IT'S BOODLE FOR THEM ALL

Continued from page 6. point until they disappear. The geological conformations are indications in many cases where the mines are likely to be. The following points are worthy of consideration:

1. Generally on or near the Huronian deposits the hills are found. Usually in the neighborhood of granitic intrusive rock. 2. Almost exclusively in the Lake of the Woods region in quartz rock. 3. According to Lawson, in many instances the Laurentian strata are overlaid on the shore of the lake by strata of Huronian rock.

(c) Big Stone Bay has in its neighborhood a number of localities and the Master Jack is being worked. (d) The neighborhood of White Fish Bay, to the east of the Grande Presqu'île, has the Regina, Mascotte and many other localities. (e) The Shoal Lake, on the west side of the lake, in the vicinity of the Mikado, Gold Coin and many others occur, has received attention. The Wabigoon district, lies Huronian horizon, and is being explored and examined. Though belonging to the Huronian, as being one of its tributaries, yet the Seine River, running along a stretch of Huronian rocks, lies very little south, and is within two degrees east of the south end of the Lake of the Woods.

These are but very few of the many points taken up by companies and prospectors. The nature of them are well-paying properties does not say that they are the only rich mines. The districts quoted are scattered over no less a region than of fifty miles square. There seems no good ground for saying that all the good localities are taken.

Torontonians Interested. Torontonians are becoming interested in Rat Portage property. William C. Fox reports the sale of fifty acres in Rat Portage. This makes about 75 acres Mr. Fox has sold within the past few days in this growing town.

Cumbers and mecons are "foetid fruit" to many persons so constituted that they are liable to cholera, dysentery, griping, etc. These persons should be warned to avoid them. A Seaforth lady gives an account of her rescue from a lifelong ailment: "Ever since I can remember I have suffered from weak action of the heart. For some time past it grew constantly worse, reducing my health to a very low state. I frequently had such sharp pains under my heart that I was fearful if I drew a long breath it would cause death. In going upstairs I had to stop to rest and regain breath. When my children made a noise while playing I would be so overcome with nervousness and weakness that I could not do anything and had to sit down to regain composure. Orienting my heart would result in dizziness. My memory became uncertain and sleep deserted me. I was then taking Milburn's Heart and Nerve Pills, which I got at Mr. Fen's drug store, and as a result I was much better. I have improved in health and strength rapidly since commencing this treatment. My sleep is restored to me. My heart is much stronger, and the oppressive sensation in it has vanished. I can now go upstairs without stopping, and with the greatest ease, and I no longer suffer from dizziness or headache. It seems to me the circulation of my blood has become healthy and normal. I have recovered the coldness from my limbs. I can truly say that Milburn's Heart and Nerve Pills have done me a world of good." (Signed) Mrs. James Constable, Seaforth, Ont.

Mrs. Constable is the wife of Mr. James Constable, who has been a resident of Seaforth for many years. She and her husband are well known in Seaforth and the surrounding country. Laxa Liver Pills cure constipation, biliousness and sick headache; etc.
