AN ARTIST SHOOTS HIS WIFE AND HER PARAMOUR.

There was much excitement about 3.30 vesterday afternoon among the democratic denizens of Lavan's lane over a double shooting affair, where a man fired four shots in rapid succession, one bullet striking shots in rapid succession. shots in rapid succession, one bullet striking his own wife and another her alleged paramour. Lavan's lane runs east from Jarvis street, just opposite Lombard street. It is about 100 feet long, and has often been the scene of brawls. Mary Ann Rowell, a newswoman, who has held forth at Toronto and King streets for some time past, has lodgings or rooms over 91 Jarvis street, just on the corner of the lane. The entrance the corner of the lane. The entrance to her place is up a rickety pair of stairs to the rear of 91. Mrs. Rowell, several of the neighbors informed a World reporter yesterday evening, does not keep the best of order or the best of society in her establishment.

Among Mrs. Rowell's visitors yesterday afternoon were John Hackett, an ex-street car conductor, who lives with his wife and child at 140 Duchess street, and Mrs. Annie Allkins, wife of Horace F. Allkins, who describes himself as an artist with his studio at No. 40 Church street. Allkins and his wife live in rooms at No. 2 Bond street. Allkins has entertained suspicions about his wife's relations with Hackett, and yesterday afternoon he got wind that they were together in Mrs. Rowell's place.

Arming himself with a five-chamber American bull-dog self-cocking revolver he proceeded to the scene of their illicit love. When he entered the room Hackett and Mrs. Allking revolves having a great total.

Miss Corlett always looked well in public, but last night as a bride she was perfectly charming. The church was crowded to the doors, and after the ceremony it was with difficulty that the happy pair could reach their carriage. They were driven to the residence of the Corletts, where a wedding supper was served.
