

If you have a patient
who does not improve
to your liking under
your usual Uterine Tonic
we ask you to prescribe

Viburno

This combination of
the two Viburnums, with
Saw Palmetto and other
valuable adjuvants, we
believe, possesses a ther-
apeutic activity unequall-
ed by any similar prepar-
ation.

Formula, Literature and Sample cheerfully
placed at your disposal.

Frederick Stearns & Company
