Lift off Corns!

Doesn't hurt a bit and Freezezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting then shortly you lift that bothersome corn or callus right off, root and all without one bit of pain or soreness. Truly! No humbug!
