STRONGLY RECOMMEND D TO MOTHERS

The Best in the World!

A vast number of the best physicians of Canada advise the use of Lactated Food for the infant when breast milk fails in quantity and quality. Physicians give this advice honestly, as they are aware of the fact that Lactated Food is composed of elements that nourish, strengthen and build up the system. When the supply of breast milk commences to fail mothers are often advised to use the Lactated Food themselves, instead of tea, coffee or cocca. This article of diet tends to produce a more copious flow of pure and nutritions milk for the infant. When Lactated Food is used by the mother it has a grand tonic effect, and gives nor strength to meet the drain upon her systim caused by nursing. Mothers who have used Lactated Food say it has no equal in the world. All druggists in Canada declare it is the most popular food on the market.

Sullivan has the reputation of being a quiet and harmless man, but it appears he and his wife quarreled so often that separation took place, Mrs. Sullivan going to Sarnia to live, sending their three children to the House of Reluge. Lately Sullivan, who cannot read or write got a friend to write a letter for him to his wife, asking her to come back; that he had \$15 to give her to erect a tombstone over the grave of one of the children. He also instructed Mrs. Irving to send Mrs. Sullivan out in the field where he was working when she arrived from Sarnia. This was complied with by Mrs. Irving, who suspected nothing wrong. Sullivan has been arrested.
