This balm cleared her skin when everything else failed. The terrible effects of Eczema, so unsightly to everybody, so painful to the sufferer, cannot be fully appreciated except by persons who are victims of this disease. Zam-Buk by its wonderful healing virtue and its peculiar power of toning up the skin has won for itself the most wonderful reputation.

Miss Susan Peake, 49 Edward St., Toronto says: "A year ago last Spring my arms and face broke out with Eczema. Not only was it troublesome and painful, bu very unsightly too. I used various kinds of salves and ointments, but received no benefit until I began with Zam-Buk. I first heard of this remedy through a friend who had been cured of a long standing case of Eczema by using Zam, Buk. The very first application seemed different from other ointments used; it relieved the terrible itching, and also soothed the pain. In a very short time after commencing with the Zam-Buk treatment I was cured entirely of Eczema. My arms and face were so smooth and clean from any pimples or rash as they had ever been. I have since kept a box by me in case I should need it at any time. I find it

very good for chapped hands or roughness of the skin after washing. I can recommend it to anyone afflicted as I have been. You have my permission to use this, also my photo in any publication.
