

- a) In April 1974, Canada will send to China a nine-member team for a period of one month to learn the technique of acupuncture analgesia.
- b) In September 1974, China will send to Canada a nine-member team, being three groups of three persons, for one to two months, to study neurophysiology, organ-transplantation and the artificial kidney.
- c) In 1974, China will send two scientists to McGill University for one month under the Bethune Lectureship.
- d) Also in 1974, preparation will be made for China to send to Canada, about January 1975, a five-member team to demonstrate acupuncture analgesia and to teach it to Canadian scientists and practitioners.
- e) At the end of 1974, Canadian and Chinese representatives will meet again to discuss exchanges in the medical science and health-care field for 1975.

Science and technology

Following upon the highly successful visit to China of the Canadian scientific delegation led by Minister Sauvé, Premier Chou and I agreed that, for the mutual benefit of scientific research in Canada and in China, there should be a number of exchanges during the course of 1974. China will send to Canada delegations of scientists to study the fields of laser research, coal-mining by the open-cast method, seismology, fisheries and forestry. Canada will send to China delegations in the fields of coal-mining by hydraulic power, metrology, fisheries, forestry and pest-control.

Cultural, academic,
sport and media

In the area of cultural, academic, sport and media exchange, the Premier and I have discussed the following for 1974: China has agreed in principle to be host to a Canadian symphony orchestra and to an exhibition of Canadian paintings from the collection of the National Gallery. Canada will receive an exhibition of Chinese historic relics now on show in London. We have also noted China's intention to participate next year in Man and His World in Montreal through an exhibition of traditional-style paintings and handicrafts. The same exhibition may also go to Vancouver. China has accepted a gift of books on Canada to be given, over a period of five years, to a Chinese University.

With regard to academic exchanges, both the Premier and I are pleased with the arrangement already concluded which allows for an exchange of 20 students each way each year for the next two years. We have also agreed upon an exchange of professors, to begin, if
