We commence from this date to clear out all woolen and winter goods. Let all remember that piles of the goods we will offer have been bought awfully cheap to clear. Our big lines of goods and thousands of dollars worth of our present stock has been bought at bankrupt prices. These two facts in relation to our goods should have weight with everybody, because we know no retail house in London will touch our prices, as goods can't be sold at half price unless they are bought at half price. We are always on the hunt for goods at half price, and strange as it may appear we can buy piles of goods at such prices, when we are prepared to clear big lots for cash, which we do. Let nobody forget that at Powell's we will clear out the following goods at desperate prices, viz.:
