## HAY CONTINUES TO

Higher Price-Oats a

Hay was the feature of today's market, but unlike yesterday the demand was brisk, and the selling was around \$14 and \$14.50 per ton. Several loads were being held for \$15 per ton. About twenty loads were on the square all morning, and most of the produce was of the best quality. Little straw was offered, as the supply is becoming scarce, but the price remains about the

hundredweight after the unsteady prices of the last few days. Two loads sold this morning for \$1.13 per hundredweight. One load sold yesterday at \$1.16 per hundredweight. Prices will likely remain a little lower dealers expect. Wheat remains unchanged. No eggs were offered on the square this morning, but no change is pected in price for some time. Butter

# states and slow demand for export, although inquiry from the seaboard was slightly improved. Winnipeg opened unchanged at 18c lower and closed with a loss for the day of 3c on May and July and 4c on October. The cash demand for wheat was about as usual with offerings scarce and consequently little business transacted. Exporters were buying lightly. Cash demand for oats and flax was falr. Cash wheat closed 3c lower for contract grades. Cash oats and barley closed unchanged. Cash flax closed 14c lower for the three grades. ## MOVINGPICTURES

ENATOR LELAND STANFORD, who gave a University to his state, California, "was a breeder of fast horses, and it was through his efforts to obtain a scientific analysis of the motion of a horse's legs that motion pictures came to be invented," and motion pictures are here to stay. The man who first used an Umbrella was mobbed; ditto the man who first appeared in London in a Silk Hat. The inventor of the Stove to burn hard coal was imprisoned because people said it was a fraud, though he demonstrated his stove by using it himself. The man who said burn your Ashes with salt, did not sell out soon enough. Suffragettes get forcible feeding; Salvation Army lassies, until recently, got little better. The girls and boys who dance the Tango, get? and the women who wear Slit Skirts and Peek-a-boo Waists, get "Oh, I say!" A generation ago the men had to get off the sidewalk and open wide the door to let the Hoop Skirt and Bustle and Big Sleeve have room. All a Moving Picture. The world is ruled by sentiment, utility and fashion. We have a few Quakers who dare to keep up their own idea of dress, but the world demands change, and it's the changes that keeps things moving. You may be a leader or a follower, one or the other you are. We are leaders. This store has always been to the front, doing business for cash, at one price, and cutting down the hours of work. Early closing, etc., etc., and all the things that makes for progress. Direct Importing-going to all the centres of fashion of trade, getting the up-to-date goods, having buyers in Europe always on the look-out for anything and everything new and of the right value. Next Thursday, March 12th, we will be 33 years old, and we are going to give you a royal time-Morning, Afternoon and Evening. It will be a Talking Picture Show, and you are invited to come and make it worth while.

Yours for all advance,
