IN THE MATTER OF

The American Asbestos Company, Limited,

IN LIQUIDATION

The undersigned Joint-Liquidator will sell by

PUBLIC AUCTION

at the office of Messrs. ROYER & BURRAGE,
87 Wellington Street, Sherbrooke, Que., at
eleven of the clock in the forenoon,
on the

EIGHTH DAY OF SEPTEMBER NEXT, 1897

the Asbestos Mining Property and Plant of the
said Company, at Black Lake, in the
Province of Quebec,

situate upon the parcel of land known and distin-
guished as the southerly ends or halves of lots
number twenty-seven and twenty-eight, in range B
of the Township of Toleraine, in the County of
Megantic, containing about one hundred and four
acres of land.

The property is situated about one mile from
Black Lake, on the Quebec Central Railway, on
the main road leading from Black Lake to Thetford
mines. It is in the midst of the asbestos bearing
belt of serpentine from which the greater part of
the world's supply of asbestos is mined. The mine
has been operated by the American Asbestos
Company since 1888, and has been a steady pro-
ducer of a very fine grade of asbestos, nearly the
whole of the output of the mine since that time
having been supplied to prominent European man-
ufacturers of asbestos goods. The property is
splendidly situated and well adapted for the pur-
poses of asbestos mining, and is thoroughly equipped
with the most modern machinery for the econom-
ical handling of the rock and manipulating of the
fibre. Special machinery was placed last year for
fiberizing, the result proving very satisfactory.
There are a number of workmen's dwellings on the
property, sufficient to accommodate a large number
of men.

The machinery consists of four steel boilers
(300 h.p.), 16 x 24 Rand air compressor, 6 Inger-
soll & Rand rock drills, 4 duplex Bacon winding
engines, Blake rock breaker, special crusher for
fiberizing asbestos, Blake and Knowles steam
pumps, boom and cable derricks, ropes, pitcars,
steel rails, and a miscellaneous lot of tools, the
total value of plant and improvements amounting to
about \$45,000.

Tenders for the property will be received up to
the date of sale, the Joint-Liquidator reserving the
right to accept any such tender and withdraw the
property from sale, and further reserving the right
to place an upset price upon the property at such
sale, and make such other conditions as they may
see fit. The property is open to inspection at any
time. Inventory can be seen, and any further in-
formation will be furnished on application to the
undersigned.

JOHN J. PENHALE,
R. R. BURRAGE,

Joint-Liquidator

Sherbrooke, Que., May 31st, 1897.
