In the Assembly.

Yesterday Mr. Watson presented a petition from Ellison on railway extension; Mr. Blandford for a road to S. A. cemetery at Greenspond; Mr. Clift for wharves at North West Arm, Green Bay and Ward's Harbor; from Nipper's Harbor on education and about prohibiting contraband in certain locations; and Mr. Devereaux about roads in Dunville and Come by Chance.

PETROLEUM AGREEMENT.

The Premier moved the House into Committee of the Whole to consider the ratification of an agreement between the Government and the Newfoundland Oil Fields Co., Ltd.

It provides for the imposition of a duty on imported oil to enable the Company to compete with imported oil. The rate is to be settled by the Governor in Council and proclaimed when the Company are in a position to supply the local market.

All machinery, plant and material for installation, etc., are to be entered duty free. No duty, export or excise, is to be imposed, for a period of ten years following the beginning of sales in the local market.

The Premier read a number of opinions of authorities on the oil at Parsons' Pond, and gave a history of that enterprise.

Mr. Clift also spoke. The resolutions passed the Committee and a bill embodying them was read a first time.

LICENSING BILL.

This bill was read a second time yesterday on the motion of the Minister of Justice. It deals with: (1)

If coffee tampers with your heart or nerves, suppose you break away for 30 days and see how much better you feel. You can make the job easy and pleasant if you take on Postum in place of coffee.

Be sure to have it well boiled, according to directions on package, to bring out the rich flavour and full food value.

POLICE COURT NEWS.

There were no prisoners in court to-day.

A man was summoned by the S. P. C. A. for whom Mr. Greene, K.C., acted. The accused was charged with working his horse which had sores on its body. He admitted the fact but showed that employees without his knowledge took the beast out. He undertook not to work the beast again until Vet. Donnelly gives him a certificate of fitness. Sentence was suspended. Mr. Kent, K.C., for defendant.

The defendant in a case of leud and abusive language was ordered to pay costs. Mr. Higgins for deft.

Church to be Enlarged

We understand that instead of building a new church for the present, at least, St. Michael's Anglican Church will be enlarged. It will be lengthened in its eastern end about 20 or 30 feet, and will have a chapel of about 30 feet, so that the present congregation will have ample room for worship. It is the intention, however, to build a new and commodious church in the near future, when the old structure will likely be used as a parish hall.

23 THE PRINCE OF WALES

A Protest Against Canine Depredations.

Editor Evening Telegram.

Dear Sir,—Allow me through the medium of the Evening Telegram to call the attention of the authorities to a matter that is assuming serious consequences to residents of the extreme West End of the city. For the past three months people residing on Leslie Street and vicinity have been annoyed and victimised by the depredations of hungry and vicious dogs allowed to prowl about at will, and it appears to be nobody's business to interfere with them. During the winter these animals have destroyed a number of valuable fowl. Four parties having lost as many as 47 fowl. This thing is becoming alarming and one cannot tell where it is going to stop. It is a very foolish idea that some people seem to have as to those dogs coming in from Petty Harbor. It is nothing of the sort. Those beasts are owned by people living in the West End who are perfectly unconcerned as to what injury they do their neighbours. Surely, sir, there should be some protection for people who at great trouble and inconvenience to themselves succeed in getting a good breed of poultry, only to find that they are to be destroyed by these hungry mongrels that are the pest of every community that they are allowed to exist in.

Trusting those whose duty it is will take some action in the matter.

I am, Sir,
 Yours, etc.,
 A SUFFERER.

Overtaken by a Blizzard.

Two Women and Little Child Frozen to Death.

Aberdeen S.D., March 8.—Huddled down in their abandoned sleigh two women and a little child were found yesterday by the husband of one of the women frozen to death in the blizzard which swept the Standing Rock Reservation three weeks ago.

Mrs. Gilbert Major, her mother-in-law and her year old son, in trying to drive from their home to a neighbor's were overtaken by the blizzard eight miles from home. They turned the team loose and huddled down in the sleigh to wait for the storm to pass. They slept and never awoke.

The return of the team occasioned no uneasiness, because it was supposed the animals had escaped from the corral where the visit was made.
