Market Notes.

M. P. Mallon reports poultry market as being quiet. The storms during the week prevented supplies of fresh killed poultry from arriving, and caused dealers to draw from their cold storage rooms, which kept prices steady on the wholesale market.

If fine weather prevails during the coming week, look out for heavy markets of all kinds of farm produce.

One possible influence in shaping our mcney market's attitude will be the important loan operations pending at London, Paris and Berlin. They will come to a head by April, and will probably include a large Russian government

issue. er. A record-breaking supply from the new Argentine crop would possibly prevent any advance of consequence; but the trade bases its views on the fact that consumers' requirements for the second half of the present season will be large, while the European crop is undoubtedly 320,000,000 to 400,000,000

COUPLING UP THE LINKS ON GRAND TRUNK PACIFIC

Division From Thunder Bay to Superior Junction May Be Ready Next May.

MONTREAL, Feb. 9.-(Special.)-From official sources and from contractors now gathered in Ottawa and Montreal, in view of the transcontinental and Grand Trunk Pacific contracts which are about to be given out, some later information respecting the progress of those enterprises has been forthcoming.

The statement was made not long since on the authority of a very experienced contractor that the section light, \$4.15 to \$4.45; mixed, \$4.20 to \$4.50; Junction on the main line being conheavy, \$4.20 to \$4.50; rough, \$4.20 to \$4.25; pigs, \$3.60 to \$4.20; bulk of sales, \$4.35 to \$4.45. commissioners to get the section immediately east of the McArthur contract into the hands of contractors at a very early day, and it is under-There are about 15 car loads of live stood that this will be done as soon as possible. Then it is stated that the famous McArthur contract of 275 the famous McArthur contract of 275 miles from Winnipeg to the Superior junction, which has been lagging somewhat during the past year owing to scarcity of labor, will be infused with new life in the early spring and that, too, may be completed by the fall of 1909 in time for the moving

of that year's crop.

Then it is also stated that Foley Brothers & Larsen's contract south of Edmonton will be in a very for ward state early in the spring, while the same firm will, it is said, only require a 12 months to complete their lately acquired contract from Edmon-

cording to our understanding, merely to get work for the American plant. Our experts find some encouragement, however, in the fact that raw materials are helding comparatively steady, in the face of cessation of demand.

LONDON, Feb. 8.—(C.A.P. Cable.)—
Canadian bacon is quoted at 44s to 48s; exceptional at 50s; cheese continues in subdued demand, but there is firmer feeling at late rates; finest colored is 64s to 65s; do., white, 63s to 64s; fine white, 61s to 62s.

Liverpool cables quote United States steers at 12c to 12 1-2c; Canadians, 111-2c to 12c; cows, 11s; bulls, 10c; trade is slow and market firm.

The month and 83 7-8 at the end of December, was due to three causes—scarcity of floating supplies in the market, such consideration and considerations both of purchases for the sinking fund and of easier money. The week's later reaction in price had some connection with the feeling that money rates will now remain fairly firm until the middle of March, after which the market will probably commence discounting the still greater ease expected for April.

WORK OF WELCOME LEAGUE.

Many Cases of Distress Are Being Cared For.

"Honesty and industry allied with stout hearts will overcome all difficulties and enable everyone to win out in this great land of glorious opportunities," so said Edmund Bristol, M.P., when addressing a crowded meeting of new arrivals at the British Welcome League on Saturday night.

The distress amongst the new arrivals in consequence of the cold weather and lack of work is very severe. During the past week the Welcome League has fed on an average 300.
