

will be remembered, tied with Molson for first place in this event last year. It was expected that the Toronto men would have set such a pace that Morrow, because of subsequent races, would not dare to follow. It turned out that Morrow made the pace to suit himself in the first lap, allowed Warren to get a slight lead about the 500-yard mark, which he gradually reduced, and, passing him at the beginning of the stretch, won easily in 2 minutes 8 seconds. Teasdale and Graham fought hard for third place, finishing in the order mentioned.

The broad jump was performed with the sun in the eyes of the contestants. Ryan (M.) made a new record in this event by his first jump of 20 feet 10 1-5 inches. His subsequent jumps were 20 feet 10 inches and 19 feet 10 1-2 inches, getting, in the last, a very poor take-off. Worthington (T.) did not attain the 21-foot jump he was credited with the week preceding, and took second place with a jump of 19 feet 11 2-5 inches. Kent (M.) was third, clearing 19 feet 11 inches, and losing second place by less than half an inch. This was regarded as a proof of the honesty of the judges, some of whom happened to be wearing red and white ribbon.

The pole vaulting was not up to the average. There were but three contestants, one of whom represented 'Varsity, and succeeded in getting even third place with some difficulty. Dalgleish (M.) and Kent (M.) tied at 9 feet 4 inches for first place, and, in spite of repeated efforts, could only decide the matter by tossing a coin for the medals. Kent won in this proceeding.

Fraser (M.) was *facile princeps* in the throwing of the 16-lb. hammer, clearing over 100 feet on all three throws. His first throw of 105 feet 7 inches was the best. The former record stood at 94 feet 3 inches. Ogilvie's (M.) three throws ranged from 97 feet 10 inches to 101 feet 11 inches, McIntosh (M.) from 86 feet 9 inches to 92 feet 7 inches. McGill took all three places in this event, Ford's (T.) best throw amounting to about 84 feet.

When the 220 yards was called, it was considered advisable, in view of subsequent races, to keep Morrow out of the race, who, although suffering somewhat from his stomach, could no doubt have sustained his reputation had it appeared necessary. McGill at the time, however, had 33 points to Toronto's 12, a large enough lead to give a certain feeling of security. 'Varsity was able to score eight points in this event. Gurney (T.) won with apparent ease in 22 4-5
