

ONTARIO BUSINESS COLLEGE, Belleville,

A REMARKABLE PHOTOGRAPH

Was taken in January, 1889, and is now hanging in the college. It contains representatives from TEN different colonies, provinces and states then represented among the students, as follows:—Barbados, West Indies; Bermuda, West Indies; Nova Scotia, Prince Edward Island, New Brunswick, Quebec, Manitoba, California, Montana, and every section of Ontario, from the County of Kent to the County of Prescott (including both).

A beautifully engraved copy of this photograph will be sent free to any address. Since it was taken Demarara, South America, has sent two students.

We present to the 7,000 teachers of Ontario the claims of an institution which, on its merits alone, and owing to the success of its graduates, enjoys a reputation throughout and beyond this continent, and an attendance so notable and extensive. The College this year attains its majority—it is 21 years old. Twenty-two states, provinces and colonies have been represented among its students. It has taken its place among the things that justify their own existence and are fully and finally accepted. Send for the circular either for yourselves or your pupils.—W. B. ROBINSON, J. W. JOHNSON, F.C.A., Principals.

Mr. Sinclair holds a First-Class Professional Certificate, Grade "A"; took First-Class Honors in Mathematics and Mental Science in Victoria University; has had a thorough training in the Normal Schools of Toronto, Oswego and Cook Co. (Ill.), and an extended, practical experience in the supervision of Primary Grades in Public Schools.

Extracts from a few of the Testimonials Received.

W. Houston, M.A., Toronto.—Have read your book with great interest. On the subject of teaching reading to beginners, I have arrived quite independently at your conclusions.

J. A. McCabe, M.A., Principal Normal School, Ottawa.—I am sure your book will prove to be, as you say in your preface, a very helpful one to primary teachers.

Col. F. W. Parker, Principal Cook Co. Normal School, Ill.—Your little book, "First Year at School," is full of excellent suggestions for teachers; I can heartily recommend it; you have caught the true spirit of primary teaching.

Dr. Sheldon, Principal Oswego (N.Y.) Normal and Training School.—It is a very pretty book, full of good suggestions; it should be in the hands of every primary teacher.

A. McIntosh, B.A., Principal Model School, Toronto.—I am satisfied that it will prove of great value to those engaged in primary teaching; the prominence given to the application of lessons taught, under the heading "Busy Work," is an excellent feature. I can unreservedly recommend this work.

E. Alexander, Principal Model School, Galt.—You have made the primary teachers of the Province your debtors; you have shown the true way to educate junior classes. The work is timely, complete, and sure to be a success.
