

PURE COD-LIVER OIL,

Manufactured on the Sea-Shore, by HAZARD & CASWELL, from Fresh and Selected Livers.

The universal demand for Cod-Liver Oil that can be depended upon as strictly pure and scientifically prepared, having been long felt by the Medical Profession we were induced to undertake its manufacture at the Fishing Stations, where the fish are brought to land every few hours, and the Livers consequently are in great perfection.

This Oil is manufactured by us on the sea-shore, with the greatest care, from fresh, healthy Livers, of the Cod only, without the aid of any chemicals, by the simplest process and lowest temperature by which the Oil can be separated from the cells of the Livers. It is nearly de-

void of color, odor, and flavor—having a bland, fish-like, and, to most persons, not unpleasant taste. It is so sweet and pure that it can be retained by the stomach when other kinds fail, and patients soon become fond of it.

The secret of making good Cod-Liver Oil lies in the proper application of the proper degree of heat; too much or too little will seriously injure the quality. Great attention to cleanliness is absolutely necessary to produce sweet Cod-Liver Oil. The rancid Oil found in the market is the make of manufacturers who are careless about these matters.

Prof. Parker, of New York, says: "I have tried almost every other manufacturer's Oil, and give yours the decided preference."

Prof. Hays, State Assayer of Massachusetts, after a full analysis of it, says: "It is the best for foreign or domestic use."

After years of experimenting, the Medical Profession of Europe and America, who have studied the effects of different Cod Liver Oils, have unanimously decided the light straw-colored Cod-Liver Oil to be far superior to any of the brown Oils.

The Three Best Tonics of the Pharmacopœia: IRON—PHOSPHORUS—CALISAYA.

CASWELL, HAZARD & Co. also call the attention of the Profession to their preparation of the above estimable Tonics, as combined in their elegant and palatable **Ferro-Phosphorated Elixir of Calisaya Bark**, a combination of the Pyrophosphate of Iron and Calisaya never before attained, in which the nauseous inkiness of the Iron and astringency of the Calisaya are overcome, without any injury to their active tonic principles, and blended into a beautiful Amber-colored Cordial, delicious to the taste and acceptable to the most delicate stomach. This preparation is made directly from the **ROYAL CALISAYA BARK**, not from ITS ALKALOIDS OR THEIR SALTS—being unlike other preparations called "Elixir of Calisaya and Iron," which are simply an Elixir of Quinine and Iron. Our Elixir can be depended upon as being a true Elixir of Calisaya Bark with Iron. Each dessert-spoonful contains seven and a half grains Royal Calisaya Bark, and two grains Pyrophosphate of Iron.

Ferro-Phosphorated Elixir of Calisaya Bark with Strychnia—This preparation contains one grain of Strychnia added to each pint of our Ferro-Phosphorated Elixir of Calisaya Bark, greatly intensifying its tonic effect.

Ferro-Phosphorated Elixir of Calisaya with Bismuth, containing eight grains Ammonio-Citrate of Bismuth in each table-spoonful of the Ferro-Phosphorated Elixir of Calisaya Bark.

CASWELL, HAZARD & CO., CHEMISTS AND DRUGGISTS, New York.

CUTLER'S POCKET INHALER AND Carbulate of Iodine Inhalants

A REMEDY for all NASAL, THROAT and LUNG Diseases, affording relief in some cases in a few minutes.

This instrument is gotten up on an entirely new principle, and is well adapted to the treatment of all those diseases of the air passages requiring efficient inhalation. It is endorsed by many leading practitioners, and commends itself to all desiring an apparatus.

Dr. George Hadley, Professor of Chemistry and Pharmacy in the University of Buffalo, in a carefully considered report upon its merits, concludes in these words:

"On the whole, this Inhaler seems to me, to accomplish its purposes, by novel, yet by the most simple and effectual means; to be philosophical in conception, and well carried out in the execution."

Always ready, no danger of breaking or spilling, besides being as safe and efficient in the hands of the novice as the adept. Made of Hard Rubber, it may be carried about the person as handily as a pencil case, and used regardless of time or place. Patented in the United States, England and Canada. Over 50,000 now in use in this country.

Price \$2, including Inhalant for two months' use. Neatly put up and sent by mail free, on receipt of price. Extra bottles of Inhalant, 50c. Liberal discount to the trade. Kept by all druggists. Send your address and receive our descriptive circular, post-paid.

W. H. SMITH & CO.,

402 and 406 Michigan St., Buffalo, N. Y.

Samples to Physicians free by mail on receipt of \$1.

Awarded the only Medal and Special Diploma for Improved Pharmacopœia, Medicinal, and Mechanical Plasters, in Rubber Combination, over all Foreign and American Competitors, at Centennial Exhibition.

SEABURY & JOHNSTON,

MANUFACTURERS OF

Official, Medicinal, Spread, Porous, Silk, Mustard, Muslin Tracing Cloth, Kid, Corn, Bunion, and Court

PLASTERS.

Office, 30 Platt St., New York. Factory Brooklyn.

Direct producers of every conceivable Plaster used in Surgery and Pharmacy, of the most approved and improved character.

Special Formule made to order.

Every article guaranteed to be of strict Pharmacopœia strength, and incorporated with the most reliable Extracts and Drugs.

Belladonna Plaster.—We incorporate the Official Alcoholic Extract only. Recent analysis, fairly conducted by competent chemists, emphatically condemns the inspissated Extract as a mild and unstable product, representing but one half or less than one half of the strength of the U. S. P. Alcoholic Extract of Belladonna. The following result, published in the *American Journal of Pharmacy*, in April, 1876, page 145, is furnished for your consideration, which indicates the following percentage of Atropia in the respective Extracts:—

Alcoholic Extract Belladonna, U. S. P.	2,571
Allen's English Extract	1,411
Herring's " "	1,179

The practitioner, as well as ourselves, has but one choice.

Rubber Adhesive Plaster is applied without heat or moisture Very flexible, conforms instantly to the skin, is perfectly water-proof contains no irritating property Has no equal in counter-extension. Can be had on twilled linen. Adhesion is greatly increased by having it in porous form.

Mustard Plaster. An improvement over best French makers. Is spread on flexible muslin instead of paper.

Blister Plaster. Always reliable. Is more active than the Cerate. Is not impaired by age.

Capsicum Plaster. The best rubefacient known—mild, continuous, and stimulating. We do not incorporate the oleo-resin. We use the crude drug in sufficient quantity. Does not blister.

JUDGE'S REPORT (Condensed): Originality: The successful application of Rubber as a base for all Medicinal and Mechanical Plasters. **Reliability:** And general excellence of Manufactures.

The trade supplied by all Wholesale Druggists in Canada.
