A Noble Book:

Republished by the Carters of New York, and can be obtained by any Bookseller in Canada

THE CITY, its Sins and Sorrows:

By Thomas Guthrie, D.D., of the Free Church, Edinburgh, Scotland, p.p. 215, with a valuable Appendix of facts, as proof of the "Sins and Sorrows." - PRICE 50c.

A Correspondent writes the following estimate of its worth:—"Every Minister of the Gospel should have this book. There is not a parent, who can read, but should have it, as every young man of any knowledgeable attainments. The 'Sins and Sorrows' so vividly referred to in this book, have their existences in the cities, towns, and villages of Canada, as well as in the localities of noted 'Corners,' where the evil influences pictured in it may be found. There appears no hope for anything else but an irreligious retrogression, as things at present are, so long as the causes exist, (created by man himself,) which Dr. Guthrie so truthfully lays before the world, notwithstanding the exertions of professing Christians with the help of Ministers, Churches, Sunday Schools, and Common Schools, and the circulation of religious books, religious newspapers and periodicals. The 'One great Sin,' nurtured by professing Christians, will destroy, as such has destroyed, the activities of all well-intentioned efforts of good people, enough to make angels weep, and man to mourn and cry. This book contains its picture."
