

A LARGE NUMBER

of Accounts have been paid during the past week—owing to the advice they received in the last "Post"; however a few have taken no notice of the warning, and for the benefit of those few we will not put any costs on them for a few days longer. Now it is much easier to pay five dollars than it is seven, or eight dollars than it is ten, and magistrates and constables bills soon run up; so please govern yourselves accordingly and don't blame me.

CENTRAL SCHOOL.—Owing to the illness of Mrs. McCord her room in the central school has been closed.

SOCIABLE.—The third sociable of the season will be held at the residence of Mrs. Capt. Milner's, Westcott, on Tuesday the 16th, at 7 p. m. A mixed entertainment of music, charades, songs, readings, etc., will be given. Proceeds in aid of the furnace in St. Paul's church, Sackville. All are cordially invited.

READING ROOM.—The W. C. T. U. reading room is being well patronized lately and numbers of our young men find it an attractive centre. All the leading provincial and weekly periodicals are on file, and the parlor is well supplied with standard works. Miss King in charge is obliging and attentive.

Y. P. S.—The Young People's Society in connection with the Baptist Church will hold an entertainment at their hall at Lower Sackville on Sunday evening next at 7 o'clock. The discourse of the evening will be on the Grand Ligne Mission, and the entertainment will consist of readings, recitations, etc. A silver collection will be taken up for the above missionary purposes.

NURSERY.—Mr. Geo. B. Nugent, florist, well known in Sackville is in town in the interests of Stone & Wellington, nurseries of Montreal. Parties desiring good garden stock will do well to inspect his samples. Mr. A. J. Allen, of Cape Tormentine, is representing at that place the reliable house of Brown Bros. and Co., of Toronto, whose advice appears in another column. This house has established a reputation for the quality and reliability of its goods.

MISSION BAND.—The missionary meeting held by the members of the Mission Band at Bethel, last Sunday evening, proved very interesting to the large audience that had assembled there. This body of young people, of whom we are not in their teens, organized themselves into a society for the purpose of helping the new mission at Rogers, and are now busily fulfilling their part. They have lately added the temperance pledge to their society, and henceforth will be called the Blue and White Ribbon Band.

ACCIDENT.—While Mr. DeWitt, representing Wells & Richardson, of Montreal, was driving from Pt. de Bute to Sackville on Friday afternoon last one of his horses plunged his forward leg into the deep snow and endeavoring to free itself was badly cut by the snare of the shoe of another horse, which necessitated Mr. DeWitt leaving his horse on Cole's Island. The animal will probably be laid up for the winter. Mr. DeWitt purchased a horse in Sackville and left town on Monday.

PERSONAL.—Senator Poirer registered at the Intercolonial Hotel on Tuesday.

—Dr. and Mrs. Trueman arrived home from their recent trip to the neighboring Republic on Thursday.

—Mr. J. H. McLean of the "Empire," Toronto is in town in the interests of that journal. Mr. John L. Stevens of the Moncton Times and H. V. Moran of Progress were in Sackville this week.

THE COMING EVENT.—The Methodist Choir annual concert on the evening of the 19th promises to be a great treat. The first chorus will be from the dramatic oratorio of Naaman viz: the Triumphal March "With Sheathed Swords." It is the song of greeting to Naaman on his return to Damascus after his great victory, where he is met by his afflicted Timna with her maidens and the people. Mrs. Dobson takes the part of Timna. "I waited for the Lord" is from Menahem's Hymn of Praise, a beautiful selection which consists of a duet for two sopranos, and full chorus; the duet will be taken by Mrs. Harrison and Miss Cogswell. The Hallelujah Chorus from Handel's Messiah is said by the best musical critics to be the grandest chorus ever composed. Mrs. Harrison in response to a number of requests will sing again as one of her selections Bishop's English song "Lo here the gentle Lord" with flute obligato by Mr. Stokes, formerly of the Royal Riding Band, Halifax. Miss Landers, Mr. Allison's popular elocutionist will read. These with the solos, duets, trios, etc., constitute a rich, varied and popular program. The large choir is assisted in the choruses and chorvies by Mrs. Wood, Miss Cogswell and Mr. Fawcett of Sackville, Miss Carter, Mr. Tringley of Pt. de Bute, Miss Salmon of St. John and Messrs Harrison and Potts of Mt. Allison.

OBITU.—We greatly regret to record in this issue, the death by pleuro-pneumonia of Master Edgar Nathan Stanley Tupper which occurred at St. Joseph's, Moncton on Friday last. For some days previous to his death he was confined to his room with the prevalent malady la-grippe, but on Monday of that week it was feared that his illness was of a more serious nature and his mother was notified. In spite of all that could be done he succumbed to the disease and passed peacefully away at nine o'clock on Friday morning. The body was taken to Amherst and buried on Sunday from the residence of his grandmother, Mrs. Nathan Tupper. The attendance at the funeral was large. The service at the house was conducted by Rev. D. A. Steele and at the grave by Rev. V. E. Harris. Among the floral tributes was a beautiful cross from his uncles, David Chapman, David Robb, and R. C. Fuller Stanley, as well as his popular school, made many friends during his visits to Sackville and all who had the pleasure of meeting him, will extend their fullest sympathy to his widowed mother in her loss of her genial, talented and promising son. He was a son of the late E. A. Tupper of Amherst and grandnephew of Sir Charles Tupper.

—Mrs. Tupper was formerly Miss Triles of Moncton and sister of Mrs. Thomas Estabrooks of Sackville. He was in his 17th year and had studied at Lennoxville, Que., Acadia College and was about to enter the business department at St. Joseph.

Local Matters.

A petition is to be circulated at Springhill asking that the I. C. R. run into that town.

An action is to be entered against the Salvation Army of Moncton for causing a run away there recently.

Con. Wm. Irving was badly shaken up while shutting at Newcastle on Friday. His great toe was taken off, and a lot of cord wool fell on him; cause: bad break.

At a meeting of the Petitcodiac Steam Navigation Company held Thursday the old board of directors were chosen again. The old officers were re-elected: H. R. Emmons, president; C. A. Chapman, vice-president; and Dr. Brady, treasurer.

A serious fire occurred at Eustache, Thursday night, destroying the general store and warehouse of Cummins Bourke and damaging the store of A. D. Cormier. Some of the goods in the Bourke store were saved. The insurance on the property was chiefly with the Commercial Union, North British and Manchester companies.

The spiritualists number very few at Harvey, yet it is said they meet about once a week with their departed friends and find out how they are getting along in the spirit land. Their doctrine is not meeting with much favor here, only now and then one becomes an adherent of their delusive views.—Albert Maple Leaf.

Mr. Benj. Bray, hotel keeper at Hopewell Cape was seriously injured last Thursday. While coming out of the woods on a load of wood the sled struck a stone and threw him under the sled, which passed over him breaking one or two of his ribs and otherwise injuring him. He is doing as well as can be expected.

Mr. Daniel Cameron died at Moncton Friday evening. Mr. Cameron had been suffering from a cancer in the throat and a few months ago went to Boston for treatment but the disease had made such rapid headway that a cure was impossible. Deceased was a native of East River, Pictou Co., N. S., and leaves a wife and seven children.

Says the Transcript:—O. C. Carlyle of Kingston has about closed for the season his new patent engine with the Wm. Hamilton Mfg. Co. of Ontario. This is the firm that furnished the machinery for the McLeod mill in Richibucto. It is said of the Carlyle engine: It appears to have solved one of the problems that have been perplexing steam engineers for a half century. That is to govern the engine directly by the load.

D. S. Mann of Petitcodiac, has purchased from Conductor D. Brownell of Moncton, his trotting stallion, "Inspector," sired by the standard Kentucky horse Hernando, No. 2891, dam by the celebrated trotting sire, Alhambra, No. 3517. Price \$120. The above is a horse of grand conformity and style. He is a beautiful dark seal brown, 3 years old, weighs 1150 lbs. stands 16 hands high; and although never handled for speed shows beautiful trotting action. The horsemen of Petitcodiac are to be congratulated on having such a valuable horse at their disposal.

On Sunday of last week a man named Swan, belonging to Cape Breton, became violently insane in one of the lumber camps of Messrs Young Bros. & Co., at Halfway River. He was secured until Monday morning, when he was taken to Newville, where he was placed in the Company's store to wait for the train. While there Swan who is naturally a very powerful man, got hold of an iron bar and came near doing serious mischief before he could be secured. He was taken to Mount Hope Asylum, and it is transpired that he had previously been an inmate of the Asylum and had been liberated last fall.—Leader.

Mr. George Miner for 21 years a respected resident of Shediac passed suddenly and quietly to rest on the morning of February 4th. For some years past he had been troubled with heart disease and was frequently informed by physicians that his death would be sudden. His faculties were wonderfully preserved and he was a daily reader of the newspapers. On the evening of the third he retired at 10 o'clock, apparently in his usual health, but at 3:30 on the morning of the 4th he awakened his daughter, Mrs. Wm. R. Wood who was at his bedside in a moment, he complained great distress in the region of his heart and she thought he was dying. Mr. Wood at once prepared to go for a doctor but before he could get out of the house was recalled just in time to see him breathe his last. His remains were taken to Amherst by train on Saturday for interment.—Times.

The schol. Patriot of Parrsboro, was captured last week of Boston. A tug was procured and she was towed into that port and an attempt was made to right her on Tuesday. Only a short time ago he passed the marine examination and obtained a master's certificate. J. L. Blenkhorn was a son of W. E. Blenkhorn of Advocate Harbor, N. S. The Patriot is insured in the Boston marine office for \$3,000. She was worth about \$5,000.

THE ONAWAY.—On Saturday Messrs M. Wood & Sons received word that the Barque Onaway, Capt. Casey, was stranded at Port Natal, South Africa and would prove a total wreck. Full particulars of the accident have not yet been received. The crew were saved. The Onaway was built in Sackville in 1877 by Mr. Edward W. Ogden, and was 420 tons register. She sailed from New York on Oct. 10th, with a general cargo for Port Natal. The Onaway was owned by Josiah Wood, A. & W. Ogden, E. V. Ogden and J. R. Inch, and with the exception of the shares, owned by Mr. Inch was uninsured. The crew are at present at work saving the cargo for 50 per cent of what is saved.

JUPITER AND VENUS.—To those conversant with astronomical subjects the approach and passage of Jupiter and Venus last week was especially interesting. These planets have appeared in the western sky soon after sunset, for some weeks past and by their brilliancy and position soon easily recognized. Each evening the distance between them lessened and on Friday as they passed beyond our sight were very close together. At five o'clock on Saturday morning Jupiter was directly behind Venus so that they appeared as one star. This was not visible here. At present they are about 10 degrees apart, but the order of their position is changed and Venus the brighter planet is uppermost.

MR. ALAN'S NOTES.—On account of illness of friends, Miss Vernon left for her home, Bear River on Friday. Miss Johnson who succeeds her in the piano department arrived last evening. Miss Johnson, a high reputation as pianist and teacher.

The number at the ladies college is now 97 and there are 3 more expected to enroll themselves shortly.

The general health of the students during the term has been excellent, with the exception of a few slight cases of la-grippe, there has been no sickness in the college.

The art studio is attracting considerable attention. The attendance is 20, the largest on record. This speaks well for Miss Creagher's ability and popularity.

The other day a student in the Academy followed the advice of one of his fellow students and applied a mustard plaster to his head as a panacea for headache. It drew the headache out in the form of a blister and he is now looking for something to draw the blister out.

Honor to Whom Honor is Due.

TO THE EDITOR OF CHIGNECTO POST: Sir,—In J. B. Snowball's Wood circular for 1891, the shipment of deals from Sackville (including Baie Verte) is as follows, viz: for 1890—29 vessels; for 1891, 24 vessels. No doubt very few readers of that circular are aware that not one of the vessels named for the two years was loaded in Sackville—the whole of them having received their cargoes in Baie Verte. When Mr. Snowball is seeking statistics for publication why is he furnished with statements so misleading? Is it that Sackville is after a better business showing? When increase of salary or other draft on public funds is sought, a good business showing is effective, but why should Sackville arrogate to itself honors that are due elsewhere? The hoped that in future Baie Verte will be reported separately and not included with Sackville where shipments are not.

Yours Truly, G.

(Our correspondent is not very exact. Baie Verte is an outpost of Sackville, and by no means a rival as "G" would intimate. The collections which are generally regarded as the test of the statistical standing of a port are not, however, sufficient to pay the salary of an officer there.—Ed.)

A Good Reason for Living.

"She lives to love and loves to live. She loves to live because she lives to love."

Many think it is a sin to be sick; being so, one cannot bestow their affections on others as the Creator intended; being so, it certainly is a duty to cure yourself. Most women, these days, need an invigorating tonic. Worn-out teachers, "shop-girls," dressmakers, milliners, and all subjects to diseases labor, have found a boon in Dr. Pierce's Favorite Prescription. It is a soothing and strengthening nerve, inducing rest, relieving sleep, dispelling anxiety, and restores to full use all the appetites and affections of one's nature. It is sold, by druggists, under a guarantee from its makers that it will, in every case, give satisfaction, or price (\$1.00) will be promptly refunded.
