Remington UMC

Here's "the makings" for a glorious "15th"

Good sportsmen really take their sport seriously—that is, they want the very best in arms and ammunition, providing the price is reasonable. This explains the present day tremendous popularity of Remington UMC.

The Remington UMC Repeating Shot Gun is undoubtedly the most widely liked shot gun in use to-day. Its six swift shots, its accuracy and superior penetration, its bottom ejection, solid breach and easy, positive action, give it the preference in the eyes of experienced shooters.

For shells, the "Big Three" Remington UMC beatifies in all standard loads and powders fill every want. "Arrow" and "Niro Club" smokeless, steel lined—sportsmen nickname them the speed shells. "Remington" a splendid all-purpose smokeless shell and the "New Club" for black powder users.

The dealer who shows the Red Ball trade mark of Remington UMC can fill your every fire arm and ammunition need. Go to him.

TRAPS LEFT BY FLEEING GERMANS

Huns' New Dodge For Catching Men Who Take Trenches

London, Aug. 22.—Philip Gibbs, writing from British Headquarters, says—

"The German is beginning to leave a lot of little things behind them, even if he abandons a trench in a hurry. This is a new dodge. One invention, which has come into his fertile imagination is the mantrap, which he sets outside his parapet or inside a shell hole on the way to it. As soon as one of the British soldiers set foot on it, it closes about his leg with a terrific bite and brings him down like a log.

Another little device in devilry is the "tortoise bomb." It looks like a tortoise, if you happen to see it, which you do not in the dark, and it stands on four little legs.

They waggle a little but should it be unwarily touched it may detonate a bomb and blow a man to bits.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

PIERCE GERMAN COUNTER ATTACKS ON FRENCH AND BRITISH LINES FAILURE

Temporary Footing Obtained in British Trenches, But Enemy is Speedily Ejected.—Italians Storm Austrian Positions and Russians Capture Carpathian Heights.

London, Aug. 23.—Two heavy assaults on the positions newly won by the British south of Thiepval, on the Somme front, were made last night by the Germans. They gained a footing in the British trenches, but were driven out again, the War Office announced today.

The official announcement follows: "The enemy made two determined counter-attacks last night on our new trenches south of Thiepval. By the first attack he gained a temporary footing in our trenches, but was driven out immediately. The second attack was repulsed completely. The enemy's losses in these two attempts were heavy.

"Last night there was rather more hostile artillery fire, especially in the regions of High Wood and Bazentin-le-Petit.

"Opposite Lens we carried out a small raid successfully. On the other parts of the British front there was the usual trench warfare."

is in the vicinity of between five and six thousand dollars, with no insurance.

On Monday afternoon the New Richmond and Black Cape Mission Bands spent a very sociable time at the mill at Little Cascapedia, and before it could be got under control, nearly Manse, given by Mrs. Rattee. Quite a all the lumber in the yard had gone up in smoke. The loss we understand, lunch was served on the verandah.

CHILD KILLED AT DALHOUSIE

Truck Loaded With Pulp Wood Ran Over Little One Killing it Instantly

Dalhousie, N. B., Aug. 23rd.—A very sad accident happened here yesterday afternoon by which Lena Bernatchez, a child two and a half years old was killed by having been run over by a team hauling a heavy load of pulp wood. The accident happened on Renfrew street in front of the child's home. It appears that the youngster ran under the load as the team was moving slowly and one of the wheels passed over her head killing her instantly. Much sympathy is felt for the widowed mother who has to work out to gain a living for her little family and cannot give the necessary care to her children during the day.

REV. H. W. IVERS

BACK FROM FRONT

Wounded by Shrapnel and Heart Injured by Poison Gas

Henry Wilton Ivers, a Quebec boy, who before the war was a Minister of an English Church in New Brunswick, arrived on Thursday from the front, amongst the batch of wounded soldiers.

Mr. Ivers was wounded by shrapnel bullets on May 5th, and is now to be discharged owing to his heart being affected by poisonous gases used by the Germans. Two younger brothers are also serving their country: Richard and Morton Ivers, being Lieutenants in the 22nd Battalion, 5th Brigade now in France, and Edward White Ivers, Lieutenant in the 171st, now in training at Valcartier.
