

THE WEEK IN NEWCASTLE

Remember the Red Cross Auction Sale Day, Feb. 20th—a handsome sleigh.

Filthy Habit

Fellows who stand around store doors at night and spit tobacco on the steps and sidewalk should find some less conspicuous place to congregate.

To Correspondents

We would respectfully ask our correspondents to send in items as early in the week as possible, as otherwise they invariably have to be held over till the next week.

To Inspect Units

Announcement is made in an Ottawa despatch that His Royal Highness the Duke of Connaught will inspect every unit of the second Canadian Contingent before the men leave for the front.

Recommended for Commission

Lieut. E. J. Lounsbury of Fredericton, an officer of the 28th New Brunswick Dragoons, has been recommended for a commission as supernumerary lieutenant in one of the squadrons of the 6th Regt. It has been announced that each squadron is to have one supernumerary lieutenant.

St. Andrew's Church

Special services will be held next Sunday, Feb. 14th in connection with the centenary of peace between the British Empire and the United States. The Rector will preach a special sermon at the morning service and the Rev. H. T. Montgomery of Millerton will officiate in the evening.

A Successful Sale

A special grocery sale offered at Stables Grocery a couple of weeks ago, was a very successful one, so we have been informed. This up-to-date grocery realizes the advantage of giving their patrons an opportunity once in awhile of getting good bargains, and when these good offerings are advertised in the paper that is read by everybody, as The Advocate is, it goes without saying that the sale will be a success.

For Overseas Service

Among the names of nurses recently accepted for the McGill contingent for Overseas service are Miss Ruth Loggia of Burnt Church, daughter of Mr. Donald Loggia of that place, and Miss Christina Walling, daughter of Mr. Alexander Walling of this town. In some manner the authorities had not given out a complete list of accepted nurses in the first instance and the names of these young ladies were among those omitted.—Chatham Gazette.

Now in Town

W. C. Day, graduate in Piano and Organ tuning and repairing, has returned from a very successful trip to Campbellton and other points north. He has recently inaugurated a system of tuning by contract, which is generally in use in the larger cities. This system enables piano owners to have their instruments given better care for less money. It will pay you to have him explain the system to you. Orders may be left at Mrs. Alice B. Leard's, McCullam St., phone 35-81. 7-2.

A Sad Case

Moncton Transcript—A sad case is that of a Fredericton man who was last night given protection at the police station. He says he is sixty years of age but he looks more like eighty. He left Fredericton for Newcastle looking for work. From Newcastle he went to Chatham, from Chatham to Shodiac and thence to Moncton where he became prostrated with a severe cold. The Moncton authorities got him transportation and sent him home to Fredericton on the C. P. R. express this afternoon.—Saturday's Mail.

Armenian Collectors

Newcastle was visited the other day by one or more Armenians who claimed to be ministers, and who were collecting money for the children of their native country. While it is known that the Armenians people have suffered greatly at the hands of the Turks, still there have been so many of these so-called ministers who have, upon investigation, been proved fakirs that it would be well for those who would contribute to beware. These collectors may be what they represent themselves to be, or they may not. However, it is best to be on the safe side and avoid them, giving what can be spared towards funds we know to be worthy, as the Patriotic and the Belgian Relief Funds.

A Thrilling Picture

To-night and to-morrow night the patrons of the Happy Hour have a treat in store for them in the line of pictures. The most wonderful and thrilling picture ever screened entitled "Out of the Air" will be shown. It is not an ordinary picture but one that will amaze you. Imagine if you can an aeroplane going 60 miles an hour with a man hanging by a rope, by which he stops a runaway train. The camera does not lie, it is wonderful. This picture has played return dates wherever shown to capacity houses and is the most sensational film ever made bar none. Remember tonight and tomorrow. See advt. on page eight.

Remember the Red Cross Society dance in the Town Hall on Monday evening, Feb. 15th. See advt.

N. B. Legislature

The session of the New Brunswick Legislature will probably not open before Thursday, March 4th.—Gleaner.

Sugar Advancing

All grades of sugar were advanced twenty-five cents per hundred pounds this afternoon.—Monday's Fredericton Mail.

Our Woman's Page

The lady readers of The Advocate are respectfully invited to read what Dorothy Richmond has to say to them this issue, on page three.

Bridge will be Guarded

The bridge across the Petitcodiac river at Moncton, which is of such vital importance to the city, is, it is understood, to be guarded in accordance with the request of the city council.

Preserve a Copy

This issue of The Advocate contains a statement of the contributions to the Patriotic, Red Cross and Belgian Funds, and donations to the Queen Mary's New Year's Gifts. A copy should be preserved for future reference.

Moncton Company Gets Order

It is understood that the Moncton Leather Company, which was recently organized has received a good order from the Military Department for material required in connection with the Canada contingents going to the front.

Special Rates

There will be special rates from Newcastle to Campbellton for parties desiring to attend the Curling Bonspiel, to be held at the North Shore town on February 17th and 18th. The fare will be single first class, good to return after Bonspiel is over.

Coffee and Cake

The Ladies of the Catholic Club will serve coffee and cake in the A. O. H. Hall (Gertz school-house) Thursday evening. As this will be the last before the Lenten Season, don't lose the opportunity of patronizing the Club. 10 cents to ad. 7-1.

Death of Mrs. W. R. Small

Newcastle friends of W. R. Small will learn with regret of the death on Wednesday last at Sussex, of Mrs. Small, after only a few days illness. Mrs. Small was only twenty-nine years of age, and was the daughter of Mr. and Mrs. Joseph Joyner, Scotch Settlement, N. B. Her husband and two little daughters are left to mourn her loss. Mr. and Mrs. Small were well and favorably known while Mr. Small was manager of the N. B. Telephone Co. in this district, and their friends extend to Mr. Small and daughters their deepest sympathy.

Social Dance

On Monday evening, February 15th, the junior members of the local branch of the Red Cross Society will hold a social dance in the Town Hall of which all are welcome and all are invited. It is not necessary to state what the proceeds are to be used for, and it is less necessary to say that it will be a success. The chaperons for the evening will be the following ladies who are also the conveneres of the different Red Cross committees: Mrs. C. J. Morrissy, Mrs. E. B. Gillespie, Mrs. Robt. Armstrong, Mrs. A. E. Shaw, Mrs. John Robinson, Jr., Mrs. D. P. Doyle, Mrs. W. A. Park and Mrs. R. Waldo Crocker. Gentlemen's tickets will be 75c and the ladies' 25c. Be patriotic and help the Red Cross supply comforts for our boys at the front.

WANTED

A big crowd and high bids at the Red Cross Auction Sale on Saturday, Feb. 20th, in front of the Town Hall.

BATHURST CURLERS DEFEAT NEWCASTLE

The Local Curlers Failed to Cinch the Much Coveted Prize

Four rinks of Newcastle Curlers visited Bathurst last Wednesday night, in a vain attempt to bring home the far-famed McLellan Cup. So sure were the local skips of winning that they took along Sheriff Irving and Chief of Police Chamberlain to look after the silverware, to see that it was safely landed in Newcastle. But, fate was against them, inasmuch as when the local boys arrived at Bathurst, the Sheriff and Chief put up at Legere's hotel, only to be called out of bed, at five o'clock to learn the hotel was in flames. Sheriff Irving made a grand attempt to save his necktie and collar, so as to look spick and span before the fair sex of Bathurst, but managed to get hold of Chief Chamberlain's and therein lies the tale. The sheriff was so excited over the loss of his collar that the boys did not think it safe to entrust the cup to his keeping, so left it in Bathurst until next year, when they will return for it again.

To prove that the boys did not wish to win, we publish the scores which were as follows:

Bathurst	Newcastle
McKay	20 J. Sargeant
Stout	19 C. Morrissy
Thibault	19 W. Crocker
Dr. Duncanson	17 Fitzmaurice
	75
	35

CAMPBELLTON TAKES ARCHER TROPHY

The Campbellton Curlers with four rinks came down on Friday, and lifted the coveted Archer Trophy from the local boys, with a score of 58 to 46. The game was an evenly matched and a large number of spectators witnessed the game, both in the afternoon and evening.

After the game the visitors were entertained at lunch in St. James' Hall, which was served by the Ladies Aid of that church in a very pleasing manner. Speeches were delivered by Messrs. W. J. Jardine, Mayor Andrew and Skips Marquis, Jardine and McDonald of Campbellton, and Rev. S. J. MacArthur, Joseph Jardine, J. E. T. Lindon and Mayor Morrissy, while Mr. Smith of Campbellton, treated the gathering to an original recitation of "Hick de Kalder."

The rinks and scores were:

Campbellton	Newcastle
Ingram	Morriss
McCrone	E. Dalton
Benson	Armstrong
McDonald	C. Sargeant

Generous Gifts to Red Cross Society

Canadian Gear Works, Ltd., Presents Society with Handsome Sleigh

The Canadian Gear Works, Limited, of Newcastle, have shown a most generous spirit in an endeavor to assist the Red Cross Society by the presentation to them of one of the very best sleighs of their manufacture, and which the Society have decided to offer at public auction in front of the Town Hall on Saturday, February 20th, at two o'clock.

The Red Cross Society feel greatly indebted to the Canadian Gear Works for this patriotic display on their part, and believing it to be the most advantageous way of realizing on its full worth, have decided to offer it in the manner above stated.

These sleighs are equal in value to the product of any other manufacturer, and not only being made in Canada, they are made in Newcastle, which should act as a stimulant in bringing a higher bid than would otherwise be the case.

The Red Cross Society are issuing posters which will be posted up through the county, that there may be a big attendance on sale day, and that everybody may have an opportunity to bid in on this most up-to-date product of Newcastle's thriving industry.

The Society would kindly ask all to bear in mind the date and place of sale, and to attend in force that the amount realized may be a favorable one.

The work of the Red Cross Society being of such a charitable and Christian nature, it is expected that high bids will be made.
