DRY CHEEKS AND GOOD HEALTH

me Through Keeping the Blood in a Rich, Red and Pure Condition.

When a girl—or a woman—finds her face fading, when her cheeks and lips grow pale, and she gets short of breath, and her heart palpitates after the slightest exertion, or under the least excitement, it means that she is suffering from anæmia—thin, watery blood. Headaches and backache frequently accompany this condition, and nervousness is in present.

The remedy for this condition is to build up the blood, and for this purpose there is no medicine that can equal Dr. Williams' Pink Pills. They build up and give the blood, bring brightness to the face, color to the cheeks, and a general feeling of renewed health and energy; only other treatment needed is plenty of sunlight, moderate exercise and good food. The girl or woman who uses this treatment a fair trial will soon herself enjoying perfect health. Mrs. Ann Shook, R. R. No. 1, Lyndhurst, Ont.—"I cannot speak too highly of Dr. Williams' Pink Pills, for I believe they saved my daughter's life. She was terribly run down, pale, and despondent, and people who considered her in a decline. The doctor who treated her did not help her, and then I decided to give her Dr. Williams' Pink Pills. This decision proved a wise one, for before six boxes used she was much better. I got six boxes, and before they were gone was in the best of health. When she used the pills she weighed 90 pounds, and under their use her weight increased to 127 pounds. I strongly urge all mothers of weak girls to give Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills at any dealer in medicine, or by mail. A box or six boxes for \$2.50. The Dr. Williams' Medicine Co., Lowell, Mass., U.S.A.

THE July and August meetings of Tecumseh Chapter, I.O.D.E., have been cancelled by order of the executive.

RUNNING and Tennis Shoes for women and children. All sizes, best make.—P. DODDS & SON.

DETROIT has given up the idea of holding a World's Fair in 1922. The business men of the city opposed it.

THE Andrews Wire Works Co. staff and employees will hold their annual picnic to Pt. Frank next Saturday.

A CORNELL professor says the world will freeze solid within a few thousand years. Wonder if it will make ice any cheaper?

IT is to be hoped that that 1000 mile hole in the sun does not get any larger if the heat is governed by the size of the hole, as astronomers aver.

WITH a Waterworks system the cost of oil for the streets will be saved. This is getting to be a heavy expense and should be taken into consideration when you cast your vote on Monday next.

JUNE, leafy June, with its roses and weddings and all the rest of it will soon be gone. Where in the world could you beat old Ontario at this glorious time of year?

HELP WANTED—Male and female. Steady work. Good pay. Nine hours per day, five hours Saturdays. The best of working conditions. See W. L. MILLAR, Superintendent, The Andrews Wire Works of Canada, Ltd.

A FAR greater trade in Canadian farm stuffs is done in our own cities and towns than is done abroad. This fact is mentioned by the Canadian Trade Commission, not minimize exports but to show the unrecognized importance of our home markets.

"You can't rub rheumatism out," says an article in a Toronto paper. No, nor drive it out, nor coax it out, nor frighten it out, nor get it out by any means under the sun yet discovered. It may occasionally go away on a visit, but it is certain to come back as an undesired cat.

AT Washington a reception a lady whispered in a shocked voice to Senator Nelson: "Look at that girl! I never saw such a décolleté blouse, and such a short skirt, and such transparent stockings. I'm shocked beyond words, for I always thought her a very quiet creature."

"Perhaps," laughed Senator Nelson, "she is one of those who believe and practice the good old saying that young girls should be seen and not heard."

THE wide lawns, beautiful flowers and luxuriant shrubbery of Mr. A. G. Brown's residence have seldom shown to such advantage as on last Friday evening when they were so hospitably thrown open to the public and Tecumseh Chapter, I.O.D.E., added to the general attractiveness by serving a delicious supper, in which strawberries (donated by Mrs. Brown) formed the leading feature. Guests were present from Edmonton, Regina, Saskatoon and Capt. Bury Binks, who is visiting at Mr. E. D. Swift's, and who has lately returned from overseas, contributed very materially to the success of the evening by playing several piano solos with his well-remembered brilliancy. The proceeds of the social amounted to \$20.

WITH the rapidly increasing number of autos the dust is getting worse each year. With a plentiful supply of water at each street corner the entire town could be sprinkled throughout the dry season at less expense than oil for the main street.

THE funeral of the late Mrs. Elijah Lambert was held from the family residence, Simcoe street, on Thursday afternoon of last week at the Watford cemetery and was private. Rev. J. C. Forster conducted the service, assisted by Rev. E. H. Sawers. The pallbearers were six nephews, C. Boyle, R. Boyle, T. Ward, C. Wright, J. Lambert, and W. Lambert. THERE is a good deal of speculation going on about the probable effect of the Senate's stand upon the coming referendum in Ontario. It is considered altogether probable that the blocking of the Federal order will mean a verdict of "No" to all four questions to be submitted. It is reasoned that the man who would have voted for one of the middle courses, believing that an extreme prohibition law was not advisable, will now favor the Ontario Temperance Act as it stands. He will not favor further changes for securing liquor when any man may readily have it delivered to his home. Government sale in shops for home consumption will not interest the average man much when he is able to get it in other ways.

THE DOMINION is fifty-two years old next Tuesday.

ALVINSTON lawn bowlers play a league game at Watford next Wednesday.

WHITE SHOES and Oxford shoes for women and children. All summer shoes at a reduction.—P. DODDS & SON.

WATERWORKS will make a substantial reduction in your fire insurance premiums. Take this into consideration when you record your vote on June 30th—next Monday.

UNCLE RASTUS says: "The politician these days am like ma turkey gobbler—he hops up on de fence and makes observations an' tries to hop down on de side where am de mos' co'n."

REV. W. J. FORD of Glencoe and Mrs. Hopkins of Hamilton were united in marriage at that city on Wednesday of last week. Mrs. Hopkins formerly resided in Glencoe.

THERE were thirty-one autos parked on the government lot at 10 o'clock last Saturday night. It is a nice, convenient place to park cars and would be still better if the weeds thereon were cut.

THE one-hundred-year old hand engine is about on its last legs. What do the ratepayers intend doing about fire protection? Are you going to risk the chance of all the end of the month. THE BRITISH army clothing department have made the first issue of a ribbon for the new general war service medal. The Allied Victory Medal ribbon and design, which have also been decided upon, will be issued only to those who have served in a theatre of war.

THERE is a great demand for farm help in Ontario, and the High School boys and girls, who, during the past two seasons, were allowed to leave school early in June in order to help fill the gap, are greatly missed this year owing to the regulations being fulfilled in pre-war years regarding their attendance at exams. Until the end of the month, the provincial bureaus cannot begin to cope with the demands for adult labor that are coming from nearly all rural sections in addition to the requests for the boys and girls for lighter work.

Walter Restorick joined the 63rd Battery and was on the battle front about two years, and Murray Mitchell was attached to a Victoria battalion and was overseas for about a year. They have all done their bit for King and Country and their services are duly appreciated by those who stayed at home, who extend to them a hearty welcome home.

HAVE YOU ever heard of "The Miracle Nation of the World"? Do you know the nation that is going to surprise the world? On Sunday evening in the Watford Congregational Church the pastor, Rev. T. DeCourcy Rayner, is going to tell about this wonderful nation, in his series of messages on "Prophecy and the Present World Crisis," this one being "No. 3, God's Plan for the Jews." The World's future is bound up so inseparably with the destiny of the Jewish nation that we need to keep our eye on the Jew. You are invited to the service. Bring your Bible with you. The morning topic will be "Voices of God," being the second of the series of "Songs of the Heart."

A CONNECTICUT soldier, Gunner Harry Smith, who enlisted in the Canadian army, writes the New York Times expressing his gratitude for his treatment by this Dominion. He is worth quoting: "I was discharged one hour after arriving in Canada from overseas, and equipped with my first month's gratuity allowances, transportation, and service badge, was on my way home to the United States in 'jazz time.' We were also allowed \$35 for civilian clothing. I am now receiving \$70 and my wife \$30 per month for the time stated. My wife received \$30 per month during my absence plus foreign exchange money. I cannot speak too highly of this wonderful country which treated us American volunteers like 'gentlemen.'" Gunner Smith, who feels he was treated like a gentleman, has acknowledged it like one.

WHILE it is true that various factors contribute to increase or reduce the attendance at schools in given sections of the country, it is worthy of comment that in the States having a high percentage of improved roads a much larger percentage of rural students enrolled regularly attend the schools than in the States having a small percentage of improved roads.

IT is reckoned that nearly one thousand horses in Western Ontario died through the intense heat of the past month, kept centry alone expressed best wishes for the continued good health and placid contentment of their guest, who is now in her 94th year. The ladies brought with them the necessary lunch to increase the enjoyment of the occasion and after this was partaken of "God be with you till we meet again" was sung and the invading company departed for their homes, all regretting the early removal from their midst of so charming and lovable a neighbor.

THE Methodist garden party held on the church grounds on Tuesday evening was a splendid success in every sense of the word. The weather was ideal and the arrangement for convenience and comfort of the great throng of people attending from miles in every direction was splendid. The supper could not be surpassed and too much cannot be said for the character and quality of the program which was given entirely by local artists excepting several readings by Rev. J. C. Reed B. A. of Strathroy. The proceeds were highly satisfactory. All were much pleased with the festival.
