

HELP FOR VICTIMS.

Thousands of Soldiers Building Shelters at Messina.

Archbishop Ireland Sends the Pope \$5,000 to Help.

Messina, Jan. 22.—The work of erecting buildings to shelter the earthquake sufferers is now well advanced. The crews of the Italian warships, Regina, Eleonora, and Margherita have constructed huts at the village of San Salvatore, near Messina, where a large number of refugees have gathered. Messian while the military engineers are erecting huts on the outskirts of the city. Altogether 8,000 soldiers and sailors are working at the excavations in Messina, removing debris, and building shelters.

HELP FROM ARCHBISHOP.

Rome, Jan. 22.—Archbishop Ireland, having ascertained the great work of relief accomplished by the Vatican through the bishops and clergymen in the earthquake districts, decided to remit to the Pope \$5,000, which the archbishop had received from Ambassador Grison, acting in behalf of the American Roman committee. The archbishop went personally to the Vatican to deliver the funds. Both the Pope and Cardinal Merry Del Val were profoundly touched by the generosity of the committee, and said the Vatican appreciated highly all that America had done in this distressing occasion.

BANNER LABEL SUIT BEFORE THE COURT

(Continued from Page 1.)

Knowles then gave notice of action, and on October 22nd Mr. Robertson said an apology was printed. It was explained that there was a typographical error in the heading of the Banner's article, which should have read "Burglary Committed" instead of "Burglars Committed."

Miss Greta Robertson, daughter of the defendant, said that she wrote the apology that appeared in the paper. Mayor Moss was called to give evidence as to committing Mann for trial on a charge of stealing a suit of clothes from Roy Fields. Mr. Staunton objected to the admission of the evidence, and at this point his Lordship adjourned the court.

JURY DISAGREED.

Yesterday afternoon the jury in the action of Jamieson vs. Holcombe could not reach an agreement after being out for over five hours. They went into the jury room shortly after 3 o'clock, and it was 9 o'clock at night when Sheriff Middleton came to the room and asked if there was any chance of reaching an agreement. He was informed that there was no chance, and he then sent the jury home for the night. This morning his Lordship dismissed them. There is a prospect of a settlement between the two parties. A. M. Lewis for the plaintiff and George Lynch-Staunton, K. C., for the defence.

NON-JURY LIST.

The non-jury list was opened this morning with the action of Benjamin Clement vs. Herbert Foyster, Charles Smith, Morris and Guy Long, trading as the Consumers' Lumber Company. The plaintiff resides in Goderich, and the cause of action is a dispute over a certain parcel of land on Jackson street east. The plaintiff claimed that the land in question was originally owned by Watson Clement. After his death it was taken over by the plaintiff.

On January 3rd Foyster executed a lease to Moore & Davis, who were acting agents for the plaintiff. On May 15th, 1908, the plaintiff gave notice to give up possession of the lands, but the Consumers' Lumber Company refused to vacate.

The defendants deny all the allegations. The case was adjourned until tomorrow. S. F. Lazier, K. C., for the plaintiff and J. L. Counsell for the defendant.

Justice Teetzel, in disposing of the case of Lalond vs. Hoodless, directed that a non-suit be entered, although the jury assessed the damages at \$5. His Lordship's decision was that the Hoodless Company could not be held liable, as it was an independent contractor in the case. An appeal may be entered by the plaintiff, through his solicitor, J. A. Ogilvie, George Lynch-Staunton, K. C., acted for the defendant.

GOOD FISHING.

Capt. Spencer Caught a 14-Pound Pike Yesterday.

This year is one of the greatest for fish spearing the spears have had for many years. There are over a hundred and fifty men spearing on the bay and an ordinary catch is seven or eight pike a day, with a few smaller varieties thrown in. There has been a little bass spearing, which is a breach of the law, but Inspector Kerr has stopped nearly all of this. Captain Spencer, of the Hamilton Gun Club, has a hut near Dyne's, and he took from the water the other day a fourteen-pound pike. The cap is proud of his record-breaking fish, and is busy looking for more.

Inspector Kerr has had several complaints that the foreigners at the Steel Plant are indulging in duck shooting during the present close season. He went down there this afternoon to investigate.

To-night.

The funniest event of the season will be a rube carnival at the Alexandria Rink to-night. All sorts of costumes, depicting farm life, will be seen, a rube race among the employees on skates made on the rink, and other funny combinations will make this a great event, and the popular Alexandria should be jammed. The balcony is 10 cents; usual prices to skating floor. Session till 10.30 p. m. No reserved seats; so go early.

Some men are so small that we ought to put up with them simply because there is so little of them.

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-weekly Times. 50c first insertion; 25c for each subsequent insertion.

French and German Guns.

A report from Paris states that in the Chamber of Deputies General Picquart opposed the motion for the adjournment upon the Government to introduce immediately a bill for increasing the number of guns with each army corps to 144, distributed in six gun batteries, so that the French might be superior to the Germans. The battery of four guns was an excellent fighting machine, and the immense majority of officers favored it. It was true the Germans had now a quick-firing gun similar to the French, but the superiority of the 147 German guns over the French 139 was more apparent than real. Taken as a whole the French organization was better than the German. France had a much larger number of guns than actually appeared, and they could at least consider themselves on an equal footing. The Minister declined to accept the responsibility for such a critical period of disorganization as would ensue if the motion were accepted.
