He went home and told his friends: "Buy Nipissing, quick." Nipissing is a Cobalt mine.

They naturally said: "Why?"

He told them why, still they hesitated. The stock began to go up. They hesitated still. It rose higher yet.

In spite of urging, they hesitated to buy. It got to its Top Notch. Then they could hesitate no longer, and plungedtoo late. The price fell to Rock Bottom. They didn't act at the proper time. Hundreds of men lost opportunities of making a fortune at that very same time, in that very same way.

NORTH TORONTO, Aug. 22.-(Spe cial.)-Lovers of good music in town are reminded of the meeting in the cial.)-Lovers of good music in town are reminded of the meeting in the town hall on Tuesday evening, when the matter of still further organizing the town band will be considered. The meetings already held, have been most encouraging, and demonstrate clearly that the project of a brass band is pop-

ular and will be a big success. President S. J. Douglas, and the other officers and members of the executive are anxious that all those who would like to join should be on hand in good time on Tuesday evening, 8 o'clock sharp, and at the same time report as to instruments if any owned by them. Let there be a rousing rally on Tuesday night.

The special meeting of the town coun-cil rendered necessary by absence of a number of members at the last meeting has been called for Tuesday evening. In all the local churches to-day there

was a fair attendance. Saturday afternoon was a busy time

among real estate men. Many pros-pective buyers were shown around by the local property owners or their representatives. Councillor Parke was yesterday re-

ported as doing nicely and showing fair funeral will take, place on Monday at 2.30 p.m. to Prospect Cemetery.
