A THOUGHT FOR TODAY

"So God created man in His own image, in the image of God created He him; male and female created He them. And God blessed them."—Genesis 1:27-28.

ARISTOTLE says that what is truly a man's self is the thinking part of him; that sooner or later all the other parts obey, willingly or unwillingly; and if this self be base, the whole man will be base; and if the self be noble, the whole man will be noble. As it is with the individual man, so it is with the ages and the generations.—W. H. Mallock.

COL. CHANDLER of the Chicago Salvation Army Training School arrived in London at 1:15 on the C. P. R. to conduct the funeral service of the late Charles Cundick. Col. Chandler will be well remembered in London, having occupied the position of D. C. here some time ago.

TWO YOUNGSTERS, aged 15 and 13, who broke into the house of Carl Muller on the River road near Springbank, last Sunday, appeared before Judge Macbeth Thursday morning. The youngest boy was allowed to go and the other sent to the Children's Shelter for a week, when he will again appear in court.

SENTENCE was suspended on Herbert Newton by Deputy Magistrate P. H. Bartlett, when he came up for sentence Thursday on the charge of stealing \$49.50 and a diamond ring from May Mooney. "Your previous good character is responsible for my decision," stated the magistrate. The money and ring were returned to the plaintiff.

AT THE ANNUAL meeting of the Bible Society, to be held in St. Andrew's Presbyterian Church on Tuesday next, the people of London will be given an opportunity of hearing one of the leading speakers of Canada, Dr. Pidgeon of Toronto. It is a problem today to supply the Bible in 45 languages for forty missionary societies working in 27 different countries, and the story which Dr. Pidgeon will tell should be most interesting.

THE CITY OF LONDON is to have five permanent assessors, Alf Burwell, who for 18 years has been acting as temporary assessor during rush times having been added to Mr. Grant's staff. It is understood that

his permanent appointment will do away with the temporary need of two assessors during the rush period. The council on Monday night will pass on Mr. Burwell's appointment and his salary will be fixed at the time the estimates come up and salary matters are being discussed.

TWO DELEGATES from the trades and labor council, William Tite and John McGuire, president, have been selected by the members of that body to attend the next meeting of the London Board of Health Feb. 14. This action follows the request from Dr. Downham, officer of health, that a representation be sent to explain a recent resolution by the trades council asking for a complete inspection of the local dental parlors and workrooms. The local health authorities have asked also that the trades council name a specific instance. This the council has declined to do.

WM. J. McNEIGHT of St. Marys has issued a supreme court writ through his solicitors, Parkinson & Riordan of St. Marys, against the Alberta Financial Brokers, Limited, and A. D. McLean, both of Toronto, for repayment of \$6,000 obtained, it is alleged, by fraud and misrepresentation from the sale of Ranch Owners, Limited, stock, and for delivery up and cancellation of a promissory note for \$4,000, together with all other papers signed by the plaintiff relating to the said stock, and also damages for breach of contract not to negotiate said note.

IN SPITE OF THE somewhat severe weather conditions, a capacity crowd filled the basement of St. Andrew's church for the luncheon immediately preceding the laymen's conference. About 500 people enjoyed the bountiful fare provided by the women of various Presbyterian churches throughout the city. Visitors were noticed from St. Thomas and other nearby towns.

The afternoon session will be devoted to discussions pertaining to the work of laymen in the church. There are to be several speakers but the chief desire is that every one present take part in a general discussion in order that laymen may become better acquainted with each other and the conference may serve to further a get-together spirit among congregations of the London presbytery.

PIONEER CONFECTIONER, JAMES D. SMITH, DIES

One of the oldest and most highly respected residents of London passed away yesterday in the person of James D. Smith, after an illness extending for more than six weeks. Mr. Smith has been living for the past eight years with his daughter, Mrs. Ward A. Casselman, at 498 Dufferin avenue. He was born in County Tyrone, Ireland, in February, 1839, came to Canada with his wife in 1863, and settled at once in London. Mr. Smith, during the whole of his active life, was engaged in the confectionery business, from which he retired about 20 years ago. From the time of his arrival in London until his death he was a faithful and devoted member of St. Andrew's church, and was, at his death, probably the oldest member of this church, who joined it after reaching adult years. Mr. Smith was a man of quiet, retiring disposition, who found his chief pleasure in domestic life. He took a great personal interest in public affairs, but could never be prevailed upon to accept any public office.

Mrs. Smith pre-deceased her husband eight years ago. The surviving children are Thomas H. Smith and Robert A. Smith, both of Omaha, Nebraska; Mrs. George W. Palmer of Denver, Colorado, and Mrs. Ward A. Casselman of this city. Mr. Smith is survived also by nine grandchildren and ten great-grandchildren.

YOUTH SENTENCED. Brantford, Feb. 1.—Earl Truckle was today sentenced to not less than six and not more than 18 months in the Ontario Reformatory for the theft of goods from the Brantford cold storage plant here. His companion, Kerwin O'Connell, was left off on suspended sentence. Both were caught red-handed in the act.

EXPLAINS DELAY FOR LATE BILLING

Litigation Cause of William Street Sewer Work Not Being Charged.

It comes to light that the reason for the long delay in the sending out of the accounts or bills for the William street sewer, laid in 1916-17, is that the matter has been in litigation. In January, of this year, the residents of this street, between Central avenue and William street, received their first bills for the sewer. They contended that they were promised that the sewer would not cost them anything, as they held they did not need the second sewer, at the same time expressing wonder over the five years' delay in the sending out of the bills.

The sewer was started by a contractor. He failed to complete the job. He took a second try at it and failed again. It was completed by the city by day labor. There was a hold-back on the contractor's money and the excess cost was paid out of this. However, the city, when it had the sewer completed, received a number of bills for goods which it is said the contractor purchased. These bills have been going on ever since trying to charge the matter. The courts were called in over one dispute.

However this long delay has not been good for the residents either as in the five years of suspended payments, during which time half the sewer might have been paid for, interest charges have been compounding and adding to the cost of the sewer. The real cost of the sewer was 12 1/2 cents or a half cent below the estimate of 13 cents.

CHURCH REPORTS INDICATE ADVANCE

First Presbyterian Congregation Reviews Year of Progress.

In spite of the inclemency of weather conditions the 99th annual congregational meeting of the First Presbyterian Church, held Wednesday night, was well attended. The new minister, Rev. Dr. Beattie, presided during the first half of the meeting. Reports were read from various organizations, showing all to be in a flourishing condition, with advances in every department.

C. G. Jarvis, chairman of the board of managers, occupied the chair during the progress of the business session. The report received from the board of managers indicated an exceptionally prosperous year financially, despite the natural unsettled condition occasioned by the death of Rev. W. J. Knox, and the pastorate being vacant for a period of several months.

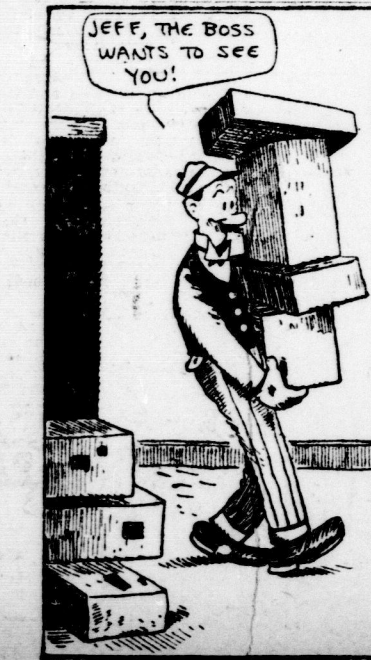

Total receipts for the year from ordinary revenue amounted to \$11,434.31, and disbursements to \$10,701.41, leaving a balance of \$732.90. Incidentally \$1,000 has been paid on the mortgage principal, leaving a balance of indebtedness amounting to \$7,500. There is no other debt on the church.

Total receipts from all sources during 1921 amounted to over \$26,000. A salary increase of \$200 was made Mr. G. C. Lethbridge, in appreciation of his services as organist, and high praise was expressed of the voluntary choir for their regular attendance and excellent work during the past year.

Appreciation was shown the interim moderator, Rev. Dr. D. L. McCrae, and to Dr. Beattie for the splendid beginning of his ministry in the First Presbyterian Church. C. G. Watson and P. M. Millman were re-elected auditors for the coming year. Four new members were added to the board: Messrs. H. T. Shuttleworth, H. V. Eckart, F. J. McLarty and James Campbell. As a token of gratitude of his many years of service on the board of managers, and his work as treasurer for nearly sixty years, Mr. A. M. Hamilton was made honorary member of the board.

CITY ORANGEMEN

TO VISIT SARNIA

Large Turnout at Border Event Is Expected.

Inniskilling Royal Black Precinctory, No. 334, London, will pay a fraternal visit to Carmel Precinctory, No. 301, Sarnia on Friday, at the invitation of the Sarnia members. The visit will be for the purpose of conferring degrees.

The Sarnia precinctory is the largest in the jurisdiction of the county to which it belongs, and the meeting of the two will be quite an event it is expected in Orange circles.

A visit of this nature is an unusual affair, and as a result considerable interest is being shown among the members and a large turnout is anticipated.

Next Tuesday another event of some importance will take place when the county lodge will meet and elect its officers for the year. This meeting brings representatives from all parts of the county, and from each lodge in the county.

C. W. Cross, immediate past president, will be the presiding officer on the Sarnia visit, and will be assisted by the Sarnia lodge.

Chicago, Feb. 2.—Opening: Wheat—July, \$1.06 1/2; Oats—July, 56 1/2c; Corn—May, 54 1/2c; July, 54 1/2c; Oats—May, 39 1/2c; July, 40 1/2c.

Chicago, Feb. 2.—Wheat advanced today to the highest prices since Oct. 4. A new upturn in values at London was the dominating influence. Besides, export reports regarding domestic winter wheat in the Southwest continued of a character which tended to stimulate buying. Initial quotations, which varied from 1 1/2c to 2 1/2c higher, were well maintained during the early trading.

Corn and oats advanced with wheat. After opening 1/2c to 3/4c higher, the corn market scored a slight further upturn. Oats started unchanged to 1/4c to 3/4c higher, and then rose a little more.

Liverpool, Feb. 2.—Wheat—Spot, No. 2 red western winter, 10s 10d; No. 1 northern, 12s; No. 3, 11s 1/2d.

Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful when you wash it with. Don't use prepared shampoo or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just plain Multifid coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls of Multifid will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Multifid coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. Be sure you get Multifid. Beware of imitations. Look for the name Watkins on the package.—Advt.
