### WOMEN'S INSTITUTE OF NOVA SCOTIA

"For Home And Country,"—Scope of Institute Work—Its National-wide Usefulness

The motto of the Women's Institute is "For Home and Country," but this does not mean that their work stops at the Provincial or at the National border.

The home takes first place, and rightly so, for it is a truism to say that "the home is the foundation of the State." Every phrase of home making is studied and an effort is made to uplift and improve home conditions: Nutrition, sanitation, home nursing and the study of proper clothing all receive attention.

The community, too, feels the Institute influence. The school is a special object of interest. Sanitary conditions in the community, providing playgrounds for children and older boys and girls, community halls, community singing and entertainments, the care of the sick, the poor and the needy, building sidewalks, caring for the cemeteries and many kindred activities make the Institute a live force in the community.

From the community the influence radiates out through the country and the Province. The Institutes are working for the comfort of those who are in the hospitals and the county homes. The Infants' Home, in Halifax, has rather a special place in the hearts of the Institute members and many are the garments, the barrels of apples and vegetables, jars of jam and other gifts which are sent from the Institutes to this institution. An interest is also taken in the Institute for the blind and the orders which are sent for brooms help the blind who are learning to help themselves.

During the war, most of the Institutes turned their attention to the most pressing need of the hour, and the record of Red Cross work done during those dark days, is a tale of faithful service unselfishly rendered.

The war is over but the cruel aftermath has not yet passed and the Institutes are not forgetful of the fact that they may also have a hand in the healing of wounds left by the war. "Collecting for starving children of Europe," "Clothing sent to destitute Armenians," "Collecting for Russian Famine Funds," "Sending contributions to Vimy Ridge Memorial Church," and many other such items appear in the Institute reports.

The selling of poppies on the anniversary of the signing of the Armistice was a service rendered by many of the branches.

The Institutes work first for home, then for country, and after that they welcome any avenue of true service anywhere in the whole wide world.—Mrs. H. S. Cunningham, Publicity Secretary.

### PHINNEY'S COVE

On a foggy morning, early in the month, a splendid three-masted schooner, the Minas King, from Parrsboro, ran ashore a few rods West of Mr. Watson Bent's. She was heavily loaded with plaster-rock. As the tide ebbed her hull settled to the rise and fall of the ledges on which she was lying, and it was feared that she would not float again. But all possible repairs were made during the day and with the return of the tide in the evening she floated, to the joy of the crowd who spent the evening on the beach to see what the issue would be. A cheerful bonfire was lighted and about thirty-five old and young remained until the schooner went safely away about nine o'clock.

A sale was held at Mr. Vernon Bent's on the 16th for the benefit of the church. In spite of bad weather, a good number of our people gathered and spent a pleasant evening and enjoyed some good pies and cakes with hot tea and cocoa. It is proposed to continue these pie sales monthly, holding them on the Friday evening, on or next preceding the full moon. The next will thus come on November 3rd, and will probably be held at Mrs. Frank Chute's. We will be pleased to have our friends from Hampton, Young's Cove and elsewhere, join us on these occasions. Our ladies can make good pies.

Mr. Howard Kathrens, of U. S. A., visited his brother, Benjamin, and sister, Mrs. Smith, recently, not having been here for about forty years. Miss Edna Banks returned to Mrs. W. B. Chute's, Bridgetown, after spending a week at home.

### WORDS OF PRAISE FOR BABY'S OWN TABLETS

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; relieve colds and simple fevers; promote healthy sleep and make teething easy.

Concerning them Mrs. Omer LeBlond, Madineton Falls, Que., writes:—"I am well satisfied with Baby's Own Tablets and will always use them for my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**HON. E. H. ARMSTRONG RETURNS HOME**  
Winnipeg.—Hon. E. H. Armstrong, Minister of Public Works and Commissioner of Mines for Nova Scotia, accompanied by Mrs. Armstrong, returned to Halifax via Minneapolis after a tour of the Prairie Provinces and British Columbia. While in the West Mr. Armstrong visited numerous public buildings in all the Provinces, and looked into the mining industry in Alberta and British Columbia.

**ST. CROIX COVE**  
Mr. Hartley W. Brinson, Paradise, spent the week-end, at the home of his parents.

Mr. and Mrs. Frank Chute, Phinney Cove, were recent visitors at the home of Mr. and Mrs. B. Poole.

Master Harvey Poole presented the writer with a ripe raspberry picked October 9th.

### GOOD PAY

The salary which Sir Henry Thornton is to receive as President of the Canadian National Railways is \$50,000 a year. To the average man, this will seem high, but when the magnitude of the task is considered, and the good that a first executive can accomplish is realized, it is not unduly high. If Sir Henry can translate deficits of 50 millions a year into surpluses, or even into an even break, \$50,000 a year will be a small price to pay for the service.—(Ottawa Journal.)
