BONE FERTILIZERS.

ST. CATHARINES, Jan. 11th, 1890.
GENTLEMEN—This is to certify that I used one ton of your Sure Growth Fertilizer on barley, spring wheat, oats and corn, and must say am well pleased with it. Am satisfied that the yield was better and also obtained a good stand of clover. The season being very bad owing to the excessive rains in the spring followed by extreme drought, we did not get as good results as had there been a favorable season. I also bought another ton in the fall to put on my wheat, and must say there is a marked difference where I used it and where I did not apply it; can recommend to all my brother farmers.
(Signed) **W. A. N. WEST.**

BEAMVILLE, Jan. 8th, 1890.
GENTLEMEN,—Have used your Fertilizer the past season, will say I am well pleased with results for the following reasons: 1st. My grapes were harvested a week or ten days earlier and berries larger and sweeter and ripened more even. 3rd. Vines in better shape for next year's crop. Also used it on pears with good results, they were smoother and more even in size, and am pleased to order another ton for this season.
(Signed) **SAMUEL M. CULP**

THE GENUINE TOLTON PEA HARVESTER

THE MONARCH OF THE PEA FIELD

The most successful harvester manufactured, and the greatest labor-saving machine in use—harvesting from eight to ten acres per day in the most complete manner. It is endorsed by all first-class farmers who have this Harvester to be as useful in the pea field as the mower is in the hay field. It can be attached to any mower bar, and has the only Vertically Acting Lifter, having a practically successful movement to suit the unevenness of the land, of which we are the Sole Manufacturers and Patentees. Send for circular with prices and instruction, and order early and secure one.
