SCOTCH NEWS.

(From the Glasgow Herald of July Sth.) We understand that Mr. Duncan, manager of the Glasgow Tramway Company, sold on Wednesday to Lient-Col. Powoll, as representing Her Majesty's Government, twenty mules,

for war purposes. In connection with the out-door midwifery department of the Western Infirmary, Dr. M. Cameron, with Mr. David W. Torrance, medical student, sttended, on Saturday, a poor woman in M'Adams Laue, who was safely delivered of triplets The mother and three daughters are all doing well.

Prince Krapotkin, the distinguished Russian exile, whose article on the revolutionary movement in Russia in the current number of the Fortnightly Review has excited so much notice, is, we learn, at present in Glasgow, and will address a public meeting, under the anspices of the Red Cross Society, in the City Hall, on Tuesday evening first.

At a meeting of the Durdeo Liberal Asso-ciation on Tuesday, a resolution was passed supporting the roling of the Chairman of Committee in regard to the inish obstructions. Resolutions were also adopted urging the Government to gress on the House of Commons their procedure resolutions. It was further agreed that the report of the proceedings of the meeting, and copies of the resolutions should be sent to the Prime Minister and the members for the burgh.

A waterspout broke above Arrochar on Friday week, between four and five o'clock P. M., doing great damage. The hillsides were de-luged, and immense quantities of debris and large boulders swept towards Lochlong. The scene is described as terrific, as the mass of water swept with tremendous force shorewards, carrying away everything in its course. Fortunately there are few houses in the neighborhood, but the roadway bridge near the manse is reported as totally wrecked. Further down the loch the burns rose with great rapidity and overflowed the fields, doing tion of one, he now begged to present them some damage. At Garelochead the people with 15 volumes as a beginning, and he had were amazed to see the burns on the west side | no doubt their many kind friends would conenly rise in flood and cover the hillside, while in the village not a drop of rain fell and the burns were very low. The damage is estimated at many hundreds of pounde. Amongst the passengers by the Royal Mail steamer Minho, which arrived at Southampton on Saturday, are Captain Hall, his wife and child; five of the crew of the British baraus Roseneath, which foundered at sea on the 12th May. The Rosensath belonged to Glasgow. She left Mejillonts on 12th April, and encountered terrific weather until 12th May, when she was abandoned, Capt Hall, his wife and child and six of the crew taking to the lifeboat and five others to the pinnace, with the object of making for Tierra del Fuego, in the Straits of Magdelan. After nine days terrific suffering in an open bost from cold, having snow and hail showers all the time, during which one man died, they were picked up on the morning of the 21st by the German steamer Marda, bound from Valpraiso to Hamburg. They were landed at Montevideo, and brought on to Southampton by the Minho. The pinnace with five of the crew reparated from the lifeboat, and is missing. I mentioned the other day, says a London correspondent, that the visit of M. de Lesseps te England was connected with another gigantic orgineering enterprise. I am now in a position to announce that Sir E. Watkin and M. de Lesseps have had a conversation together on the practicability of constructing a submarine tunnel to connect Scotland with Ireland. The points of connection at present under consideration are Portpatrick in Scotland and Donsghadee in Ireland. M. de Lesseps has consented to become a member of an experimental committee formed for the purpose of taking soundings and making borings for the purpose of ascertaining the feasibleness of the scheme. The suggested tunnel would be only 11 miles long, or about half the length of the Channel Tunnel. Nothing defluits has yet been decided as to how the scheme will be carried out, but it is in good hands, and something more may be heard of it in the course of a few weeks.

Mr. BABTON followed, and, giving some facts and scenes " as to Ireland, remarking that the Government had always effected their coercion with such weakness that the Irish people were not grateful for their gifts and did not fear their blows, because they saw their glifts were wrung from doward hearts, and their*blows were struck by a coward hand. (Applause.)

Dr. J. A. CAMPBELL, M. P., proposed a vote of thanks to the speakers. Taking the opportunity of making a speech, he remarked that, via the St. Lawrence has fairly commenced. without being uncharitable, they must hold The Western grain markets during the past that to a considerable extent the Government week have been subject to violent fluctuawere to blame for having dealt with Ireland in such a fashion as not to encourage the cause of good government and order. (Applause.) He attributed this to irresolution and vacillation on the part of the Government. Regarding the cloture, the Conservative party, he said, felt to a man that they must resist such a proposal. (Applause.) He contended that the business of Parliament was ill managed, and said that the delay and the small amount of work done must be laid chiefly at the door of the Government, who didn't manage matters better. (Applause). Mr. THOMAS STEWART seconded, and the motion was agreed to.

OUB LADY OF ANGELS, POINT ST. CHARLES.

DISTRIBUTION OF PRIZES

The closing exercises and distribution of prizes] took place at the convent school of Our Lady of Angels, Point St. Charles, which is conducted by the esteemed Sisters of the Congregation of Notre Dame, to whom we owe so much for the care and interest they have always taken in the education of our children. The distribution was presided over by the Rev. Father Hogan, and about 300 young ladies were rewarded for their labors during the year. Crowns of Honor for good conduct were presented to the following young ladies: Misses Mary Jane Fennell, Bridvac, Alice Holland, Annie McMahon, Ida Lussier.

The following silver medals were presented by Mr. P. S. Murphy :- For punctuality, composition and writing to Mary Jane Fen-Catherine Lakin; linear drawing, Catherine O'Neill; politoness and application, Bridget Slattery; domestic economy, Esther Jones and Amanda Yelle; application, Mary Taylor; punctuality, Eliza Tougas; application, Bessie Cogan and Mamie Cogan; good conduct, politeness and regular attend. ance, Meggie Enright, A Whelan, M Coogan ; good conduct and application, Delina Vincent and Maggie Meany. Extra gold medil by Mr P S Murphy, for general deportment to Miss Mary Jane Fennell.

Premiums for music were awarded as follows :- 1st prize, Miss M J Fennell; 2nd prize, Misses C Clark, M A Coogan and J Meehan ; 3rd prize, Miescs J Garlepy, A Foley, V Lomas, M A Quine, B Cogan, M Barry, M L Vidal, K O'Ncill, L Gilman, G Cote.

An address was delivered by Miss Mary Jane Fennell, thanking the Rev. Father flogan for his kindness during the year and the interest he had shown for the advancement of the pupils ; to which the rev. gentleman answer d, showing that he was well pleased with the progress made, and closed by wishing them all a happy and pleasant vacation.

Mr. P. S. Murphy, who has always taken a great interest in this school, said, among other things, that be thought the good and devoted Sisters should have a library for the use of the pupils, and that to encourage the formaibute to this good work. Among the volumes presented by Mr. Murphy we noticed : Life of Pope Plus 1X. Sermons of Father Burke, Postical Works of Thomas Moore, and also of our Irish Canadian postess, the gifted Mrs. Leprohon. USSPEAKABLE TOBTURES are experienced by the neuralgic, and these beset them upon the slightest occasion, particularly when they catch a triffing cold. Until the attack passes off they are racked with pain and rendered helpless and miserable. Their sufferings are, however, altogether unnecessary, for that pain-soothing specific, Dr. Thomas' Eclectric Oil, subdues the inflammation and trancullizes the tortured nerves in an inconceivably short space of time. This inexpensive, economic and effective preparation, which, unlike other oils, loses nothing by evaporation when applied outwardly, is also taken inwardly as a medicine. Used in both ways, it is a superlatively fine remedy for rheumatism. lameness, kidney troubles, piles, coughs, colds, bruises, burns, scalds, come and other physical ailments. Elderly people who suffer from sore or weak backs, should by all means use it. Sold by all medicine dealers. Prepared only by Nonterop & LYMAN, Toronto, 146 D Ont.

COMMERCIAL. WEEKLY REVIEW --- WHOLESALE PBIOES.

The wholesale markets with one or two exceptions have shown no improvement during the past week, but we may shortly expect a much brisker movement in trade circles. It is pleasing to notice a change for the better in both iron 'and dry goods and that the movement of the new crop of American grain via the St. Lawrence has fairly commenced. week have been subject to violent fluctuations and in consequence of the splendid har-vest weather in both the Western States and Canada, prices of wheat have at last dropped into the nineties, thus reaching something like a satisfactory shipping point. Charters for about 350,000 bushels of wheat and corn for shipment to Europe from Montreal are reported at Chicsgo. Owing to the increased movement of grain from western lake ports and the fact that nine Canadian steamships of the regular fleets have been chartered by the British Government for war services, ocean freights from Montreal are firm and advancing. Freight agents refuse to name rates very far ahead, but for shipments of heavy grain within the next few weeks about 5s per qr. would have to be

paid. BOOTS AND SHORS .- The shipment of fall goods from the city factories continues on a large scale, and we are glad to hear that remittances are giving every satisfaction. Travellers now on the road in search of sorting up orders are succeeding quite as well as expected, and during the week several large buyers were here and left good orders. Men's thick boots, wax, \$2.25 to 3.25; men's split boots, \$1 60 to 2.25; men's kip boots, \$2 50 to 3 25; men's calf boots, pegged, \$3 to 3 75; men's kip brogans, \$1 35 to 1 40; men's split do 90c to \$1.10; men's buff cong ress, \$1 50 to 2 00; men's buff and pebbled balmorals, \$1 75 to 2.25; men's split do, \$1 25 get Slattery, Oatharine Lakin Maggie Ellis An-gelina Mongeau, Aloysia Mongeau, Oriana Le-pebble and buff balmorals, \$1 00 to 1 50; do split bal orals, 90c to \$1 10; do prunella balmore e, 50c to \$150; do interior balmorals, 15 to 50; do cong. balmorals, 50c to \$1 25; 'o buckskin balmorals, 60c to 80c; Misses' pebbled and buff balmorals, 90c to nell; punctuality and application, Annie Foley; punctuality, knitting and sewing, Angelina Mongeau; sewing, Jessie Kin;; application, Maggio Ellis; good conduct, balmorals, 60c to 90c; do split balmorals, 50c to 60c; do prunella baimorals, 50c to 85c;

infants' cacks, per dozen, \$3 75 to \$6.50. LEATHER.-There is no change to notice from last week and business is generally dull with prices at their former basis. Grained upper No 1, BA Spanish sole are the only grades in much demand on this market but the European demand still affords an outlet fcr some of our surplus bulf and split leathors. We quote: Hemlock Spanish sole, No 1, B A, 24c to 27c; ordin-ary, 22c to 242c; No 2, B A, 23c to 24c; No 2, ordinary, 22c to 221c. IRON AND HARDWARE .- Since our last there has been a decided move among iron buyers who see there is nothing for them but to enter the market at present prices or be "completely left." Some large sales have been made to city buyers aggregating over at \$21.50 to \$22; 200 Calder at \$21.75 to \$22, and sundry lots of Gartsherrie, Summerlee and Eglington on private terms. Orders are also in the market from points in the States. In Glasgow prices of iron have risen 2s to 3s \$21. Bar iron and tin plates are firm with 50 our outside quotations acked. Ingot tin is firmer in London at £104 107, and prices here and in New York are bigher. Recent advices show that stocks of iron in Scotland and the north of England have been considerably reduced and are still under-going a large reduction. We quote:-Pig iron per ton :--Siemens, \$22; Summerlee, \$21 50 to 22; Langloan, \$22; Egligton, \$20 50 to \$21; Carnbroe, \$21 50. GROCERIES .- Somewhat to the suprise of the trade, business is only in moderate volnine for this season of the year, although the demand from the country is fairly well kept up. The demand for anger has been less than it cught to be at this period, when grean fruit is supposed to be plentiful and to be preserved in some quantity for the winter. So far, however, donicatic truits have been scarcer and dearer than in former years. The ten trade is quist with some enquiry for basket-fired Japans at 25c to 30c. The sale of round lot of common Japave is reported at 18c. Japan, common, 15c to 20c; good common to medium, 22c to 27c; fair to gcod, 30c to 35c; fine to finest, 38c to 43c; cholcest, 45c to 50c. Nagasaki, 20c to 30c; Young hyson, firsts, 40c to 47c; seconds, 33c to 40c; thirds, 27c to 30c; fourths, 18c to 23c ; Gunpowder, low grades, 28c to 32c; good to fine, 35c to 45c; finest, 55c to 65c; Imperial, medium to good, 23c to 38c; fine to finest, 45c to 60c; Twankey, common to good, 00c to 00; Oolong, common, 33c to 38c; good to choice, 40c to 65c; Congou, to 35c; fine to finest, 40c to 55c; Souchong, common, 280 to 30c medium to good, Levernholm presided, and among those pre-sent were Dr. J. A. Campbell, M. P.; Pro-bessors Berry, Simpson, and Macklin. Professor WEEB said he was profoundly con-thord that in the present orbit Control of the present orbit cont of the present orbit cont of the present orbit

house, 340 to 35c. Coffees are moving slowly, the trade being fully supplied. Mocha, 290 to 310,70 G Java, 220 to 280; Plantation C, 190 to 220; Maracalbo, 120 to 140; Jamaica, 101c to 150; Rio, 100 to 120. Fruit is quiet pending the arrival of the new crop. London layers, \$310 to \$3.25; loose muscatels, \$2.95 to \$3.00; layers, \$2.90 to \$2.95; sultanas, \$101 to \$11; Valencias, 11c to 111c; Samos, 90 to 91c; currants, 60 to 61 figs, Eleme, 100 to 12s; ditto, Malaga, 5joto 6c.

At 2.30 p.m., in Liverpool cheese was at 57s 6d, but breadstuffs were easier. Red winter wheat was at 9s 6d to 10s; white at 9s 9d to 9s 11d and club at 9s 11d to 10s 4d. Weather

cloudy. In sympathy with the West the local breadstuffs market is very unsettled. In Chicago last night, August wheat was 25c lower at 99% and September 2% lower at 99c. Corn was ic to so weaker at 7550 August, 75ic September. Several more schooners and propellers have been chartered in Ohicago with grain for Kingston and Montreal. No great sales of grain are reported on this market. Canada red winter wheat is nominally quoted at \$1.34 to \$1.35; Canada white at \$1.26 to \$1.27; corn at 84 to 85c in bond; rye at 71 to 73c; oats at 471 to 48c and peas at 95c to \$1. In the absence of much demand the flour market is dull with prices in buyers' favor. Among recent sales is that of a round lot of extra at \$6 121 and of a smaller lot of medium bakers at \$615. We quote prices of flour as follows :- Superior extra, per brl, 6 15 to \$6 20; extra superfine, \$6 05 to 6.10; fancy, \$6 to

605; spring extra, \$585 to 600; superfine, \$5 15 to 525; Canadian strong bakers', \$6 50 to 6 75; American strong bakers', \$7 50 to 8 00; fine, \$4 50 \$4 75; middlings, \$4 to 4 20; Pollards. \$3 50 to 375; Ontario bage, medium to strong, \$2 90 to 3 00; do spring extra, \$2 80 to 2 85; do superfine, \$2 70 to 2 75; city bags (delivered), \$3 70 to 3 80.

In local provisions there is nothing much new. Last night in Chicago pork closed 5c to 10c weaker and lard 74c lower. Prices on this market were the same as quoted yesterday. Eggs are steady at 181c to 19c. The sale is reported of 200 boxes in 3 State cheese 11c and 850 boxes farm dairy at 10c to 10%c. A lot of 60 pkgs butter sold at 21c to 24c. At | and of judging of their islative merits. Utica the ruling price was 10 3c. Prices of butter on this market are unchanged.

Potashes are quoted at \$5 15 to \$5 25 and pearl at \$8 60 to \$8 70.

MONTREAL CATTLE MARKET .-- July 4 The market to-day was steady, as the receipts were only moderate. At Viger Market there were 200 cattle most of which were in three hands. Prices for good to fine stock were 41c to 51c and grass cattle sold at S25 to \$35 each. There were 300 sheep and lambs. The former cold at \$4 to \$6 each and the latter at \$2 50 to \$4. Some 29 calves sold at S4 to S10 each. There were about half a dozen milch cows which were held at \$40 and \$50 each. Batiset Roy, city trader, sold a load of cattle at 5 to 5]c and Mr. Trenholme, of Cote St. Paul, sold a small lots of grass fed oxen at \$4.62} per 100 lbs. Owing to the high prices of cattle in and about Quebec, several buyers from that city were again here on the lookout for stock, and M. Garry bought 12 head at 54c. R. Nichelson, of this city, bought 33 lambs at \$4 each

and 12 steers at \$45 each. Messra. Taillfeur, Benoit and Hammond had 130 cattle 8,000 tons. A lot of 2,000 tons Siemens went between them, and they reported sales at prices between 34c and 5c per lb, live weight. John Ryan & Co, of Lennoxville, bought a load of shipping cattle at Point St. Charles at 51c and the same gentleman is shipping 50 head on the Hanoverian which cost him 6c per 1b per ton, and freights to Montreal are 16s per live weight. At St. Gabriel market ton. Ex-ship at Montreal leading brands of to-day there were 150 to 200 ship-Scotch iron are held at \$22 and Eglington at ping cattle and dealerswere asking to 64c. Messrs Kennedy of Ace and Mr McShane were on the market but were cautious buyers, as there will be no space on the steamers for some days. About 4,000 sheep are awaiting shipment at Point St. Charles. Mr. McShane, later, purchased 100 cattle at

Decker Brothers, of the same city. Style of instruments to be best upright, square and small grand, the same conditions to apply in their selection. Two pieces to be played on each style of instrument. The performer for Decker & Son's pianos to be Mr. Frederic Archer, and for Decker Brothers Mr. S. B. Mills. One-third of the net proceeds to go to the

Notre Dame street Hospital. CANADIAN PIANOS.

Third Day .- A trial of the planes o Heintzman & Co., of Toronto, with those of Mason & Risch of the same city, the instruments to comprise three styles of each maker. viz: Upright, Square and Grand, the same conditions to apply in their selection. The performer on the Heintzman planes to be Mr. Oliver King, and on the Mason & Risch pianos Mr. W. Lauder, of Toronto. Each artist to play two pieces alternately.

One-third of the net proceeds to go to the Women's Hospital,

Fourth Day-A trial of the planes of R. S. Williams & Son, of Toronto, with those of any other maker in the Dominion; the instruments to be square and upright; the same rules to govern. The performer on the Williams pianos to be Mr. Ernest Longley; the other performer to be selected by the parties interested.

One-third the amount of the proceeds to go to the Ladies' Benevolent Society. The public to be the judges of merit in each case.

The proposal was accompanied by the following letter of the Company :

To the Chairman of the Musical Committee : Sis,-Believing that the musical attractions

inaugurated by this house last year brought thousands to the Exhibition, who otherwise would not have attended (the admissions on the day of Carreno's performance on the Weber Grand being the largest of any by several thousands), we are desirons to further supplement the attractions to visitors this year by a public competition and trial of leading piance, to take place in the Queen's Hall on four evenings during the Exhibition.

The scheme which we hereby submit will, we hope, meet with general approval. The performers named are those usually identified at $10\frac{3}{4}c$, and we quote $10\frac{1}{4}c$ to 11c. At dependence of the spatch states that yesterday at Little Falls with the respective instruments, and the 11,000 boxes of factory cheese sold at $10\frac{3}{4}c$ to public will have an opportunity of hearing the different instruments to the best advantege

If any of the parties named should refuse to enter others equally attractive would, no doubt, be glad to take their place. It is proposed to manage the recitals without expense to the committee, but their co-operation and assistance would be specially desirable.

MONTBEAL HORSE MARKET-JULY 22. This being a busy season with farmers the receipts of horses were light, and only one or two American buyers put in an appearanco. Mr. McGuire had ton horses for sale at the Corporation Market on College street. We understand that Mr. Alloway and Mr Johnson are again in Scotland, their intention being to buy some 90 Clydesdale horses to be shipped to this Continent in August, for breeding purposes in Canada and the United States. Already this year, as our readers may know, some 85 Clydesdales arrived in Montreal for the West, but as they had to be partly housed in open sheds for want of proper accommodation here the August consignment will probably go to one of the American ports. The Corporation market, it appears, has only 36 stalls, which are quite inadequate even for the ordinary trading, Montreal being, just now, the chief horse market of Canada. Last year the Corporation voted a sum for the erection of more stalls, but nothing has been done and if undertaken now it is estimated the work would cost fully \$3,000 more than in 1881. Better this, how ever, then that Montreal should loss the horse trade, of which there is some danger, as Americans and Ontario breeders are thoroughly disgusted with our wont of system for

horas accommodation. The following constitute the sole shipments this week to the United States :- July 17th, 1 mare for breeding purposes, \$300; July 20th, 9 horses, \$500; 1 do, \$120; 9 do, \$1,272 50.
