

- (f) The competent authorities of any country or region through which a consignment of substances is permitted to pass shall take all due measures to prevent the diversion of the consignment to a destination other than that named in the accompanying copy of the export authorization, unless the Government of the country or region through which the consignment is passing authorizes the diversion. The Government of the country or region of transit shall treat any requested diversion as if the diversion were an export from the country or region of transit to the country or region of new destination. If the diversion is authorized, the provisions of paragraph 1(e) shall also apply between the country or region of transit and the country or region which originally exported the consignment.
- (g) No consignment of substances, while in transit or whilst being stored in a bonded warehouse, may be subjected to any process which would change the nature of the substance in question. The packing may not be altered without the permission of the competent authorities.
- (h) The provisions of sub-paragraphs (e) to (g) relating to the passage of substances through the territory of a Party do not apply where the consignment in question is transported by aircraft which does not land in the country or region of transit. If the aircraft lands in any such country or region, those provisions shall be applied so far as circumstances require.
- (i) The provisions of this paragraph are without prejudice to the provisions of any international agreements which limit the control which may be exercised by any of the Parties over such substances in transit.

ARTICLE 13

Prohibition of and restrictions on export and import

1. A Party may notify all the other Parties through the Secretary-General that it prohibits the import into its country or into one of its regions of one or more substances in Schedule II, III or IV, specified in its notification. Any such notification shall specify the name of the substance as designated in Schedule II, III or IV.
2. If a Party has been notified of a prohibition pursuant to paragraph 1, it shall take measures to ensure that none of the substances specified in the notification is exported to the country or one of the regions of the notifying Party.
3. Notwithstanding the provisions of the preceding paragraphs, a Party which has given notification pursuant to paragraph 1 may authorize by special import licence in each case the import of specified quantities of the substances in question or preparations containing such substances. The issuing authority of the importing country shall send two copies of the special import licence, indicating the name and address of the importer and the exporter, to the competent authority of the exporting country or region, which may then authorize the exporter to make the shipment. One copy of the special import licence, duly endorsed by the competent authority of the exporting country or region, shall accompany the shipment.
