Conservatives at Ottawa Taken by the Ears by D. W. Boyle's Bomb,

Ottawa, May 7,-Jas. Conmee (Liberal, Thunder Bay and Rainy River), resumed the debate on the Hon. Mr. Aylesworth's election bill in the House of Commons this afternoon, iting instances where the enumerators appointed by the Ontario govern-ment were employed by the government candidates. In another case at Fort William no one was aware that the enumerator was at work at all. History and the records of the courts, he declared, should preclude the op-position from attacking the bill on

the ground of past corruption. Dr. Roche (Conservative Marquette) declared that there was nothing in the bill to minimize the Manitoba and British Columbia grievances, any existed. Hon, Mr. Greenway's (Liberal, Lisgar) asertions were absolutely unfounded, and were only surpassed by the shameful imputa-tions of D. W. Bole.
