THE MILLS ESTATE.

CHOICE BUILDING LOTS ON
PAPE-AVE., IN THE WARD OF ST. MATTHEW

This plan represents a valuable piece of property situated at the head of Pape-avenue in the Ward of St. Matthew, beautifully located and overlooking the city and lake. It is one of the driest and most healthy districts of Toronto, having a perfect and natural drainage, being situated about two hundred feet above the level of the lake.

Pape-avenue has already become one of the leading streets of our fast growing city and is now the best street east of Sherbourne. It is within ten minutes ride of St. Lawrence Market, and forms the leading thoroughfare of the Northern portion of the County of York into the city.

The Grand Trunk suburban train, which runs twelve trips daily between Weston and East Toronto, stops at Pape-avenue, while the Toronto Street Railway passes along Queen-street every ten minutes, and the rails are now being laid by the Toronto Street Car Co. for the extension of their tracks across the bridge and along Gerrard-street to Pape-avenue, thus giving the residents the facility of reaching any part of the city.

Pape-avenue is already sewered and block paved, water and gas is now laid on beyond the railway and will be extended through to Bloor without delay.

No troublesome or expensive searches are required as to the title of this property, there being only four or five transfers from the Crown to the present owner.

We beg to direct the attention of intending purchasers to this property and request them to examine it and get terms and price list before purchasing elsewhere, for without doubt this property will double itself in value within the next three months.

Special terms will be given to purchasers about to build. For plans, prices and all other particulars apply to
