

Danube Brings Valuable Cargo

Large Amount of Yellow Gold—Salmon From B. C. Canneries.

Sealing Schooner Director Arrives from Japan—Equipped with Marine Railway.

The steamer Danube, which arrived last night from Skagway and northern British Columbia, was a treasure ship. She brought from the Yukon canal port 74 passengers, who had with them treasure amounting to nearly \$200,000, and from northern British Columbia the steamer brought 6,500 cases of salmon valued at not far short of \$30,000. Included in her treasure the Danube had \$101,000 in gold consigned to the Victoria assay office by the N. A. T. Co., whose agents are in Victoria arranging for the sale of this gold. Nearly every passenger on board had treasure. About \$75,000 was turned in to the Vancouver assay office, and \$101,000 consigned to the N. A. T. Co. handling \$150,000 brought by the steamer City of Seattle when the \$75,000 brought by the Danube was handed over to them, besides Cariboo gold and gold brought by Americans from the Sound, who claim they can get better results in British Columbia than the office has been extremely busy at late.

The Danube stopped at the northern canneries for salmon, and brought down 5,000 cases for Vancouver, and 1,250 cases for Victoria. Dirty, dangerous weather was experienced on the trip, but Captain McLeod handled the Danube so well under varying circumstances, that the passengers' pleasure and satisfaction found vent in the presentation of an address to the Danube's popular commander, which read as follows: "We the undersigned passengers, take great pleasure in testifying to the able and careful management of your ship during the extremely thick and foggy weather prevailing during our south-bound trip; also the courteous treatment of passengers by your subordinate officers and crew. Hoping that in the near future you will command a craft worthy of your ability." The address was signed by 74 passengers.

DIRECTOR ARRIVES.

An Exciting Incident Towards the Close of Her Voyage—Has 800 Skins.

Sealing schooner Director arrived yesterday from sealing grounds off the Copper Islands, after a passage of 22 days across the Pacific. She brought a catch of 533 skins, which brings her total catch for the season to 830 skins, for 398 have already been sent home. When about 200 miles off the Cape of her way in to port the sealing schooner had a narrow escape from being burned. One of the Japanese boat-pullers had been acting in a crazy manner for some time previous, and some of the crew had been keeping a watch on him. He managed to climb the rigging, and, when he was seen, he was seen to be holding a gun, and the ship was extinguished before any damage could be done. The Director arrived in the Straits a couple of days ago, and reports no other vessels bound in. Those schooners reported by the tug Lorne some days ago are believed to have been fishing schooners, a fleet of which, resembling the sealing vessels, are reported to be in the Straits. No news of the Casco or Mary Taylor, the two remaining vessels of the Japan and Copper Island fleet, was received by the Director. A report was heard while on the Copper Island ground of the seizure of a Japanese schooner by Russians, but no details were learned. The report probably dealt with the seizure reported by the Vera on her arrival.

SELECTED SITE.

New Lighthouse to Be Erected on Merry Island.

A despatch from Nanaimo to the Colonist says the D. G. S. Quadra arrived there yesterday evening to spend the night at that port. She is on a cruise to the Gulf of Islands, which the being supplied with their winter's supply. Capt. Gaudin, agent of marine and fisheries, was on board the Quadra. He has been locating a site for the new lighthouse to be erected on Merry Island, at the entrance of Welcome Pass. He has located a suitable site and will return to this city on the noon train today.

BOSCOVITZ ARRIVES.

Brings Down a Cargo of Salmon from Northern British Columbia Canneries.

Steamer Boscovitz will arrive today from Naas and way ports. She reached Vancouver on Thursday, and her passengers for this city arrived here by the Charnier. They included Mr. Mathers, of Alert Bay, and Mr. Robertson, of Kitimat. The Boscovitz brought a cargo of 5,000 cases of salmon, the greater portion of which was consigned to the ships now loading on the Fraser, and after discharging her salmon at the river the Boscovitz will come here today.

The R. P. Rithet arrived from the Fraser yesterday with salmon and was busy yesterday discharging into the ship Chas. Cotesworth at the outer wharf.

NEW C. P. R. STEAMERS.

Capt. Tromp Is Endeavoring to Purchase Skagway Line—To Build a Ferry Vessel.

"The Victoria Times last night stated that an unauthorized report had reached that city that two steamers have been purchased by the C. P. R. for service on the Skeena river, to replace the Charnier on the Vancouver-Victoria route, and the other to take up the northern run in place of the wrecked steamer Islander," says the Vancouver Province.

"For the benefit of the Times," says the Province, "it might be advisable to explain that two vessels have not been purchased, although it is possible that one may have been, and that one will replace the Islander. It is not yet known here whether the purchase has been completed, but Capt. Tromp, general manager of the coast steamship service of the C. P. R., is now on Long Island sound seeking out a suitable craft, and it is just possible that he has secured one, though this is not probable, as no advice has yet been received stating such to be the fact. "It is the intention of the company to build a schooner to take up the Vancouver-Victoria ferry route, and in the matter of speed the new vessel will surpass anything in her class on the Pacific. She will be capable of steaming in not less than sixteen knots per hour, and upon occasion demanding it, she would be able to eclipse even this."

PECULIAR DEATH.

Chewed Tobacco Soaked With Carbolic Acid.

Windsor, Oct. 11.—Peter Seguin, of Elmley, carried a small bottle of carbolic acid and a plug of tobacco in his pocket. The bottle broke and the tobacco soaked the acid. Despite the tobacco's peculiar flavor, Seguin smoked it two days. As a result his throat swelled

up and the flesh became almost black. An abscess formed on his lungs, broke yesterday and death resulted.

CURED TOTAL PARALYSIS!

It puzzles the Doctors and astonishes his patients how South American Nerve Cures so many who are "given up to die"—It never fails.

"My wife was stricken with nervous prostration, which developed into total paralysis. We had hardly any hope of her recovery, but had heard of the great cures made by South American Nerve in cases of nervous troubles. We decided to try the treatment, and it was astonishing the results that followed the taking of three bottles—it worked wonders indeed. I feel like a new man now."—Edward Parr, Surrey Centre, B.C.

Sold by Jackson & Co., and Hall & Co.

Domainion Bakery

Cor. Cook and North Park Streets.

A few reasons why you should use our bread: It is absolutely pure. Nothing put in it but the best flour used by the manufacturer. It will keep moist longer than any other. It contains no lard or other animal fats. Always sweet, and will not upset the most delicate stomach. It also has the true home-made flavor. Try it.

A. COOMBS, PROPRIETOR.
