HIS NECK WAS BROKEN

Another Trolley Fatality in the City of Toronto.

Extra Motorman Julius Epsery Got off One Car and Ran In Front of Another—Death was Instantaneous—Accident Occurred Just Opposite His House—His Wife Left on Tuesday to Visit Friends in Nova Scotia.

Toronto, Nov. 9.—There was another street railway fatality last night. The victim was one of the company's employees. At 7.30, Julius Epsery, 1,273 Dundas street, jumped off a westbound car and walked in front of a car coming east. The fender caught him and he rolled off the side, half-way in under the car, which was stopped before he was touched by the wheels. His neck was broken, his right leg broken below the knee, and a cut over the left eye, supposed to have been caused by his head striking the rim of the lamp in front of the car.

Motorman Alex. Newell, 95 1-2 Fuller street, says he dropped the fender immediately and stopped his car inside or 5 feet. Newell has been a motorman for about four years.

Deceased was 30 years of age, and was an extra man. He had just reported off duty at the Roncesvalles avenue barn, and was on his way home. It was opposite his house where he met his death. He was married and his wife had only left on Tuesday to visit friends in Big Pond, C.B., Nova Scotia. The chief of police there was wired by the company to notify her of her husband's death.

The body, by order of Chief Coroner Johnson, was taken to Millard's undertaking establishment, where an inquest will be commenced to-night at 8 o'clock by Coroner Wilson.

W. G. Gray, a street railway motorman, fell off a car last night, broke a bone in the left arm, and received a cut on the nose. The pole on the car ahead of him was out of order. He climbed on top of the car to fix it. A bell was rung, the motorman on the car thought it was a signal to go ahead. He started the car, which caused Gray to lose his balance.

BOY SHOT DEER HUNTING.

Gun Accidentally Discharged—Body Found By His Father.

Sault Ste. Marie, Ont., Nov. 9.—A fatal gunning accident happened at Echo Bay, 15 miles east here, Tuesday afternoon.

The 15-year-old son of Mr. and Mrs. Thomas Vaughan, who are in the employ of the McFadden & Malloy Lumber Co., was shot through the heart with a bullet from a Snyder rifle which is believed to have been accidentally discharged while the boy was taking it from a boat in which he had gone alone up the Echo River to hunt deer. He was found lying dead on the shore by his father.

Mr. and Mrs. Vaughan came to the Soo yesterday with the body, and will have it removed to their former home at Sittsville, Ont.

Tragedy At Norwich—Asphyxiated While Cleaning Tub.

Norwich, Nov. 9.—A sad affair occurred here yesterday morning about 3.30, whereby Mark Robinson lost his life.

He was employed at Allen's vinegar works and was engaged in clearing out an empty tank.

He was overcome by the gas and before his fellow workmen could rescue him, he was dead.

He was a married man.

NEW ELECTIONS IN A WEEK

Three School Board Vacancies to be Promptly Filled

Plumbing Contract at Central School Being Negotiated—Special Meeting

Nominations to fill the School Board vacancies caused by the resignations of Messrs. Paxton, Jensen and Robertson, will likely take place on Wednesday next, while, if a poll should be demanded, it will follow a week later.

Such, at least, was the decision arrived at by the School Board on the advice of its solicitor, at its special meeting last evening. Mr. Atkinson advised that under Section 59 of the Public School Act, it was compulsory to hold an election to fill the vacancy caused by the retirement of Mr. Paxton, who has 14 months of his term yet to run, at once, while with the others it was optional.

Dr. McKeough moved that, in view of the solicitor's advice concerning the Paxton vacancy, elections be held for all three vacancies. It was no extra cost to deal with the Paxton and Jensen vacancies in Ward 2, and it was only fair to Mr. Robertson, if he so wished, that he also should have an opportunity to go before his constituents. He moved, therefore, that the secretary notify the City Clerk to issue the proclamation calling for the nominations on the statutory six days' notice.

Mr. H. W. Ward seconded, and the resolution carried unanimously. On motion of Mr. Drader, the Central School managers were empowered to purchase door checks and foot stools.

D. A. Ferris was heard relative to his fire extinguisher—a matter the Board will consider at its next meeting.

Mr. McArthur called attention to the fact that the plumbing contractors on the Central School were a month behind the stipulated time. "It's time to call a halt on this dilly-dallying," he firmly declared.

Other trustees agreed and were of the opinion that the work needed watching, now that Mr. Paxton was not there to inspect and follow it. The chairman was authorized to negotiate with an expert in Windsor for the purposes of inspection and overseeing.

There were present at the meeting—Chairman Morley, Trustees Dr. McKeough, Drader, McArthur, Lenfesty and Heyward, Secretary McComb and Principal Flewce.

Anti-U. S. Feeling Intense.

Hong Kong, Nov. 9.—Advices from Canton say that the anti-American feeling there is growing more intense. A lady was spat upon in the street, and the American Consul, Julius G. Lay, has received an anonymous letter, threatening his life if he imprisons boycotters of American goods are not released. The Consul has written to the Viceroy asking him to prohibit an anti-American mass meeting which it is proposed to hold in Canton, but the Viceroy has apparently refused. The Consul yesterday proceeded to Lo-chau in order to make an official investigation of the recent massacre of American missionaries there.

Hired Man's Revenge.

Quebec, Nov. 9.—High Constable Merewether yesterday arrested William Burroughs of Eden Mills, in connection with the Erasmus horse poisoning case. Burroughs, who had been employed by Dickson for two years as a hired man, confessed and said that he had the Paris green hid since June, and intended to use it in an attempt to get even with Dickson and Grasley, the latter of whom was to have driven the team at the plowing match.

Demonstration Against Turks.

Paris, Nov. 9.—The negotiations between the powers for a naval demonstration against Turkey, while agreed upon in principle, have not reached their finality owing to Russia's internal conditions, making it difficult for her to take the initiative with Austria.

Professor Drops Dead.

Quebec, Nov. 9.—Frederick De Kastner, professor of French in the Quebec high school, dropped dead yesterday morning while teaching class, from heart disease. Deceased was 65 years old, a native of Algeria, but a resident of Quebec since a young man.

Not Guilty.

Port Arthur, Nov. 9.—Lescarbo, who was on trial for a charge of arson, was found not guilty last evening. The jury were out four hours.

Crooked Work in Kentucky.

Louisville, Ky., Nov. 9.—Managers of the fusion party last night announced that they had decided to contest in the courts the election of Democratic municipal officers and members of the Legislature. It is alleged that in four teen precincts no election was held at all, owing to the disappearance of the election paraphernalia.

It is a mistake to suppose that all women are peace-makers who make up.

TAMMANY'S BLACK EYE

Mr. Hearst Declares He Will Have a Recount of Votes.

Confident That An Honest Count Will Eject McClellan as Mayor of New York and Put Him Into the Seat—Ivins, Defeated Republican Nominee, Declares He Believes Hearst Was Elected—Jerome's Election.

New York, Nov. 9.—A campaign to defeat Tammany Hall in the Supreme Court and to declare William R. Hearst the rightfully elected mayor of New York Tuesday in place of George B. McClellan, was inaugurated at a crowded meeting of Municipal Ownership League leaders yesterday. At its close Mr. Hearst said:

"We are going to fight to-day, to-morrow, next month and next year to make it possible for a man to cast an honest vote and to prevent in the future conditions as disgraceful as they were yesterday, especially in Sullivan and Murphy's districts and we will exact every legal means to have every ballot honestly counted. We are receiving voluntary offers of money from business men to aid us in this appeal."

His lieutenants then announced evidence that 20,000 Hearst men were deprived of their right to vote Tuesday and that 1,000 election inspectors were the legal acts, and that the contest would be carried immediately over the heads of the board of county canvassers into the Supreme Court. They said the object of this plan was to secure a speedy and final answer and that money was not to be spared in engaging special counsel to make this plan succeed.

Makes Them Think Some.

That the city was profoundly stirred yesterday by the charges of fraud and the manner in which returns were brought in last night may be judged from the following extract from The Evening Post, which paper opposed Hearst throughout the campaign:

"Proffers of support have been coming to Mr. Hearst all day. Men who did not vote for him or his ticket—who, indeed, on the day before yesterday, were talking about 'anarchy'—came to pledge themselves against what they term 'an intolerable offence against order and the American form of government.' What the offence is, in detail, is being told in affidavits."

"In Williamsburgh an election official who took the ballots into a closet and locked himself in there with them to count them, has been arrested and the ballots seized and sealed up for examination later. Staten Island returns, which, showing Hearst leading, suddenly were interrupted and then showed McClellan in the majority, is being looked over. The reason for holding back 139 districts of Manhattan, with the moment when McClellan was running a thousand behind, and keeping them unannounced for two hours, is also being investigated."

Ivins Says Hearst Won.

William M. Ivins, the defeated Republican candidate for mayor, warmly commended Mr. Hearst's preparations to demand a recount. Mr. Ivins said: "I am very glad to think that Mr. Hearst is going to require a recount of the vote. Tammany Hall had at its command not less than a million dollars, and I believe that every purchasable vote was purchased. The shamelessness with which Tammany Hall taxed the civil servants and drew upon the resources of Wall street, has never been surpassed. One of the marked features of yesterday's election was the breaking down, through the use of money, by Tammany Hall, of the Hearst election machinery. If Mr. Hearst had had a good working organization behind him he would have been overwhelmingly elected. Mr. Hearst and Mr. Jerome have a great work cut out for them. Mr. Hearst's vote is indicative of profound and very largely justifiable dissatisfaction with political managers, and with aimless corporate management."

"I feel sure that if it were possible to eliminate Tammany Hall's corrupt vote, Mr. Hearst would lead the poll."

Tammany Suffered Severely.

The election of T. Jerome, independent, as district attorney, is a severe blow to the Tammany organization, which exerted all the force at its command to defeat him. The board of aldermen, too, is lost to Tammany, they having but 25 members of the board against 34 Republicans and 9 municipal ownership members.

Tammany also lost 12 members of the State Assembly from New York County, and the Assembly, when it meets in Albany on June 1 next, will be Republican by more than 3 to 1.

District Attorney Jerome announced yesterday that he will do all he can to see that there is a fair count of the vote for mayor. He gave orders to his assistants that the returns from the 18th and 6th assembly districts be guarded carefully. Charles F. Murphy is leader of the 18th, and Timothy D. Sullivan of the 6th district.

Murphy, leader of Tammany Hall, refused yesterday morning to comment on the result of the voting.

After a secret session of the executive committee of Tammany Hall held yesterday afternoon, it directed its law committee to exert its best efforts and take such steps and institute such proceedings as well safeguard the election of Geo. B. McClellan as Mayor of New York.

The complete returns give McClellan a plurality of 2,485 votes, the smallest ever recorded for a successful mayoralty candidate, and a result which might readily be reversed by a recount of the ballots.

Jealousy is a tree that is capable of bearing fruit with very little nutriment.

BRITAIN FILES A PROTEST.

Objects to British Columbia and Quebec Tax On Travelers.

Ottawa, Nov. 9.—The imperial board of trade on behalf of British business interests, has directed a despatch to the Canadian Government, voicing the strong protest of old country exporting houses against the Quebec commercial travelers' tax. In its communication it gives a list of the countries where taxes are imposed on commercial travelers. This goes to show that none of the more enlightened nations of Europe put any such restrictions on international trade.

The despatch came before the Dominion Cabinet at its last meeting, and will be brought to the attention of the Quebec authorities.

The Trade and Commerce Department is understood to have reported some time ago in favor of disallowing both the Quebec and the British Columbia travelers' tax bills on the score of interference with trade. The Minister of Justice, however, is of the opinion that the British North America Act would afford the Dominion no justification for vetoing the legislation.
