#### YORK TOWNSHIP AND C.P.R. GETTING NEARER

Strenuous Conference on Monday Help Outleak Some—Trouble May Be Solved.

The construction of a 30-foot subway at the Elizabeth-street crossing, another 30-foot subway at the Jane-street crossing, and the cost of an enlarged subway, if such is ever deemed necessary, is the subject of a practical conference at between the members of the York Township Council and the C.P.R. representatives on Monday afternoon. It was a long and strenuous session, and the township representatives, with Reeve Henry in charge, practically fought every foot of their way. For the township in addition to Barker and Syme and Councillor Griffith and Assessment Commissioner Clarke.

The C.P.R. appeared Superintendent Osborne, Engineer Hertzberg and Solicitor Walker, with Allan Royce acting in an advisory capacity. For nearly an hour the representatives of the C.P.R. and the township were in conference, and the latter, in the person of Reeve Henry, in charge, practically fought every foot of their way. For the township in addition to Barker and Syme and Councillor Griffith and Assessment Commissioner Clarke.

Mr. Osborne then reviewed in detail some of the improvements under way, as the Mimico "cut-through" branching from a short distance beyond Islington to the West Toronto yards, and the line running to Hamilton, which must divert the freight coming in over the Hamilton line to West Toronto to relieve the congestion in the latter street yards, said he. "We have now a double track to Hamilton, and this will be at once extended westward, and will have big plans, and the enlargement of the West Toronto yards is a part of them." Mr. Osborne spoke further with respect to C.P.R. plans.

Engineer Hertzberg and Allan Royce added their views, but Reeve Henry and council were insistent at the outset that, while the Scarborough and Jane-street crossings should be at least a 20-foot subway, and so matters were for a time adjourned.

As a last resort Reeve Henry then submitted a proposition to which the C.P.R. representatives, after some murmuring, but finally a possible compromise was effected. Reeve Henry's proposal was, in brief, to reserve to the municipality the right to demand the widening of the Jane-street subway up to the originally existing 48 feet. The C.P.R. representatives would only concede this point in view of a release from the costs attached, and which may never eventuate.

Altogether, in view of the fact that the company will expend a large sum of money in developing the district and three good subway crossings will be built, obtaining all level crossing risks, coupled with the fact that Reeve George Syme and other representatives proposed to have endorsed the proposed settlement, a suggested arrangement will in all probability be carried out.

### NORTH TORONTO.

**Wagstaffe's Luscious Exhibit.**  
One of the brightest, most attractive, and certainly one of the finest exhibits of its class at the exhibition this year, is that of Wagstaffe's, Limited, fruit preservers, of Hamilton. The reputation that these goods have established is due to the fact that it is the only factory of its kind in Canada. "Quality and palatability" has been the motto.

The wide assortment of jams, jellies, sealed fruits, preserved ginger, green figs, macedoines of fruits, mince meats, plum puddings, etc., are prepared in copper kettles, boiled in silver pails and packed in gold-lined pails and glass.
