The Eagle Steam Washer

IS THE
BEST
WASHING
MACHINE
ON
EARTH.

NO HOME IS COMPLETE WITHOUT THE
EAGLE STEAM WASHER.

MESSRS. FERRIS & Co.,

DEAR SIRS,—About two years ago I was in Philadelphia, and while there I bought one of your Steam Washers, and brought it home to my wife. She has been using it ever since, and is well pleased with it. It does all you claim for it, and every family should have one, for the saving on clothes every few months would more than pay for the machine.

Batteries and Electrical and Electro Medical Apparatus of all kinds made and repaired. 3 Jordan Street, Toronto.

THE EYE

This little girl can truly say, "that whereas I was blind now I see." She was in the hands of one of Toronto's Eye Specialists—the same man, by the way, who permanently blinded a man by the name of Patterson from Norway—had she remained long, she too would have shared the same fate, but her father saved her sight by changing doctors, and giving Dr. McCully the case. Will the Ontario Legislature give the poor dear men a little more protection? Who will say they do not need it? But how about their victims? Dead men tell no tales. What a blessing to ye medical profession, but the blind and the cripples, mangled by medical ignorance do sometimes create unpleasant feelings. Why not pass a law to suppress this class of finished work? The medical man hates to own it. A man called Peter Cook, a Greek by birth, was fired out of the Hospital last week. He was there two months, under a learned Specialist. After two months of exploration that wisacre concluded the case was beyond his ken, and so packed him out. It cost this poor man \$14.40 for board while this embodiment of wisdom was making a tour of discovery. The whole trouble was a growth about the size of a large orange on the right side of the man's neck. Well, he came to Dr. McCully and was examined and in half an hour this so-called tumor was "NO MORE." and its contents sat on the doctor's table as a monument of the ignorance of men permitted to practice and experiment on the lives of the poor people who are forced by poverty to seek relief in that medical and surgical death-trap. By the way, as this case is quite up to the average hospital practice, will some doctor kindly say what the chances of the people of this Province are when a horde of M.D.s. ground out under this regime are let loose every spring? Dr. McCully treats all chronic diseases of men, women and children of every part of the human body; performs all kinds of surgical operations, and can be found at his office from 8 a.m. to 8 p.m. every day except Sunday. Consultation free. Terms, pay as you go. Address, DR. McCULLY, 283 Jarvis Street, Toronto, Ont.
