

# DO YOU REALIZE THE FACT

## That One Packet

— OF —

# WILSON'S FLY = PADS

Will kill more Flies than 300 sheets of any  
sticky paper on the market?

## WHEN YOU DO

You will admit that attempting to banish these pests by the use of sticky  
paper is fruitless and absurd.

## WILSON'S FLY PADS

Kill Flies by the bushel and no other fly killer gives results at all  
approaching this.
