Reciprocity Affects Newfoundland.

The Reciprocity agreement generally provides for the admission free of duty of:

"Fish of all kinds, fresh, frozen, packed in ice, salted or preserved in any form, except sardines and other fish preserved in oil; and shell fish of all kinds, including oysters, lobsters and clams in any state, fresh or packed, and coverings of the foregoing. Seal, herring, whale and other fish oil, including cod oil."

This quotation is from Schedule A, or list of articles free of duty. Attached to this Schedule is the following Note:-

"Fish oil, whale oil, seal oil and fish of all kinds, being the products of fisheries carried on by the fishermen of the United States, shall be admitted into Canada as the produce of the United States."

The fishery carried on in treaty waters by American vessels even with the aid of non-Americans is an American fishery.

It would seem to follow therefore that Americans will not only have a free entry into America, but also into Canada, for herring, etc., they catch at Bay of Islands, Bonne Bay and elsewhere in Treaty waters. This will put Americans on the same footing as Newfoundlanders in marketing the products of these fisheries in Canada.

The Home Ashore.

The S. S. Home, Capt. O'Reilly, while coming back from Burnt Point, Pheasant, last night, ran ashore on the beach. She did not hang on the rocks and when the engines were reversed, she slid back into deep water. Finding that the ship did not leak very badly, Capt. O'Reilly decided to run for Rushmore, about seven miles distant, and beach her. This was done successfully. The Reid Nfld. Co. received the news this morning and at once gave orders to have the S. S. Petrol put in order to go up to Rushmore and tow the Home to St. John's if she is not leaking too badly. They are in the meantime waiting further news as to her condition before sending the Petrol on. The S. S. Glencoe is also held at Grand Bank and will be sent to the assistance of the S. S. Home, to-night if deemed necessary. Capt. Jacobs will go in the Petrol. This is the first accident of the kind to the R. N. Co. ships for three years. It is a matter of wonder how the captains of those steamers call at every creek and cove in the Bays at all hours of the night and in all weather without mishap.

Helen Stewart Lost.

This morning a telegram was received by the Smith Co. to the effect that their schooner, the Helen Stewart, a fine vessel and one of the best of our foreign carriers, was lost yesterday at Algoa, between Mexico and Pernambuco, on the coast of Brazil. The vessel went from this port some time ago to Pernambuco with a load of fish, reached her destination without mishap, and after discharging was proceeding to Barbadoes to load molasses for this port when the accident befell her. She was commanded by Capt. Burge, who with his crew are natives of this country, and they are safe. The vessel, we learn, was insured.

Portia's Herring Fishery Report.

From Capt. Fitzpatrick of the Portia we learn that there were four American vessels at Port aux Basques when he was there, and that one of them was hauling into the railway wharf and shipping herring, as they come from Bay of Islands over the rails. The Gloucester schr. Essex, bound to Belleoram, was there in the loe. She is to take there 3000,000 lbs. of green fish owned by Harvey & Co. and sent to the Americans. The Maxine Elliott was at Rose Blanche to procure, if possible, a load of green fish also. These vessels were engaged before this in the herring fishery at Bay of Islands and Bonne Bay. This green fish represents the balance of the bankers' catch remaining unsold at Belleoram. The Hispaniola, Capt. John Lewis, is in Connaigre Bay, and should be loaded by Harvey & Co. and sent to the Americans. The Maxine Elliott was at Rose Blanche to procure, if possible, a load of green fish also. Color, Dark blue, cream wheels and running gear. Seating capacity, 5. Transmission, selective sliding gear 3 speeds forward, one reverse. Quick detachable rims and tires.

The above specifications are practically the same as those found in \$5,000 cars. No better 30 h.p. car is made than the E. M. F., just as good may be made, but no better. We will shortly have a sample car here don't throw money away in big prices until you investigate. The E. M. F. price duty paid including everything is \$1,450. - FRANKLIN & COMPANY, Agents.

Fresh Fish by Portia.

The Portia this trip brought along a big shipment of fresh fish, there being no less than 100,000 lbs. of cod and halibut in the cargo. This was caught mostly at Rose Blanche, Ramsea and Channel, and of moderate weather prevailed a deal more would have been taken. No herring, however, as the price is so high. The cost of the fish is so high that the possibility of any being shipped here. A lot of frozen fish form the coast arrives a couple of days ago by train and commands a good market here. Frozen herring if sent to the city would bring good prices.

Money and Clothing Stolen This Week.

Late Tuesday night or early Wednesday morning some person forced open the door at the rear of Mr. G. Ridout's residence on George's Street, and gaining access to one of the rooms stole a couple of vests and a coat owned by the man. One of the vests contained a \$5 note, which also disappeared. It is believed that boys who congregated daily and nightly about the place committed the theft.

Train Notes.

About 20 passengers left here by the same train at 8 p.m. yesterday. The local arrived here at 9:15 last night bringing Miss Kennedy, Miss Murphy, H. Power, F. Sparkes and 4 others. The Placentia train with the Glencoe's passengers arrived here at 11 last night.

VESSEL FROZEN IN.-Yesterday we referred to the vicissitudes of the little schr. Invermay, which has been out for over 3 months on a voyage to Bay of Islands. She passed Cape Race a few days ago and Jas. Baird, Ltd., to-day had a wire saying that she is frozen in at Kingman's Cove, Fermeuse.

Child Burned to Death.

Mr. Hutchings, K.C., Deputy Minister of Justice, had a wire from Channel to-day stating that a little girl named Manuel, aged four, daughter of Eli Manuel, of that place, had been burned to death yesterday, while her mother was out to the barn near. No particulars are given. This is the third case of the kind which has occurred at different places within the past 10 days or so.
