conclusion that Mr. H. Clements, M. P., would be re-nominated at the West Kent Conservative convention on Saturday. Mr. Clements is a capable and energetic member who not only has rendered West Kent good service but has made a distinct mark in Parliament."

"Mr. J. M. Pike is the new President of the West Kent Liberal Conservative Association. Capable and active, a good platform man, approachable at all times, no better choice could have been made. Mr. Pike will do everything possible in an honorable way to ensure success."

The Chatham News publishes a ghost story about the formation of a new riding in Kent County. — Ridgeway Dominion.

The slang expression "23," according to The Boston Advertiser, comes from New York and is a police and hospital term. The psychopathic ward in Bellevue is numbered 23. When a person arrested shows any sign of insanity he is sent to Ward 23, and the police have become accustomed of saying, "Twenty-three for him," as they send him to the hospital.

The Ridgeway Dominion, in commenting upon the election of Rev. W. H. G. Colles to the Advisory Council has the following to say: "We must congratulate Rev. W. H. G. Colles, I. P. S. for East Kent, upon his election as a member of the Advisory Council of Education for this Province. The election of Mr. Colles not only honors that gentleman but likewise East Kent, and the news will be received with pleasure by the people of this western part of Ontario, where Mr. Colles is best known."

A letter from Rev. Dr. Moore, secretary of the Canadian Association for the Prevention of Tuberculosis, published in the Ottawa Citizen, reveals a notable spread of the agitation against spitting on the streets and in public places. By-laws governing in the case have been adopted in a number of cities and towns, but we have yet to learn that there has been any general enforcement of their provisions and execution of penalties. Sufficient time has elapsed for the public to become acquainted with the law and now a little enforcement would have a heart-felt influence.

It looks much as though Chatham will make a big bid for Niagara power. Ald. C. Austin, chairman of the Industrial committee, is in correspondence with A. V. Bax, secretary of the power commission at Toronto, and has been informed by that gentleman that though there has not yet been sufficient applications made for power west of London, it is possible that if Chatham and Windsor both apply that power can be supplied to both of the Western Ontario cities at reason-

FROM PLANET FILES OF HALF A CENTURY AGO

Taken from The Planet files from Sept. 21, 1865, to Oct. 4, 1865.

Robbery—On Saturday evening last about half-past ten, as Mr. J. J. Stevens, grocer, of this town, was on his way home, accompanied by his wife, he was met by two colored men, when one of them struck him on the head with a club, which made him senseless. They knocked his wife down and took the cash box from her. The box contained about \$288 in money and some papers. When Mr. Stevens recovered from the blows the parties were out of sight.

Joseph Bonaparte died at Rome from cholera.

The Zone branch of the Kent Agricultural show was advertised to take place in Bothwell on the 11th of the following month. The ad. announced that dinner would be served at Griffith's Hotel the same evening.

Queen Victoria, who had been ill, was reported to be entirely recovered from her indisposition.

The French threatened an invasion of England.

In consequence of the rapid increase of trade between Chatham and Detroit, the proprietors of the upper cabin steamer Ariel have been induced to withdraw her from the route between Chatham and Detroit. She makes her first trip to-day, and left her dock at the Rankin warehouse well loaded with freight and passengers. Mr. Wm. Odgen is captain and Mr. A. E. Jerome is clerk. The agents at Chatham are Messrs. Lamont and Coats.

able prices. Here is a chance for Tibury.—Tibury Times.

A writer in the Canadian Churchman makes these timely and sensible remarks:

"The approach of winter suggests closely sealed houses and unpleasantly stuffy churches. Providence has arranged for the free circulation of air all over the planet, and man has apparently set his face to negative the generosity of nature. We say 'man,' advisedly, for salvation in this case certainly comes of women. That peculiarly feminine instinct for wide open windows has saved the situation. When the head of the household has remonstrated in vigorous terms against heating the 'whole outside,' as he contemplates the departing contents of his coal bin, he does not always realize that he is getting life and health in exchange. Just why women should possess a monopoly of common sense on the question of fresh air we do not know, but that appears to be the case."

## PREMIER'S STATEMENT

Mr. Whitney Says a Matter of Evidence Led Up to the O'Brien Mine Settlement.

Premier Whitney, in response to questions put to him yesterday afternoon by the newspaper men at the Parliament buildings respecting the settlement in the O'Brien mining case, made the following statement: "Mr. Ritchie, K.C., who acted so successfully for the Government in the Hargrave mining case, acted also for the Government in these two cases against O'Brien and others. He has been engaged on the case for some time, and examined the defendants under oath at great length, and thus found out the answers they would make to the charges made by the Crown when the case came on for trial. The onus of establishing these charges by legal and preponderant evidence was on the satisfaction of the court was on the Crown. In view of all the evidence that the Crown could find would be presented at the trial by both sides, he advised that negotiations be had with a view to a settlement. As a result of these negotiations the settlement ultimately arrived at was deemed to be a very satisfactory one for the province, and he recommended the same to the Government. He then went into the matter very fully with the Cabinet, and it was decided that the terms of the proposed settlement be accepted.

What the Government Receives. "The defendants are to bear all the costs and the expenses of mining; the Government bears no part of that cost, and receives 25 per cent. of the ore at the pit's mouth. This, of course, is much better than a 25 per cent. interest in the mine. In making a settlement of a law suit one has to bear in mind not only what one thinks or suspects may be the true facts, but also whether the same can be satisfactorily established by the evidence which is available and which can be accepted by a court. "During the trial of the Hargrave case and after it had proceeded for a time the trial judge intimated to the counsel for both parties that he considered it to be a case where the parties ought to confer and see if a settlement could not be arrived at. They held a conference, but could not come to terms."

SCOTT, K. C., NOMINATED.

Conservative Candidate in East Hamilton Criticizes Government.

Hamilton, Nov. 16.—J. J. Scott, K. C., was last evening nominated for the Legislature by the Conservatives of East Hamilton. Mr. Scott said, in accepting, that he had his own opinions about things and was not afraid to express them. He was not satisfied with the way Hamilton had been treated in the matter of the Ontario Normal College, and he said he would not be satisfied unless the Government established a technical college in the city.

He also dealt with the strike situation, and said that it was up to the Ontario railway and municipal board to step in and take control of the railway. He also condemned the prison labor contract, and expressed the belief that this mistake would not be repeated. The meeting was enthusiastic, and Mr. Scott's remarks were greeted with applause.

'FRISCO'S MAYOR INDICTED.

Alleged to Have Forced Money From Restaurant Keepers.

San Francisco, Cal., Nov. 16.—The grand jury yesterday returned five indictments against Mayor Eugene Schmitz and Abraham Ruef, on charges of extortion. On each charge the bail was fixed at \$10,000 and bond at \$5,000.

The first alleged crime was in connection with the Poodle Dog Restaurant, and the indictment recites that Ruef and Schmitz demanded money from the proprietor, Toby Banco. As the demand was made, it is said, on two occasions, two indictments were returned.

That extortion was practiced on Edward Marchand, proprietor of the Marchand's Restaurant, is based on two more indictments. A demand made upon Jos. Malfanti, another restaurant man, is the alleged offence on which the fifth indictment was found.

It takes more than indelible ink to write for posterity.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. FORCIBLE FACTS.

One-sixth of the deaths from disease are due to consumption. Nine-tenths per cent. of all those who have used Dr. Pierce's Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured. Cornelius McCawley, of Leechburg, Armstrong Co., Pa., has an eighty-one hemorrhages. He says: "My doctor did all he could for me but could not stop the hemorrhages, and all gave me up to die with consumption." What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured his case. This is one case out of thousands. Investigate the facts. Free! Dr. Pierce's great work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay cost of mailing and custom. Send 31 one-cent stamps for paper-covered book, or 50 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

OVERTAKEN BY NAUSEA.

You don't know if it's going to stay down or come up. You feel like thirty cents and look even worse. If it's quicker than another, it's "Nervine." Ten drops in sweetened water gives relief instantly. Almost like magic is the change you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Polson's Nervine is so trustworthy and economical, a bottle at home wouldn't be amiss. Large ones for a quarter at all dealers.
