# Welfare of Posterity Is Aim of State's Minimum Wage Law ATTAIN GOAL IN

course it doesn't provide to the minimum wags scale commission, which meets here today at the freetwesh House, in an effort to arrive at a suitable minimum wage for we're men and girls in cities the size of 1 fordon.

"This minimum wage doesn't depend on the production of the industry; the findustry list? paying it can close down, it learn to a close down, it learn to an close down, it learn to a find the minimum wage, as introduced the work of the commission of the findustry list? paying it can close down, it learn to say the doesn't doesn't down the suit of the commission of the findustry and the findustrial paying it can close down, it learn to say the doesn't measure up she can find the minimum wage, as introduced that the minimum wage as a treated by Ages.

Mrs. Parsons emphasized the fact that she represented "capital" on the commission, in order to show that on this body both capital and labor were working for the interests of the erri. "In very few oases have we found that employers are not willing to be fair-minded in regard to our proposals," she said. "I tell you frankly that we are making the minimum wage as low, as we dare. And we are doing this because of the extraordinary industrial conditions of the present time, when unemployment is a big problem, "she wonth on the support of their children up to the support of their children up to the support of the commission according to the support of the suppo

# "The state is trying to find a minimum wage for women and girls, because they are the potential mothers of posterity," declared Mrs. Lydia Parsons, in an address before the Y. W. C. A. Industrial Girls' Federation last night at the King street Y. W. C. A. residence. Mrs. Parsons is in the city as a member of the minimum wage scale commission, which meets here today at the Tecumseh House, in an effort to arrive at a suitable minimum wage for women and girls in cities the size of Longian and continue manual continuation. All Details Worked Out. "You must not think, however, that it is impossible to live on such a wage," she declared. "We have worked out or women and girls in the city as a member of the minimum wage scale commission, which meets here today at the Tecumseh House, in an effort to arrive at a suitable minimum wage for women and girls in cities the size of Longian and carn more money if you would have these." The speaker pointed out that the retinimum wage set by the commission of think, however, that it is impossible to live on such a wage," she declared out. "You must not think, however, that it is impossible to live on such a wage," she declared out awage, "and a wage," she declared. "We have worked out. "You must not think, however, that it is impossible to live on such a wage," she declared. "We have worked out on the money needed to provide decent clothing, food, lodging, entertainment, etc., and I am trying out the system in my own home. Of course it dossn't provide for silk stocking and an evening dress. You must story around and earn more money if you would have these." The speaker pointed out that the commission wage set by the commission that the carnet is in interest. The sum of the money needed to provide for silk stocking and an evening dress. You must not think, however, that it is imposed awage," she declared. "We have worked out." The speaker pointed out that the carnet is in it is imposed to live on such a wage," and the clare is in it is imposed to live on such a wage," and

Approve Company's New Terms by Small Majority.

The London Street Rallway conductors and motormen Thursday voted to accept the new schedule which the

strike.

The men held two meetings, in the afternoon for the night workers, and in the evening for the day workers. At the conclusion of a vote on a resolution to accept the schedule at the night

tion to accept the schedule at the night meeting, the vote for the two meetings was totalled and showed a small majority in favor of acceptance.

The resolution, however, laid down certain conditions or instructions for the officers of the union, to be carried out in the event of acceptance of the corn schedule. Briefly these require out in the event of acceptance of the new schedule. Briefly these require the secretary immediately to get in touch with President Currie and ar-range for a conference, so that some range for a conference, so that some conditions on the road may be changed. Pressed to state what these condi-tions were, President George Colbert, said that he did not think it expedient that they be made public at present. However, he did go so far as to say that the conditions complained of per-tained to the local management. It is to be what some of the men

any to get the conductors in wrong with the public."
It was pointed out that of late several persons have been put off cars by conductors. In one case the conductor was taken off his run, but later reinwas taken off his run, but later reinstated. The executive pressed for reports on the men who put people off and only at this late date, it is stated, has the company asked the men to make reports. The men take the position that the company did not care for reports or anything else, they just wanted the men to continue putting records off.

The men immediately started to sign The men immediately started to sign up for the new schedule. President Colbert said they might not be ready for the change on October 1, as it takes about two days to get all signed.

### 80 YEARS OLD, PEDDLES COOKIES

MONTREAL, Sept. 29.—J. Epstein, 80 years of age, who for the past ten years has supported himself by selling cookies outside a restaurant on St. Lawrence Boulevard, was yesterday arrested by the police for "peddling without a license." He was brought before Recorder Geoffrion in the recorder's court this morning, and after pleading not this morning, and after pleading not guilty, was remanded for trial to October 5. The old man was defended man, who told the recorder that he thought Epstein should be congratulated on his efforts to earn his own living at such an advanced age.

### ADMIT "DEAL" LOOMS IN ELGIN ELECTIONS

TORONTO, Sept. 29.—A special to the Star from St. Thomas, Ontario, says: "Negotiations are said to be on to wed. The young man in the case, Kenneth Harlan, is finally forced, through the supposed death of his uncle, to come east and to meet the only girl that can save his uncle's cash. The young lady, Constance Talmadge, has her own ideas and takes the part of her maid, revealing her true identity before the final "close-up."

So many laughable complications arise that it would be impossible to record even half of them. The picture is well worth seeing and should attract large
