

NEW PASTOR'S FIRST SUNDAY SPENT IN THE CONGREGATION

Rev. George Jackson, Who Takes Pulpit at Sherbourne Street Methodist Church, Attended There as a Worshipper on Sunday Last.

Many attendants at the morning service at Sherbourne-street Methodist Church who have been looking forward to the arrival of their new pastor, Rev. George Jackson of Edinburgh, were not aware of the fact that he was even then worshipping in their midst.

Mr. Jackson arrived with his family on the Virginian at Montreal early Saturday morning and came thru the same day to Toronto. On Sunday he quietly attended the Sherbourne-street Methodist Church in the morning and the Metropolitan Church in the evening. He will preach at the Sherbourne-street Methodist Church on next Sunday, both at the morning and evening services.

Mr. Jackson is an unassuming gentleman of pleasing address and most cordially welcomed. The World reporter: "I am very glad to be in Toronto," he said; "it seems to be quite a stronghold of Methodism, and indeed I think that is true of Ontario. We are not very strong in Scotland, there are but three Methodist churches in all Edinburgh."

"I had been in Edinburgh for 15 years," he began my work there as a Wesleyan Methodist. But I have been twice in Canada before this, so I do not feel at all like a stranger. "Something was said respecting the

BAD FIRE IN ESPLANADE.

About \$15,000 Loss at Frankel Bros' Rag Warehouse.

A brisk blaze provided the east end sections of the fire department with an all-day job yesterday.

A spark from a passing engine is blamed by the proprietors, Frankel Bros., for having set fire to their rag warehouse, the old G.T.R. freight shed at the foot of Beesley-street at 10:30 yesterday morning. It got a good start, and when the firemen did arrive the pressure was very poor. It was not until Chief Thompson got the Berkeley and Lombard-street engines into action, giving four good streams, that the flames were held in check.

The contents of the warehouse, cotton and woolen rags in bales, had to be turned over and drenched, and it was not until 7 p.m. that the firemen left. About three-quarters of the building was destroyed. It is owned by the G.T.R. and is valued at about \$3000. Frankel Bros. estimate their loss at about \$15,000; covered by insurance in the Atlas, Commercial Union, Home of New York and Hartford.

Chief Thompson will have enquiries made as to why the pressure was so inadequate. The surrounding property, such as freight cars, storehouses, and, not far away, the big gas tank, make the place a dangerous one.

Winnipeg's Day of Fate. The Manitoba Board of Fire Underwriters will meet in Winnipeg to-day to decide as to what shall be done to protect insurance companies in the downtown sections while the inadequate system of fire protection provided by the city has to be reckoned with.

REV. GEORGE JACKSON. Early Methodist missionaries in the Bay of Quinte district. "That reminds me," he said, "I attended, some years ago, the Bay of Quinte Conference, preached at Nanapan and at Kingston."

Mr. Jackson, a sturdy, handsome man of 50, entered the room. "The mosquitoes seem to bother him a great deal," said his father. The reporter expressed his surprise at there being any mosquitoes in Toronto. "Well, I must admit," said Mr. Jackson, "that I have never observed them except at night."

FLOWER SHOW AT GUELPH.

Sixth Annual Convention of Horticultural Association. Guelph, Aug. 29.—(Special)—The sixth annual convention of the Canadian Horticultural Association is in progress at the Ontario Agricultural College. Over one hundred delegates are present.

In the absence of President G. C. Creelman, O. A. C., who was prevented from being present by the death of his brother, Alexander Creelman, the address of welcome was delivered by Prof. Reynolds, A. C. Wiltshire of Montreal responded.

The principal question was: How many stock plants of geraniums should be kept to produce 4000 salable plants? E. D. Mepsted of Ottawa said 150 would be required; a Hamilton delegate said 200.

The floral exhibit was not as large as usual, but was a creditable one. Some fine specimens of foliage plants were on display. Certificates of merit were awarded to A. Gilchrist, Toronto; R. Brooks, Ferguson; J. Gammage, London; and W. Colvin, Galt.

Mr. Campbell showed a new specimen of gladiolus. This evening the convention listened to a lecture by H. S. Arkell, B. A., and other addresses.

HURT WHILE BOWLING.

Son of Rev. Elmore Harris Operated on in Muskoka. Windermere, Aug. 29.—About a month ago Frank Harris, son of Rev. Dr. Elmore Harris of Toronto, while playing with bowling balls, accidentally struck himself on the forehead. It did not trouble him again until about ten days ago, when he was taken sick.

Dr. Bruce of Toronto was sent for, and he, with Dr. Porter, operated on Harris this morning. They found a slight fracture of the skull, and Harris now lies in a critical condition at his summer residence here.

Divorce Damages Reduced. An application was made in the divorce court by Frank Percy Ashlin, who obtained a decree nisi with a verdict of \$500 damages in June last, for permission to amend his petition, in which he asked for only \$250 damages, so as to bring his claim up to the larger sum. Mr. Justice Bargarva, however, refused to grant the application, and reduced the verdict to \$250.

Westminster's Sand Island. The contractor who removed the foundations of the old Aqueduct to make room for the Wesleyan Church House, found that the building was erected on a bed of sand. Westminster Abbey and the new Wesleyan Church House will, therefore, occupy a bed of sand, for the neighboring buildings stand on clay soil.

Laborer's Drink Bill. A laborer who was 32, 6d a week started at an inquest on one of his children at Lambeth yesterday that, as a rule, he had six glasses of beer a day and his wife had three. Their daily average expenditure on liquor was thus ninepence, or more than 16 per cent of their income.

FUR STYLES

It's not all in the looks of the article you buy that gives it value—You know that—But when you tie style up with the quality and the value you buy in the furs we sell you can just about figure it that you've got your money's worth.

This is opening week in the furs department—and as far as it feels from fur weather it's surprising how many people have been mere than generous in placing their orders—and visitors, tourists and travelers have found out what a reputation for dependability such as we enjoy means to them—and it's "FAIR-WEATHER'S" furs for hundreds of them as a matter of course—

We invite you to see—We ask you to compare—and criticize—it will pay you—Remember we do not sell all the furs—but all the furs we do sell are good furs—We make them—and we guarantee them.

THRILLING TALE OF THE SEA.

Sailor's Body Taken by Wild Beasts. A thrilling account of periods adventures at sea was told at Cardiff by members of the British steamer Troutport, which stranded at Point de Paloma, South America, on the night of the 15th.

The body of a man was found on the beach. The dinghy was overturned, and three of its occupants who clung to it were eventually rescued. The chief engineer and Frank Okey, boatman, tried to swim to the shore.

"I was drawn back three times by the ebbling surf," said Okey, "but the next time I touched bottom I anchored myself by digging my fingers and feet in the sand. I managed in this way to hold on until the sea pulled me, but I had reached shore before the boat was carried away. I was afloat for three days, and during that time I ate a heavy piece of timber from the wreck."

"One of the sailors tried to reach us with a life-line on the following day, but he had to give up when he saw that we were in an exhausted condition. There were then three of us on that desolate beach, and we stayed there three days and nights."

"Meantime tugs came up from Monte Video, and when the sea subsided somewhat we were rescued. The whole cargo of the Troutport, 4000 tons, was jettisoned, and the vessel was hoisted and towed to Rosario, where she was repaired."

A Million Immigrants. The total number of aliens who passed thru the Ellis Island immigrant station in New York during the fiscal year ended June 30 last was 255,915, an increase of over 100,000 as compared with 1905. They brought with them about \$4,000,000.
