by catchy schemes and doubtful enterprises is surely short-lived. Misrepresentation and fraud backed up by truth, is as surely the forerunner of failure.

The Spramotor Company have been the first to give the fruit-growers and manufacturers of Canada a strictly reliable machine for a variety of purposes, the latest of which is applying coal tar as a paint mixture.

It is a brass machine being so perfect in its mechanism that it will whitewash, disinfect, paint with almost any known mixture—as well as spray fruit trees.

It is the subject of more patents than exist on all other appliances together—and yet it is sold as low—or nearly as low—as any other sprayer in the market.

We will also sell you the chemical to use with the Spramotor, or you can get it from your dealer yourself. The only advantage we offer you in this is it is guaranteed strictly pure, and at the lowest possible price. Copyrighted Treatise free.

The following resolution was adopted and ordered to be forwarded to the member for Sherbrooke: "That this council is most strongly opposed to the passing of Mr. Chicoyne's bill, prohibiting the granting of bonuses by municipalities to industries, and also to the passing of any measure which shall in any way prevent any municipality from granting whatever assistance it may think proper to any industry located or that may locate therein."
