In Our Trimming Dept.

We have made every preparation for a busy season. The work turned out by our skilled assistants here has always been the subject of favorable comment.

MARSHALL BROS.

Here and There.

POLICE COURT.—Only one arrest was made yesterday for drunkenness, the prisoner was released this morning on making a deposit.

SEALER RECOVERING.—E. I. Cooper, the sealer, who fell into the hold of the Ranger, on Monday last, as previously noted, is rapidly recovering at the General Hospital and will be discharged in a few days.

A. P. C.—We are in receipt of a communication from Mr. F. R. Farnham, Secretary of a public meeting at Heart's Content, covering two resolutions passed there. The first resolution expresses appreciation of the work of the Hon. Jno. Harvey and the A. P. C. The other was an appreciation of the gift of the Messrs. Reid to fight consumption.

Here and There.

STREET SPRINKLER.—The Reid Nfld. Coy. are getting the street sprinkler ready for the season's work. It has received necessary repairs and has been painted. It will be in commission on May 1st.

ORE CARRIERS COMING.—The large ore boats which ply to Sydney and Europe with iron ore, will be due at Bell Island next week. Great piles of ore are awaiting shipment and the output will again be heavy the coming season.

WELL KNOWN PURSERS.—Mr. W. H. W. now purser of the Carthaginian, was formerly on the Mongolian. Mr. Mugo who some years ago was purser of the Buenos Ayres has a position ashore in Glasgow and Mr. Hibernian, is now commodore purser Hibernian, is now commodore purser of the Allan Line and is on the Virginian.

McMurdo's Liniment Cures Diphtheria.

Personal.

Miss M. Mahoney who spent the winter with her friends at Conception Harbor, returns to Philadelphia by the Carthaginian.

Miss Adela Verne's Recital.

MISS ADELA VERNE.
Miss Adela Verne has been away for too long, and it was a very real pleasure to welcome her back to London at her recital at the Bechstein Hall yesterday afternoon. Even when she was here last she stood head and shoulders above most pianists of her sex, and during her absence, her gifts seem to have developed even further. Indeed, her interpretation of Brahms' F Minor Sonata yesterday proved conclusively that she must be reckoned as one of the greatest pianists of the day. In her playing are combined two qualities which we very rarely find together, the feminine charm of a woman and a strength which would do credit to a man. From no man would we ever expect quite such beautiful tenderness as that which Miss Verne displayed in her treatment of the lovely slow movement; while very few women, and for the matter of that, not many of the sterner sex have such power at their command as that which enabled her to give such fine performances of the first and last movements. "The Globe," London February 11th, 1911.

McMurdo's Store News.

FRIDAY, April 19, '12.
Blue Jay Corn Plasters, especially the new improved kind, give instant relief to corns, and usually destroy them if used with a little persistence. There is also a bunion plaster which is equally effective against warts and bunions. These remedies are easy to apply than ordinary salves or liquid preparations, and have the further advantage that once placed on the proper spot and secured (by means of a strip of adhesive plaster supplied with each) they are not liable to spread and injure the uninvolved skin. In the whole they are quite one of the best remedies for these troublesome excrescences. Price 15 and 25c. a package.
If you have not yet given Acm Baking Powder a trial, use it in your next cake. A ten cent tin will convince you of its value. Large size 45, 25 and 50 cents.

Wedding Bells.

The wedding of Mr. James J. Keef of Ferryland, formerly of Boston, to Miss Annie Moore, of Ferryland, took place at the R. C. Cathedral on Monday evening, the 15th inst. The ceremony was performed by Rt. Rev. Monsignor Roach. The bride was assisted by Miss Josephine Cote Aquaforte and the groom by Mr. E. J. Johnson of Ferryland. The bride was attired in a princess gown of cream silk, with a full train of white tulle, and carried a bouquet of orange blossoms and carnations. The bridesmaid wore a gown of cream crepe de chine with a bouquet of forget-me-nots. The groom's present to the bride was a gold cross chain, the bridesmaid, a gold brooch and to the best man, gold cuff buttons. Many friends attended the wedding festivities at the residence of Mr. Theo. Cooper, southside. The presents received were numerous and valuable. The bride and groom leave by the Stephano, to-morrow, for their future home, Boston. The Telegram extends its congratulations.

On Olympic.

Mr. Chas. Ellis, while abroad went from New York to England on the Olympic, the sister ship of the ill-fated Titanic. Capt. Smith who went down with the Titanic was in command of the Olympic and Mr. Ellis says she is a magnificent ship. There were 1,200 passengers on board and though bad weather was met there was very little rolling evident, and not a passenger was seasick.

JACKMAN'S SALE CONTINUING.

Bombardment.

Special to Evening Telegram.
LONDON, April 18.
The bombardment of the Dardanelles began to-day. According to a dispatch from Constantinople, one of the Italian ships was damaged by a shot from the land batteries.

McMurdo's Liniment Cures Gargol in Cows.

"Mrs. Temple's Telegram."

Last night the Selman Company presented an excruciatingly funny comedy entitled "Mrs. Temple's Telegram" which kept the audience in a roar of laughter all the time the curtains were up. It was nicely staged, and the roles were taken cleverly. Noticeably among these were Miss Arden as Mrs. Temple, Mr. Joseph Selman as Frank Fuller, and Mr. Barret as the Butler. The work of these three was excellent; Miss Lawrence as Mrs. Brown and Mr. Kiely Mr. Brown also worked in fine form a different vein of humor, which kept the audience in shrieks of laughter. The other roles were well sustained. As we come to know the troupe better, it becomes more and more evident that it is a well balanced and capable troupe and we shall look forward with interest to their effort in the Shakespearean line. Last night His Excellency the Governor, Sir Ralph Williams, and a vice-regal party occupied special seats near the orchestra.

Rossley's Star Theatre.

Last night there was a great crowd at Rossley's popular theatre, many not being able to gain admission. The programme is a very excellent one. The Lovitts have a splendid act these three days; they did some wonderful club juggling, keeping six clubs in the air at one time. A Spanish dance by Mrs. Lovitt was well received, but the feature of the act is Mrs. Lovitt holding a China saucer between her teeth and three "china cups" in each hand, while she turns somersaults without hands or feet touching the ground. Marie Rossley and Joe Burkhardt in one of the unluckiest sketches ever seen. Marie Rossley's trick songs had the audience in roars of laughter. Percy Drith and Joe Ross did a comical rube song and dance and had lots of fun with Jack Rossley's tiny harmonica. Bonnie Rossley appeared in New York's latest illustrated song with the slides. The music by the Star orchestra was well up to the standard. Jos. R. Ross, master of effect, made the pictures more interesting than ever with his realistic and humorous effects. It is truly a fine show.

Died of Injury.

Brakesman Ambrose Taylor, who had his leg cut off yesterday by the engine running over it at Port Rexton, died this morning at 6 o'clock as the train on which he was coming to St. John's was nearing Placentia Junction. Dr. Paterson, who was at the scene at the time of the accident, hurried to the scene and did all that he could for the relief of the injured man. The body arrived here by the local train at 1:20 p.m. to-day, will be buried at the time of the accident. The deceased was 22 years old. The message sent to the "Church of England authorities" apprised them of the accident and a clergyman broke the news to the friends of the deceased. To-day it was learned that the man was jumping on the pilot of the engine when the accident occurred.

St. Vincent de Paul Society.

A special meeting of St. Vincent de Paul Society was held last night in the T. A. Club rooms. Matters for the past year were finalized and the Society decided to hand over the use of its hall on Harvey Road to the Committee on Domestic Economy, which is composed of School Inspectors. The sum of \$12.40, collected from individual members of the Knights of Columbus, was received by the Treasurer. It was also announced by Inspector O'Brien, who has been Treasurer of the Society the past few years, that he would retire from office, he not being able to devote sufficient time to the work.

Narrowly Escaped Death.

Mr. Frederick Dwyer, nephew of Mr. John Dwyer, M.H.A., had a narrow escape from death yesterday afternoon. While proceeding with a load of hay on a cart to the Nfld. Brewery from Oak Farm one of the wheels went into a rut and the whole outfit toppled over and falling on the man pinned him to the ground. Some of the employees of the Brewery hastened to the scene and only after great difficulty extricated the man. He was seriously injured, was unconscious for a while and was taken to his uncle's residence, where a doctor attended him. It will be some time before he can be at work again as he is hurt internally.

Easter Meeting.

At the C. E. Cathedral Easter Meeting, Mr. George Davey was elected People's Warden and Mr. Herbert Outerbridge was appointed Rector's Warden. The Select Vestry were elected thus: Sir William Horwood, Jos. Outerbridge, W. M. Clapp, J. W. Withers, S. G. Collier, G. A. Hutchings, G. R. Williams, E. L. Messurier, W. B. Grieve, A. S. Rendell, Dr. Hall and Hon. S. D. Blandford.

NOTE OF THANKS.—The friends and relatives of the late Patrick Byrne beg to thank Mr. H. D. Reid, Mr. Russell and Messrs. of the Reid Nfld. Co., Messrs. Philip Neil, Brian, Maloney, Boland, Lockyer, and Messrs. M. Kennedy, Wm. Veitch, Wm. Walsh, Jas. Carroll, of Holyrood, and Mr. M. Walsh, of the Peak, for wreaths and the kindly sympathy extended to the family of the deceased in their bereavement.

Mr. Clapp on the Postal Service to Bonne Bay.

Mr. Clapp moved the adjournment of the House on Wednesday, after the suspension of the Rules of the House. He did so in order to bring before the House the disorganized state of the mail service to Bonne Bay. The hon. member said that he had been in communication by telegraph with the principal men at Bonne Bay who were crying out about the unsatisfactory carriage of the mails to that part of the District for the past ten weeks. He referred to a telegram which he had received and about which he called upon the P. M. G. who stated that the Reid Nfld. Co. were to blame for that particular mail not reaching Bonne Bay. Why they did not forward the mail he was unable to say. He showed the P. M. G. his reply to the telegram before forwarding it and he agreed with him in what he said.

He then referred to a message published in the Evening Telegram of the 13th inst., showing "that the disgraceful disorganization of the mail service had virtually tied up business operations on the coast. Mails dispatched hence for Bay of Islands are taken to St. John's via Port aux Basques, and local men are only now receiving telegraphed acknowledgments of the receipt of letters at Bay of Islands, dated from Bonne Bay the first week of February. The P. M. G. either does not know his business or is displaying total disregard for the interests of that coast. The receipt of weekly mails to Bonne Bay regularly since the end of February, the route via Millertown Junction being easily available and transportation to be obtained by dog. We wish to emphasize that on the immediate re-establishment of a regular mail service, and especially upon the prompt institution of measures that will ensure the early re-opening of the railroad for through freight and passenger traffic depend the livelihood of the fishermen of the whole north west coast. Delay will mean loss to all concerned in our fisheries." This telegram is signed by the principal men of Bonne Bay, namely, J. P. Halliburton, Geo. W. Wilton, Stephen Taylor, Thomas W. Rose, Wm. S. Wheeler, W. A. Preble, T. A. Garcin, H. M. Mossell, J. Parsons. Tories as well as Liberals are these men whose interest is that of the fishermen as well as their own, decided in these matters. Are they doing this without ample reason? Why was the mail dumped down at Deer Lake in a shed during the blockade and remained there for weeks with money to the value of nearly \$10,000 consigned to the banks and business men in St. John's without a special guard set over them, and when the courier was going to and fro to Bonne Bay, I was informed that such was the case. Is this in the interests of the people of Bonne Bay and down the coast? It is, I say, most careless for the Government to allow such a state of things to exist. Is the Government aware that Bonne Bay pays into the revenue in duties and light dues almost \$8,000 annually? Is it aware that last fall, for instance, the herring fishery in Bonne Bay alone in two months brought upwards of one hundred thousand dollars hard cash into the country? Is it aware

An English Chemist Has Discovered How to Grow Hair.

In England the ladies have entirely abandoned wearing hats which is due entirely to this new discovery. It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day. The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called SALVIA, and is being sold with a guarantee to cure baldness and to grow hair in abundance. Being daintily perfumed SALVIA makes a most pleasant hair dressing. McMurdo & Co., your druggist, is the first to import this preparation into St. John's and a large, generous bottle can be purchased for 50c.
