SIXTY-SIXTH ANNUAL REPORT -OF THE-

Consumers' Gas Company WILL OPPOSE SITE OF TORONTO

In presenting to the Stockholders the Sixty-sixth Annual Report of North Riverdale Ratepayers Ratepayers Urge Township the Company, with the accompanying financial statements, it affords the Directors pleasure to be able to exhibit increases in the consumption of Gas, in the number of consumers, in gross revenue and net earnings. That these results have been realized notwithstanding the keen competition which has been met with, is very gratifying to the Directors, as it will

During the year 6,918 new Services have been installed, and more than 46 Miles of Street Mains have been laid; this being the largest mileage of Mains laid by the Company in any one year in its history. A considerable proportion of these pipes are of 24 in. and 36 in. sizes, required as additional trunk lines. When it is borne in mind that the quantity of Gas put out during the past year is nearly double the quantity sold six years ago, the necessity for this large increase in the Company's system of trunk mains will be apparent.

Further considerable increases have been made in the assessed value of the Company's property for Municipal Taxation, which necessarily increases the cost of our production.

A Special Meeting of the Shareholders was held on March 3rd, 1914, for the purpose of passing certain By-laws, and in accordance with these By-laws application was made for Supplementary Letters Patent, which were granted on August 28th, 1914, enlarging and extending the powers

Your Directors sold by public tender on December 15th, 1913, Three Thousand One Hundred and Forty (3,140) Shares of the Company's Capital stock, having a par value of One Hundred and Fifty-seven Thousand Dollars (\$157,000.00), and the premium realized amounted to Ninety-seven Thousand Two Hundred and Sixty-two Dollars and Fifty Cents (\$97,262.50).

In view of the unfavorable financial conditions prevailing during the later months of the year just closed, your Directors have not considered it desirable to make any further issue of Capital Stock, but made arrangements with the Company's bankers for the provision, on reasonable terms, of such funds as were required by the Company.

OF INCINERATOR

to Interview Board of

Control.

Eight Hundred Have Joined All Township Has to Do is to Training Corps in Ward One.

President Dr. McDonald and a strong deputation from North Riverdale Rate-payers' Association will make a vigorous protest tomorrow morning at the board of control against the location of the incineration plant on the proposed Don site, just north of Wilton avenue. The executive of the North Riverdale Association held a conference yesterday at the office of the president and indignation was expressed regarding what they termed "this new infliction" being sprung upon the residents and property owners of the district. They also decided to argue before the board of control that while it would be injurious to property values in the thickly populated neighborhood just east of it, the location was not so well suited for the purposes at the extreme south of Ward One, where it might be included in the Ashbridge Bay improvement scheme. The association will make the strongest possible fight against the Don-Wilton avenue location.

As the result of a warm discussion in Cook's Hall, St. John's road, last night, the executive of the Runnymede Liberal-Conservative, Association will ask Reeve George Symes and the members of the York Township Council to attend the next meeting of the association on Monday, Nov. 2, for the purpose of going thoroly into the question of street and home lighting for the township.

Jack Begley, as one of the deputation which waited upon the Ontario Hydro Commission, reported the result of the executive of the Runnymede Liberal-Conservative, Association will ask Reeve George Symes and the members of the York Township Council to attend the next meeting of the association on Monday, Nov. 2, for the purpose of going thoroly into the question of street and home lighting for the township.

Jack Begley, as one of the deputation which waited upon the Ontario Hydro Commission, reported the result of the conference. Sir Adam Beck, he said, had placed matters very clearly sfore the deputation. All the township side of the conference of the result of a warm discussion in Cook's Hall, St. John's road, last night

Eight Hundred Enrolled.

About 800 men have been enrolled in the Ward One corps of the Toronto Military Training Association. This will be increased to 1000, as several additional districts will be organized. Frankland corps has had the largest muster with 289. The Duke of Connaught School district will hold an organization meeting on Friday night.

Dr. Noble, W. Croft and Dr. McDaniel organized a training corps last night at Pine avenue school. Organization meetings will be held on Thursday night at Park and George schools.

New Library.

East Toronto will soon have a public library. In accordance with the arrangements made by the Jibrary board after a vigorous agitation by the East Toronto Ratepayers' Association, library rooms are being prepared in the Y.M.C.A. building, corner of Gerrard and Main streets. It is expected that the alterations and equipment will be completed within the next ten days.

LAND DRAINAGE EFFECTED BY C.P.R. IMPROVEMENT

Scarboro Council Will Ask Company to Replace Necessary Drains.

Scarboro Township Council decided yesterday to rebuild the bridge over the Rouge River near Pickering town line, north of Highland Creek, which collapsed a few months ago after an automobile had crossed it. The council also inspected the bridges and culverts along the new double-track line of the C.P.R. In some places it was found that the drainage of adjoining land had been affected, and the company will be asked to install the necessary culverts. WOODBINE AVE. ROADWAY DISCUSSED IN COURT

City Solicitor Denies That Protruding Stump Caused Fatal Accident.

President Kennedy of the Rhodes Avenue Ratepayers' Association has received word from the east end trustees that the non-employment problem in that district will be to some extent relieved early next month by mark being stated. carly next month by work being started on a six-room addition to Roden School. This will be the third wing added to the school since the district was annexed to the city. The addition will cost about \$40,000.

RODEN SCHOOL ADDITION WILL GO ON AT ONCE

Assistant City Solicitor Essery gave evidence as to the condition of Woodbine avenue roadway when the case of Marriott v. Toronto was being heard. Mrs. Marriott claims \$10000 from the city alleging that her husband's death on May 4, when he fell from a wagon and sustained injuries which proved fatal, was due to the bad condition of the road on Woodbine avenue. Mr. Essery was due to the bad condition of the road on Woodbine avenue. Mr. Essery said that he, along with other officials of the city, had covered the ground shortly after the accident, and altho they had discovered a small stump sticking up from the ground it was only a small shoot. It was claimed by the plaintiff that a stump measuring ten inches to shoot. It was claimed by the plaintiff that a stump measuring ten inches in diameter and rising from the ground for more than six inches had been the cause of the joit which threw Mr. Marriott from the wagon and resulted in his death.

KINGSTON ROAD HOUSE DESTROYED BY FIRE

Otto Heindel's house, opposite Stop 18 Kingston road, was destroyed by fire early yesterday morning. The blaze originated in the cellar, and made such head way before it was discovered that the family had to escape thru a window on the second floor. An alarm was sent in to the East Toronto Station, but the fire men could do little for lack of water. The total damage to building and contents is estimated at \$6000.

TO BUILD NEW SCHOOL IN DANFORTH DISTRICT

Contracts for a \$60,000 public school fronting on Johnson street, just east of the terminus of the Danforth avenue civic cay line will be awarded at the next meeting of the trustees of the school section. The plans provide for an attractive two-storey building of stone, terra cotta, steel and brick construction.

Frederick Fisher of Brown's Corners Frederick Fisher of Brown's Corners was thrown from his rig and badly injured on Sunday near Markham Village, when the horse he was driving shied at a passing auto. The driver of the automobile conveyed him to Markham, where Dr. McDonald and Dr. Young attended him. They found that Mr. Fisher was suffering from compound fracture of the leg. besides being badly bruised and shield in up.

HYDRO AGITATION

Council to Enter Into Agreement.

EAST TORONTO NEWS PROMISED CITY WATER

the people on Jan. 1, so that the council should be empowered to enter into an agreement with a private company for street lighting. He had seen Mr. Royce, who was prepared to instal lighting in Runnymede on a five-year contract

contract.

If the township was to enter into competition, the city installations in the township must be stopped. Under the present conditions, the council was simply forcing the people to purchase light from the only available supply

supply.

Other Districts Served.

Streetsville, Cooksville, Dixie, Summerville were all well lit by the hydro, and, he said, there were not as many houses in the whole of Summerville as on St. John's road.

"I don't believe," he proceeded, "the township council favors giving us Hydro light, and yet today it is buying power from Weston." I was an advocate of public ownership before the Hydro existed, and if that is all public ownership can do for Runnymede I would refuse to vote for the Queen's Park.

Weter Butter

Mr. Thomson stated that Reeve Syme had received a letter from Mayor Hocken saying the city was prepared to give water to the township provided the mains were big enough. The town-ship would extend mains as local imship would extend mains as local improvements and pay for any enlargement of City mains necessary.

TORONTO SUBURBAN INTENDS TO APPEAL

Will Take Matter of West Toronto Extensions to Privy Council.

In conversation with one of the di rectors of the Toronto Suburban Rail-way Company, which concern was first ordered by the Ontario railway board to construct single lines along Annette and Keele streets, and last week turned down in its appeal at Osgoode Hall, The World was informed that the appeal would be carried to the privy council in England.

The director who requested that his name be not mentioned, questioned the assertion that relief in the way of transportation was needed for West Toronto. In any case he declared it impossible during the present condition of the money market to raise sufficient funds to carry out the On-tario railway board's order. According to The World's informant the company never expected to win its case at Osgoode Hall, and the intention from the first was to carry the case to the highest court in the em-

A Woman's Way

Who says a woman's part is only "watch and wait"?

True, a woman cannot shoulder a rifle and go to the front, but there is a way in which she can help and which is just as important. That way is in supporting the prosperity of Canada.

Women do the buying. A million of them in Canada are buying, every day, most of the necessities and luxuries for eight million people, expending and influencing the expenditure of perhaps a billion dollars

At present much of that expenditure goes for imported products.

Suppose it were all switched to Canadian-made goods. Think how many Canadian workmen would be kept busy supplying this enormous demand! Think what it would mean to Canadian industries! Think what an era of prosperity it would create!

This is a woman's way to help. To create prosperity for Canada, to lay forever the spectre of unemployment, to create resources to carry on the war.

It's very easy too, just
