We have a charge into it, and the slops from the house. This hopper costs but \$1. Dr. Clarke of Buffalo, who read a paper before the association, said that in his experience they had been a great improvement on the ordinary cess-pool or pit. Continuing. the Doctor said: "Chicago has the best organized health department of any city I ever visited. It has a staff of 102 inspectors, of whom 14 are doctors in charge of contagious diseases and also an additional staff in charge of meat inspection. It both St. Louis and Chicago this year they are having an ununsually severe epidemic of typhoid and diphtheria. It is found to be endemic to certain districts which are now being built upon. These were formerly used for market gardens and immense quantities of night soil were deposited upon them. In the opinion of sanitarians the disease

AN HOUR FOR TESTIMONY. Methodist Women Laboring Womanfully

with Many Questions. The work done yesterday by the Women's Methodist Missionary Convention was as successful and interesting as that of the days preceding. Williams, president of the central branch. Mrs. Dr. Williams, president of the central branch.Mrs.Dr. D. G. Sutherland presented the report of the Memorial Committee, which was adopted. This made the following changes in the workings of the society. Every, member of the auxiliaries shall be eligible as branch officers. The general board will require a clear statement regarding the use to which each special grant is to be put. A trained nurse will be sent to the hospital at Fort Simpson, B.C. An appeal will be made to the Indian Department of the Dominion Government to pass such legislation as will bring the Indians under the laws of civilized life. It was considered advisable ror the society to bend its enerment to pass such legislation as will bring the Indians under the laws of civilized life. It was considered advisable for the society to bend its energies toward establishing boarding schoo s in British Columbia. The annual meeting of the British Columbia branch will be held during the first week; of September of each year, and all auxiliaries will close their books and send in reports by the end of August.

The following motion of Mrs. Whiston of Halfax was adopted: "Whereas alcoholic liquors in large quantities are being exported into heathen countries by professedly Christian nations, thus subverting missionary effort, therefore resolved. That we hereby acknowledge the sisterly greetings of the Ontario W.C.T. Union, that we express our sympathy with them and assure our sisters of our hearty co-operation in their noble efforts to bring about the total prohibition of the liquor traffic."

The following recommendations of the Publication Committee were adopted: That a central depot be established for the diffusion of missionary literature and a manager be placed in charge. A room in the Wesley Building was rented for \$75 a year, to be used for this purpose; That the letter leaflet be emlarged to twelve pages and that some one be appointed to solicit subscriptions, and that the tract lately written by Mrs. John Ross of Montreal be published in pamphiet form under the title of, "The Errors of Romanism." The day's meeting closed by an "hour for testimony," in which many of the ladies joined.

A MIGHTY ARMY OF DOCTORS! They Are Always Busy!-It Will Ever Be So While Canadians Live Improperly

—The Condition of Our People is

Serious and Alarming !! A King of Persia once sent to a tribe of Bedouins the Caliph Mustapha, a very celebrated physician, who enquired on his arrival how they lived. "We never eat till we rival how they lived. "We never eat thi we are hungry, and then not to repletion," was the answer. "I may retire, then," said the doctor. "I have no business here."

How many cities, towns or villages on this North American continent could to-day give the same remarkable answer to the question, "How do you, live ?"

From north to south and from east to west a first open or two medical man existing.

the same remarkable answer to the question, "How do you, live "From nouth to south and from east to west we find one or two medical men existing comfortably in the smallest settlements; while in the larger towns and cities they form a mighty army. Why is this? Simply because people do not live properly. They disregard the plain and truthril laws on nature and therefore bring upon themselvas suffering and disease. Many eat and drink when nature does not require it and many would eat, but owing to imperfect digestion they cannot do so. It is for this reason that we are a nation of dysepptics, and continually require the services of physicians. This dyspepsia in error case begets weakness of body and great nervousness. Urrest, sleeplessness, dejected state of mind, melancholia and morbidiness are generally attendant evils. The condition often becomes so serious and alarming that life is postlevely in dauge of the truth of the mighty arm of an alarming that life is postlevely in dauge to the mighty arm of a first of the mighty arm of the mighty

The Bylaw Carried. The Bylaw Carried.

East Toronto village yesterday voted on a bylaw to raise the sum of \$2000, of which \$500 is to go to the Girls' Industrial School and the balance towards extension of sidewalks, water mains and general street improvements in the village. The bylaw was carried by a vote of 48 to 7. The small vote is accounted for by the fact that none of the great non-resident vote was polled and not all of the resident vote. After the poll closed and the result was ascertained the village council met, gave the bylaw its final reading and duly plassed it.

was what a witty woman called that period of life which all middle-aged pass through, and during which all middle-aged pass through, and during the wast suffer. "Woman's Suffer-age" which all middle-aged pass through, and during which so many seem to think they must sufferthat Nature intended it so. The same lady added: "If you don't believe in 'woman's sufferage," there is one ballot which will effectually defeat it.—Dr. Pierce's Favorite Prescription." This is true, not only at the period of middle life, but at all ages when women suffer from uterine diseases, painful irregularities, infammation, interaction or prolapsus, the "Fav rite Prescription" so strong them the weak or diseased organs and enrichens the blood, that years of health and enjoyment are added to life.

SAILING AHEAD OF ALL COMPENIES

MONTREAL, Sept. 21, 1891. This will advise you that I am using Anti-Dandruff, and can fully endorse it as a success for the removal of dandruff. I never used any preparation that equals it. It acts like magic.

S. HARRIS, Representing J. Harris & Son, Cigar Manufacturers, 502 St. Paul street. MONTREAL, Aug. 4, 1891. My head was literally full of dandruff,

and nothing applied gave visible relief until using Anti-Dandruff, a few applica-tions of which has so thoroughly removed the dandruff that there is not a grain to be found. W. H. O'REGAN, Ry. Mail Clerk. My wife and self had dandruff and lots of at, accompanied by almost contained iteming of the scalp. Anti-Dandruff entirely relieved us from both annoyances, and we think it the beet preparation known to clean out Dandruff, tone the hair, and act as a dressing without giving an unnatural appearance.
L. W. KNOWLTON,
Conductor C.P.R., between Montreal and

For the past year I have been troubled to a very great extent with dandruff, also a dullness of color in my hair, and, through the advice of a friend (who spoke from experience), I tried your Apti-Dandruff, which, upon the application of less than a bottle of your liquid, I find my head not only thoroughly cleansed, but a vast improvement in the color and growth.

I have and do recommend it as highly beneficial to the profession and public generally as an agreeable and welcome innovation in the remedies put forth for public favor. Yours, &c., WM. P. WOLFE, Advertising Agt. "Frank Daniels Co." (now Queen's Theatre), season 1890-91.

THE COMMERCIAL MAN'S GRIP. I have long looked for a preparation that would keep my head clear of dandruff, but always failed to receive any material benefit until a friend recommended Anti-Dandruff, which I used with perfect success. It not only removed the dandruff with three applications that the product the applications that the statement of the supposition only removed the dandrun with three appli-cations, but stopped the annoying itching of the scalp, and rendered the hair soft and pliable, without leaving an appearance of a dressing being used. It now occupies a per-manent position in my grip. It is pleasant to use, and with pleasure I recommend it. D. O. ROBLIN, Representing H. Corby, Wholesale Liquors, Relleville, Ont.
